Report of Independent Auditors

The Participants and Plan Administrator
of The Hershey Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of The Hershey Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in accompanying the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A member firm of Ernst & Young Global Limited

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

A member firm of Ernst & Young Global Limited

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Other Auditors on 2024 Financial Statements

Another auditor performed an audit on the financial statements of the Plan as of and for the year ended December 31, 2024. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated October 10, 2025, they indicated that in their opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of The Hershey Company 401(k) Plan (the "Plan") provides general information about the Plan's provisions. The Hershey Company and subsidiaries (the "Company") is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan that covers eligible employees of the Company, with eligibility starting as of the date of hire, provided the employee completes one hour of service and is on the U.S. payroll. Eligible full-time and continuous part-time employees are automatically enrolled in the Plan on the first day of employment unless they waive participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company's Benefits Committee is responsible for the general administration of the Plan.

Effective October 25, 2024, Weaver Popcorn Manufacturing, Inc. ("Weaver") became a participating company under the Plan. Employees who were an employee of Weaver on October 25, 2024, or are hired by Weaver on or after October 25, 2024, are eligible to participate in the Plan if they otherwise satisfy the eligibility requirements.

Contributions

Participants may elect to contribute from 1% to 75% of their eligible earnings, on a combined pre-tax, Rother after-tax, and traditional after-tax basis, up to the maximum amounts permitted under by annual Internal Revenue Service guidelines. The Plan has Roth-in-plan conversion feature. For 2025 and 2024, participant contributions were matched each pay period at: 100% on the first 1%, and 70% on the next 6% of eligible earnings for all eligible employees not covered by a collective bargaining agreement. Eligible West Hershey plant hourly and Hazleton plant hourly employees covered by a collective bargaining agreement received a match of 75% on the first 6% of eligible earnings. If automatically enrolled, a participant's deferral is set at a 4% pre-tax contribution rate of eligible compensation until changed by the participant. The automatic deferral percentage increases by 1% each year on the anniversary date of the participant's automatic enrollment date but will not exceed 10% of compensation. Participants may also contribute amounts representing distributions and/or transfers from other qualified defined benefit or defined contribution plans.

Eligible salaried and hourly employees not covered by a collective bargaining agreement who were hired on or after January 1, 2007, eligible West Hershey plant hourly employees hired on or after January 1, 2008, and eligible Hazleton plant hourly employees hired on or after January 1, 2011, receive an annual Core Retirement Contribution ("CRC") equal to 3% of eligible compensation, subject to a minimum contribution of $1,500 for full time employees and $500 for part-time employees. Eligible employees are not required to contribute to the Plan; however, to receive a CRC, they must be at least 21 years of age and employed by the Company on December 31. Employees who are covered by The Hershey Retirement Plan for Salaried and Hourly Employees are not eligible to receive a CRC.

The Company also provides an annual Supplemental Retirement Contribution ("SRC") for eligible employees who are under age 45 and are employed by the Company as a full-time employee on December 31 or April 30 of that year. SRC is provided to employees who are no longer eligible for the Company's retiree medical program to help pay for future retiree medical costs or other after-retirement expenses. The SRC is based on an employee's age, marital status and years of service.

All contributions are subject to certain limitations of the Internal Revenue Code ("IRC").

Upon enrollment, a participant may direct the investment of employee and Company contributions to any of the Plan's fund options. Participants may change their investment options at any time. Participants that are automatically enrolled have their initial contributions invested in a Vanguard Target Retirement Trust, based upon their anticipated retirement dates until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

A separate account is maintained for each investment option of a participant by type of contribution. Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of Plan earnings and is charged with the investment fund's underlying administrative expenses. Plan earnings are allocated based upon the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately vest in their own contributions and actual earnings or losses thereon. In addition, a participant's interest in the Company's contributions vests at the completion of two years of service (three years of service for West Hershey and Hazleton plant hourly participants) with the Company, retirement, death, disability, or attainment of age 65, as defined by the Plan, subject to terms of employees covered by a collective bargaining agreement. Employees covered under certain severance or early retirement plans are vested 100% upon their release date.

Notes Receivable from Participants

Participants may borrow from their fund accounts (excluding CRC and SRC balances) a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. This amount will be transferred from the participant's account and placed in a separate participant loan fund. Interest is charged on participant loans is credited to the individual participant accounts.

