Report of Independent Auditors

To the Plan Administrator and Participants
Robertshaw Controls Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Robertshaw Controls Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Robertshaw Controls Company 401(k) Plan's financial statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

395 Daniel Webster Highway, Unit 6 · Merrimack, NH 03054 · (603) 424-0705 · www.BoivinCPA.com

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robertshaw Controls Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robertshaw Controls Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robertshaw Controls Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robertshaw Controls Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Robertshaw Controls Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete descriptions of the Plan's provisions.

General

The Plan, created June 2, 2014 and most recently restated effective July 15, 2022, is a defined contribution plan covering all eligible employees of Robertshaw Controls Company (the Company). Employees are eligible to participate in the Plan after the completion of 30 days of service.

The Plan is administered by the Investment Committee with assistance from Sageview Advisory Group, LLC. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute from 1% to 50% of their respective pretax annual compensation, subject to limitations established by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan also permits Roth elective deferrals. Roth elective deferrals shall be treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Code.

The Plan is a safe harbor 401(k) Plan. The employer matching contribution for the years ended December 31, 2025 and 2024 was equal to 100% of employee contributions that were not in excess of 4% of eligible compensation, as defined in the Plan. Matching contributions are made on a pre-tax basis and will be taxable to the participant upon distribution from the Plan.

The Plan also includes an automatic enrollment and deferral feature. Individuals hired by the Company who do not affirmatively elect not to participate in the Plan are automatically enrolled and will have their compensation reduced by 3% and invested in the Qualified Default Investment Alternative fund.

1. Description of the Plan (continued)

Contributions (continued)

The Plan includes an automatic deferral increase for all participants who have a Salary Reduction Agreement in effect to defer at least 1% of compensation. These employees will have their deferrals increased by 1% per year, not to exceed 6% of their compensation, unless the employee affirmatively elects not to increase their contributions.

The elective deferral percentage increase will occur each April 1 (change date). However, the participants first automatic deferral percentage increase will be on the first available change date that is at least one month following the day the participant enters the automatic increase program unless the participant makes a contrary election.

Vesting

Participants are immediately vested in their entire account plus actual earnings thereon. A participant is vested in the Company's contribution portion of their accounts plus actual earnings thereon after one year of credited service and other vesting provisions, as defined in the Plan. Special vesting provisions were also provided for former employees of the Burner Systems International, Inc. 401(k) Plan, who were participants on or after August 11, 2017, as defined in the Plan document.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested employer contributions total $-0- and $-0-, respectively. These amounts can be used to pay plan expenses or reduce future employer contributions. Forfeitures used to pay plan expenses during the years ended December 31, 2025 and 2024 amounted to $-0- and $-0-, respectively. Forfeitures used to reduce employer contributions during the years ended December 31, 2025 and 2024 amounted to $6,249 and $11,598, respectively.

Notes Receivable from Participants

The Plan allows participants to request a loan in an amount that does not exceed the lesser of $50,000 or 50% of the participant's vested account balance. Only one loan may be outstanding at any time. Loan terms can range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan (continued)

Participant Accounts

Each of the participant's accounts is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan income (loss) and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon separation of employment due to termination, death, disability or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum amount. Prior to termination of employment, a participant can withdraw their deferred compensation balance in the event of certain hardship circumstances or upon reaching 59 1/2 years of age.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid directly by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Certified Investment Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2025 and 2024.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The *common/collective trust funds* are valued based on the redemption value of the fund on the last business day of the plan year. The net asset value is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. This net asset value is used as a practical expedient to estimate fair value. Redemptions are processed daily. There are no unfunded commitments.

The trustee of the Galliard Stable Return Fund may impose, in its sole discretion, a prior notice period of up to 12 months for any withdrawal of assets, initiated by a fiduciary for a qualified account. In addition, the trustee may require a fiduciary of a qualified account, as a pre-condition to investing in the common/collective fund, to commit that such qualified account or a participant in such account will not transfer monies out of a common/collective fund to a competing fund, as determined by the Trustee, within 90 days after such fiduciary for a qualified account or participant in such account has withdrawn from participation in such investment fund.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 27,398,026**	**–**	**–**	**$ 27,398,026**
Total assets in the fair value hierarchy	**$ 27,398,026**	**–**	**–**	**27,398,026**
Common/collective trust funds*				**8,694,326**
Total investments at fair value				**$ 36,092,352**

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2024.

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,846,869	–	–	$ 23,846,869
Total assets in the fair value hierarchy	$ 23,846,869	–	–	23,846,869
Common/collective trust funds*				6,799,718
Total investments at fair value				$ 30,646,587

* In accordance with Accounting Standards Update 2015-07 of ASC 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using net asset value as a practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions, the redemption notice period is applicable only to the Plan.

Year	Common Trust Funds	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2025	**SEI S&P 500 Index Fund**	**$3,942,923**	**None**	**Daily**	**None**
2025	**SEI Galliard Stable Return Fund**	**$3,302,875**	**None**	**Daily**	**Twelve Months**

2024	SEI Galliard Stable Return Fund	$1,924,120	None	Daily	Twelve Months
2024	SEI Large Cap Growth Fund	$1,119,652	None	Daily	None

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the trustee are considered party-in-interest transactions.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit sharing plan of Principal Life Insurance Company. The non-standardized pre-approved profit sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Company has evaluated all subsequent events through October 5, 2026, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
