INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Vendors Supply, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Vendors Supply, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C)[ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Vendors Supply, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Ascensus, LLC as of December 31, 2025 and 2024 stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vendors Supply, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vendors Supply, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vendors Supply, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vendors Supply, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosure relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
The supplemental schedule of Schedule H, Line 4I - Schedule of Assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

VENDORS SUPPLY, INC.

PROFIT SHARING PLAN

YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF PLAN

The following description of the Vendors Supply, Inc. ("Company") Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan covers all employees who have completed one year of service and have a minimum of 1,000 hours of service during the year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Assets of the Plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant account and any earnings thereon.

CONTRIBUTIONS

Each year the Company, at its discretion, contributes to the Plan. The contribution is not limited to the Company's net profits; however, the amounts allocated to participants cannot exceed the lesser of 100% of participant's compensation or $70,000 in 2025 and $69,000 in 2024. Total compensation for purposes of the allocation cannot exceed $350,000 in 2025 and $345,000 in 2024.

The Company added a salary deferral provision during the 2012 Plan year. The employees can elect to defer pre-tax contributions to the Plan. The elective deferral limit for 2025 and 2024 was $23,500 and $23,000, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The catch-up deferrals for qualified employees for 2025 was $7,500 and for 2024 was $7,500. Under the 2025 restatement, catch-up participants who attained ages 60 through 63 by plan year-end, were permitted an increased catch-up limit of $11,250. The Company has a discretionary match policy in place and is not required to match the elective deferrals of the participants. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more mutual funds, common collective trusts, and a money market fund.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's profit-sharing contribution and, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contribution is allocated to all eligible participants in the same proportion that each participant's compensation bears to the total compensation of all participants within their respective divisions of the Company for the plan year.

NOTE A - DESCRIPTION OF PLAN (continued)

PLAN AMENDMENTS

The Plan was originally adopted on January 1, 1995. Effective April 1, 2025, the Company amended and restated the Plan in its entirety. This amendment and restatement introduced a Roth elective deferral provision, allowing participants to make after-tax contributions to the Plan in addition to pre-tax deferrals.

COMPENSATION

Plan compensation is defined as the total cash remuneration paid to an employee as reported on Form W-2, Wage and Tax Statement, plus elective deferrals. Specifically excluded from the definition of Plan compensation are Christmas bonuses, service awards, automobile allowances, imputed income related to the personal use of a company vehicle, and short-term disability payments.

FORFEITED ACCOUNTS

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $2,494 and $6,599 respectively. These accounts may be used to pay plan expenses or be allocated to all eligible participants in the same proportion that each participant's compensation bears to the total compensation of all participants for the plan year. Also, in 2025 and 2024, administrative fees were reduced by $9,783 and $5,742, respectively, from forfeited nonvested accounts.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants become fully vested in the Company's discretionary contributions after six years of service with the Company or if employment terminates due to death, disability, or retirement on or after age 55.

DISTRIBUTIONS

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum distribution, rollover the vested interest, or receive the vested interest over the assumed life expectancy of the participant at the time of distribution. For termination of service due to other reasons, a participant may receive the value of his or her vested interest in a lump-sum.

PARTICIPANT INVESTMENT ROLLOVERS

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. The Plan has invested in various funds which are held by Ascensus Trust Company as of December 31, 2025 and 2024 (see Note H).

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

CONTRIBUTIONS

Contributions from employees are recorded in the period in which the Company makes the payroll deductions from participant earnings. Contributions from the Company are recorded in the period in which the Company allocates the contributions for the year.

DISTRIBUTIONS

Distributions are recorded when paid.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Administrative expenses of the plan are allocated to participant accounts.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of certain assets, liabilities, and disclosures. Accordingly, actual results may differ from those estimates.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 1, 2026, the date the financial statements were available to be issued.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE D - INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - FAIR MARKET MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE E - FAIR MARKET MEASUREMENTS (Continued)

The following is a description of the valuation methodologies and inputs used for asset measurement at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. Participants transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor requires a 12-month notice period in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,149,526	—	—	$1,149,526
Interest-bearing Cash	6			6
Common collective trust funds measured at net asset Value as practical expedient				3,949,844
Total assets at fair value				$5,099,376

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$1,238,251	—	—	$1,238,251
Interest-bearing Cash	6			6
Common collective trust funds measured at net asset Value as practical expedient				3,332,444
Total assets at fair value				$4,570,701

NOTE E - FAIR MARKET MEASUREMENTS (Continued)

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfer of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025 and 2024, there were no transfers of investments into or out of Level 3.

NOTE F - RELATED PARTY TRANSACTION AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of common collective trusts managed by Resources Investment Advisors, LLC. Resource Investment Advisors is the investment advisor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Ascensus, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies (i.e. mutual funds) and Common Collective Trust Funds. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