The term of the loan may not exceed five years unless it qualifies as a primary residence loan, in which case the loan may not exceed fifteen years. Participant loans are collateralized by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator to be reasonable at the time of the loan application. Loans are limited to amounts for which monthly repayment is equal to 20% of participants' monthly compensation, with principal and interest paid through payroll deductions. As of December 31, 2025 and 2024, participant loans are shown as a receivable of the Plan. Interest rates on loans outstanding as of December 31, 2025 ranged from 4.25% to 10.50%.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the vested portion of a participant's account, less any loans outstanding, may be distributed in a lump sum or annual installments. Participants who terminate employment on or after attainment of age 55 are permitted to take installment distributions of their vested plan benefits. In addition, hardship withdrawals are permitted if certain criteria are met. Hardship withdrawals do not require a suspension of contributions to the Plan. Employees terminating employment at age 55 or

older may also elect to rollover their balance in The Hershey Company Retirement Plan for Salaried and Hourly Employees into their Plan account.

Forfeited Accounts

If participants separate from service before becoming fully vested in their accounts, the portion of the account attributable to nonvested Company contributions and predecessor plans, plus/minus actual earnings or losses thereon is forfeited. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay Plan expenses. During the year ended December 31, 2025, Company matching contributions were reduced by $1,860,000 from forfeited nonvested accounts. Forfeited nonvested balances totaled $1,416,785 and $1,808,956 as of December 31, 2025 and 2024, respectively.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, and transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Participants pay loan origination fees, hardship withdrawal fees, Fidelity managed account program fees, and Qualified Domestic Relations Order (QDRO) fees, as applicable.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's net assets available for benefits, after Plan expenses, will be distributed to each participant according to his or her account balance, which will fully vest immediately.

(2) Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with U.S. generally accepted accounting principles (“GAAP”).

Use of Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan holds a Hershey Company Fixed Income Fund (the "Fixed Income Fund") that invests in a traditional investment contract ("GIC"), synthetic investment contracts ("synthetic GIC"), and a money market mutual fund. The GIC and synthetic meet the fully benefit-responsive investment contract criteria and, therefore, are included in the accompanying financial statements at contract value (see Note 5). Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are recorded as a component of dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Interest income on notes receivable from participants is recorded when it is earned. Participants pay administrative fees upon request of a loan and throughout the duration of the repayment period.

Contributions

Participant contributions and the Company contributions are recorded in the year in which the participant contributions are withheld from compensation.

(3) Investments

The Plan is administered by the Employee Benefits Administrative Committee (Committee) delegated by the Employee Benefits Committee who is appointed by the Board of Directors of the Company. The investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), as trustee of the Plan.

(4) Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1	Financial assets and liabilities whose values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
Level 2	Financial assets and liabilities whose values are based on the following: a) Quoted prices for similar assets or liabilities in active markets; b) Quoted prices for identical or similar assets or liabilities in non-active markets; c) Pricing models whose inputs are observable for substantially the full term of the asset or liability; and d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.
Level 3	Financial assets and liabilities who values are based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. these inputs reflect management's own judgment about the assumptions that a market participant would use in pricing the asset or liability.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measure in its entirety.

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels as of December 31, 2025:

	Quoted Prices in active markets of identical assets (Level 1)	Significant other observable inputs (Level 2)	Investments Using NAV as Practical Expedient	Total assets measured at fair value
Cash and cash equivalents	$ —	$ —	$ —	$ —
Registered investment companies	216,525,555	—	—	216,525,555
Common collective trusts and collective investment trusts	—	—	1,926,921,809	1,926,921,809
Investments at fair value	$ 216,525,555	$ —	$ 1,926,921,809	$ 2,143,447,364

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels as of December 31, 2024:

	Quoted Prices in active markets of identical assets (Level 1)	Significant other observable inputs (Level 2)	Investments Using NAV as Practical Expedient	Total assets measured at fair value
Cash and cash equivalents	$ —	$ —	$ 2,652,210	$ 2,652,210
Registered investment companies	921,018,752	—	—	921,018,752
Common collective trusts and collective investment trusts	—	—	1,020,620,394	1,020,620,394
Money market fund	—	1,916,399	—	1,916,399
Investments at fair value	$ 921,018,752	$ 1,916,399	$ 1,023,272,604	$ 1,946,207,755

The Plan’s Level 1 investments in registered investment companies are quoted at market prices, which represent the net asset value of shares held by the Plan at the end of the year. Net asset value (NAV) of the common collective trusts and collective investment trusts reported as practical expedient is determined based on the fair value of the underlying assets of the fund divided by units outstanding at the valuation date.

The Plan had no Level 3 investments at December 31, 2025 or 2024.

Certain investments are subject to notification requirements as stipulated in the declaration of trusts.

(5) Fully Benefit-Responsive Investment Contracts

The fully benefit-responsive GIC and synthetic GIC are credited with earnings on the underlying investments and charged for participant-initiated withdrawals or transfer requests. The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying investments of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With a traditional investment contract, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The average yield of the contracts was 2.41% in 2025 and 2.35% in 2024. The crediting interest rate is calculated on a daily basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	December 31	
	2025	**2024**
GIC	$ 3,344,946	$ 10,911,321
Synthetic GIC	122,394,549	143,333,114
Total	$ 125,739,495	$ 154,244,435

The synthetic GIC includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (e.g., timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. The GIC is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

(6) Related Party Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are reported as participant notes receivable in the accompanying statements of net assets available for benefits.

(7) Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated May 15, 2023, stating that the Plan and the related trust, as then designed, are qualified under Section 401(a) of the Internal Revenue Code ("Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the Plan was amended. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan, as amended,

and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is also intended to be qualified under Sections 1033.09 and 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended (the "PR Code"), and is, therefore, intended to be exempt from taxation under the PR Code. The Plan received a favorable determination letter from Puerto Rico Department of the Treasury (Departamento De Hacienda) (the Department) dated April 26, 2021. The Plan has been amended since receiving the determination letter. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the PR Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

(8) Subsequent Events

Management of the Plan has evaluated material events and transactions that have occurred after the balance sheet date and concluded that no subsequent events have occurred through the date the financial statements were available to be issued, August 31, 2026, that require adjustment to or disclosure in these financial statements.

(9) Reconciliation to Form 5500

Certain financial information in the accompanying financial statements differs from the financial information on the Form 5500 as of December 31, 2025 and 2024. The differences arise from the fact that fully benefit-responsive investment contracts are reported at contract value on the Plan's financial statements, while the Form 5500 reports such contracts at fair value. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 2,313,942,590	$ 2,143,526,931
Adjustments:		
Adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	—	(10,389,745)
Net assets available for benefits per the Form 5500	$ 2,313,942,590	$ 2,133,137,186

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net increase per the financial statements	$ 170,415,659	$ 134,081,579
Adjustments:		
Prior year adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	10,389,745	11,599,009
Current year adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	—	(10,389,745)
Net income per the Form 5500	$ 180,805,404	$ 135,290,843

Report of Independent Auditors

The Participants and Plan Administrator
of The Hershey Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of The Hershey Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in accompanying the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

A member firm of Ernst & Young Global Limited

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Other Auditors on 2024 Financial Statements

Another auditor performed an audit on the financial statements of the Plan as of and for the year ended December 31, 2024. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated October 10, 2025, they indicated that in their opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of The Hershey Company 401(k) Plan (the "Plan") provides general information about the Plan's provisions. The Hershey Company and subsidiaries (the "Company") is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan that covers eligible employees of the Company, with eligibility starting as of the date of hire, provided the employee completes one hour of service and is on the U.S. payroll. Eligible full-time and continuous part-time employees are automatically enrolled in the Plan on the first day of employment unless they waive participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company's Benefits Committee is responsible for the general administration of the Plan.

Effective October 25, 2024, Weaver Popcorn Manufacturing, Inc. ("Weaver") became a participating company under the Plan. Employees who were an employee of Weaver on October 25, 2024, or are hired by Weaver on or after October 25, 2024, are eligible to participate in the Plan if they otherwise satisfy the eligibility requirements.

Contributions

Participants may elect to contribute from 1% to 75% of their eligible earnings, on a combined pre-tax, Rother after-tax, and traditional after-tax basis, up to the maximum amounts permitted under by annual Internal Revenue Service guidelines. The Plan has Roth-in-plan conversion feature. For 2025 and 2024, participant contributions were matched each pay period at: 100% on the first 1%, and 70% on the next 6% of eligible earnings for all eligible employees not covered by a collective bargaining agreement. Eligible West Hershey plant hourly and Hazleton plant hourly employees covered by a collective bargaining agreement received a match of 75% on the first 6% of eligible earnings. If automatically enrolled, a participant's deferral is set at a 4% pre-tax contribution rate of eligible compensation until changed by the participant. The automatic deferral percentage increases by 1% each year on the anniversary date of the participant's automatic enrollment date but will not exceed 10% of compensation. Participants may also contribute amounts representing distributions and/or transfers from other qualified defined benefit or defined contribution plans.

Eligible salaried and hourly employees not covered by a collective bargaining agreement who were hired on or after January 1, 2007, eligible West Hershey plant hourly employees hired on or after January 1, 2008, and eligible Hazleton plant hourly employees hired on or after January 1, 2011, receive an annual Core Retirement Contribution ("CRC") equal to 3% of eligible compensation, subject to a minimum contribution of $1,500 for full time employees and $500 for part-time employees. Eligible employees are not required to contribute to the Plan; however, to receive a CRC, they must be at least 21 years of age and employed by the Company on December 31. Employees who are covered by The Hershey Retirement Plan for Salaried and Hourly Employees are not eligible to receive a CRC.

The Company also provides an annual Supplemental Retirement Contribution ("SRC") for eligible employees who are under age 45 and are employed by the Company as a full-time employee on December 31 or April 30 of that year. SRC is provided to employees who are no longer eligible for the Company's retiree medical program to help pay for future retiree medical costs or other after-retirement expenses. The SRC is based on an employee's age, marital status and years of service.

All contributions are subject to certain limitations of the Internal Revenue Code ("IRC").

Upon enrollment, a participant may direct the investment of employee and Company contributions to any of the Plan's fund options. Participants may change their investment options at any time. Participants that are automatically enrolled have their initial contributions invested in a Vanguard Target Retirement Trust, based upon their anticipated retirement dates until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

A separate account is maintained for each investment option of a participant by type of contribution. Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of Plan earnings and is charged with the investment fund's underlying administrative expenses. Plan earnings are allocated based upon the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined in the Plan's provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants immediately vest in their own contributions and actual earnings or losses thereon. In addition, a participant's interest in the Company's contributions vests at the completion of two years of service (three years of service for West Hershey and Hazleton plant hourly participants) with the Company, retirement, death, disability, or attainment of age 65, as defined by the Plan, subject to terms of employees covered by a collective bargaining agreement. Employees covered under certain severance or early retirement plans are vested 100% upon their release date.

Notes Receivable from Participants

Participants may borrow from their fund accounts (excluding CRC and SRC balances) a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. This amount will be transferred from the participant's account and placed in a separate participant loan fund. Interest is charged on participant loans is credited to the individual participant accounts.

The term of the loan may not exceed five years unless it qualifies as a primary residence loan, in which case the loan may not exceed fifteen years. Participant loans are collateralized by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator to be reasonable at the time of the loan application. Loans are limited to amounts for which monthly repayment is equal to 20% of participants' monthly compensation, with principal and interest paid through payroll deductions. As of December 31, 2025 and 2024, participant loans are shown as a receivable of the Plan. Interest rates on loans outstanding as of December 31, 2025 ranged from 4.25% to 10.50%.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the vested portion of a participant's account, less any loans outstanding, may be distributed in a lump sum or annual installments. Participants who terminate employment on or after attainment of age 55 are permitted to take installment distributions of their vested plan benefits. In addition, hardship withdrawals are permitted if certain criteria are met. Hardship withdrawals do not require a suspension of contributions to the Plan. Employees terminating employment at age 55 or

older may also elect to rollover their balance in The Hershey Company Retirement Plan for Salaried and Hourly Employees into their Plan account.

Forfeited Accounts

If participants separate from service before becoming fully vested in their accounts, the portion of the account attributable to nonvested Company contributions and predecessor plans, plus/minus actual earnings or losses thereon is forfeited. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or pay Plan expenses. During the year ended December 31, 2025, Company matching contributions were reduced by $1,860,000 from forfeited nonvested accounts. Forfeited nonvested balances totaled $1,416,785 and $1,808,956 as of December 31, 2025 and 2024, respectively.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, and transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Participants pay loan origination fees, hardship withdrawal fees, Fidelity managed account program fees, and Qualified Domestic Relations Order (QDRO) fees, as applicable.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's net assets available for benefits, after Plan expenses, will be distributed to each participant according to his or her account balance, which will fully vest immediately.

(2) Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with U.S. generally accepted accounting principles (“GAAP”).

Use of Estimates

The preparation of financial statements, in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments (except for fully benefit-responsive investment contracts are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan holds a Hershey Company Fixed Income Fund (the "Fixed Income Fund") that invests in a traditional investment contract ("GIC"), synthetic investment contracts ("synthetic GIC"), and a money market mutual fund. The GIC and synthetic meet the fully benefit-responsive investment contract criteria and, therefore, are included in the accompanying financial statements at contract value (see Note 5). Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are recorded as a component of dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Interest income on notes receivable from participants is recorded when it is earned. Participants pay administrative fees upon request of a loan and throughout the duration of the repayment period.

Contributions

Participant contributions and the Company contributions are recorded in the year in which the participant contributions are withheld from compensation.

(3) Investments

The Plan is administered by the Employee Benefits Administrative Committee (Committee) delegated by the Employee Benefits Committee who is appointed by the Board of Directors of the Company. The investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity), as trustee of the Plan.

(4) Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1	Financial assets and liabilities whose values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
Level 2	Financial assets and liabilities whose values are based on the following: a) Quoted prices for similar assets or liabilities in active markets; b) Quoted prices for identical or similar assets or liabilities in non-active markets; c) Pricing models whose inputs are observable for substantially the full term of the asset or liability; and d) Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.
Level 3	Financial assets and liabilities who values are based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. these inputs reflect management's own judgment about the assumptions that a market participant would use in pricing the asset or liability.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measure in its entirety.

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels as of December 31, 2025:

	Quoted Prices in active markets of identical assets (Level 1)	Significant other observable inputs (Level 2)	Investments Using NAV as Practical Expedient	Total assets measured at fair value
Cash and cash equivalents	$ —	$ —	$ —	$ —

Investments at fair value	$ 216,525,555	$ —	$ 1,926,921,809	$ 2,143,447,364

Below are the Plan's financial instruments carried at fair value on a recurring basis by their ASC 820 fair value hierarchy levels as of December 31, 2024:

	Quoted Prices in active markets of identical assets (Level 1)	Significant other observable inputs (Level 2)	Investments Using NAV as Practical Expedient	Total assets measured at fair value
Cash and cash equivalents	$ —	$ —	$ 2,652,210	$ 2,652,210
Registered investment companies	921,018,752	—	—	921,018,752
Common collective trusts and collective investment trusts	—	—	1,020,620,394	1,020,620,394
Money market fund	—	1,916,399	—	1,916,399
Investments at fair value	$ 921,018,752	$ 1,916,399	$ 1,023,272,604	$ 1,946,207,755

The Plan’s Level 1 investments in registered investment companies are quoted at market prices, which represent the net asset value of shares held by the Plan at the end of the year. Net asset value (NAV) of the common collective trusts and collective investment trusts reported as practical expedient is determined based on the fair value of the underlying assets of the fund divided by units outstanding at the valuation date.

The Plan had no Level 3 investments at December 31, 2025 or 2024.

Certain investments are subject to notification requirements as stipulated in the declaration of trusts.

(5) Fully Benefit-Responsive Investment Contracts

The fully benefit-responsive GIC and synthetic GIC are credited with earnings on the underlying investments and charged for participant-initiated withdrawals or transfer requests. The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying investments of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With a traditional investment contract, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The average yield of the contracts was 2.41% in 2025 and 2.35% in 2024. The crediting interest rate is calculated on a daily basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	December 31	
	2025	**2024**
GIC	$ 3,344,946	$ 10,911,321
Synthetic GIC	122,394,549	143,333,114
Total	$ 125,739,495	$ 154,244,435

The synthetic GIC includes a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (e.g., timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. The GIC is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

(6) Related Party Transactions

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are reported as participant notes receivable in the accompanying statements of net assets available for benefits.

(7) Income Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated May 15, 2023, stating that the Plan and the related trust, as then designed, are qualified under Section 401(a) of the Internal Revenue Code ("Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Subsequent to this determination by the IRS, the Plan was amended. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan, as amended,

and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is also intended to be qualified under Sections 1033.09 and 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended (the "PR Code"), and is, therefore, intended to be exempt from taxation under the PR Code. The Plan received a favorable determination letter from Puerto Rico Department of the Treasury (Departamento De Hacienda) (the Department) dated April 26, 2021. The Plan has been amended since receiving the determination letter. However, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the PR Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

(8) Subsequent Events

Management of the Plan has evaluated material events and transactions that have occurred after the balance sheet date and concluded that no subsequent events have occurred through the date the financial statements were available to be issued, August 31, 2026, that require adjustment to or disclosure in these financial statements.

(9) Reconciliation to Form 5500

Certain financial information in the accompanying financial statements differs from the financial information on the Form 5500 as of December 31, 2025 and 2024. The differences arise from the fact that fully benefit-responsive investment contracts are reported at contract value on the Plan's financial statements, while the Form 5500 reports such contracts at fair value. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 2,313,942,590	$ 2,143,526,931
Adjustments:		
Adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	—	(10,389,745)
Net assets available for benefits per the Form 5500	$ 2,313,942,590	$ 2,133,137,186

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the years ended December 31, 2025 and 2024:

	2025	2024
Net increase per the financial statements	$ 170,415,659	$ 134,081,579
Adjustments:		
Prior year adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	10,389,745	11,599,009
Current year adjustments from contract value to fair value for fully benefit-responsive guaranteed investment contracts	—	(10,389,745)
Net income per the Form 5500	$ 180,805,404	$ 135,290,843
