Independent Auditors' Report

To the Plan Administrator of
Blue Umbrella 401(k) Plan
Reston, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blue Umbrella 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Blue Umbrella 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Umbrella 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

P 703.218.3600 | hello@mcb.cpa | 12730 Fair Lakes Circle, Suite 510, Fairfax, VA 22033

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Umbrella 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Umbrella 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Umbrella 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Blue Umbrella 401(k) Plan (the "Plan") provides only general information. A complete description of the Plan is contained in the Plan Document which governs the operation of the Plan.

General

The Plan is a defined contribution plan, covering substantially all of the employees of Advanced Systems Engineering Corporation and family companies (the "Company" or "Plan Sponsor"). The Plan is intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Advanced Systems Engineering Corporation 401(k) Plan was established on January 1, 2006. On December 31, 2010, ASEC2, Inc. joined the Plan. On January 1, 2012, Advanced Strategic Enterprise Concepts 3, Inc. joined the Plan. Effective December 15, 2013, the Plan's name changed to the Blue Umbrella 401(k) Plan. Additionally, on December 15, 2013, The Advanced Solutions Electronic Communications 4, Inc. 401(k) Plan, the Advanced Systems Engineering Consortium 5 LLC 401(k) Plan, and the DATA Analytics Technology Associates, Inc. 401(k) Plan merged into the Plan. The Company was acquired by Markon Solutions, LLC in March 2024. The Plan operated as is through 2025 and merged into Markon Solutions' plan in 2026.

Plan Administration

The Company's management is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, monitoring investment performance, and reporting to the Plan's Board of Directors. The Plan's assets are held in the custody of Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company (the "Custodian" or "Principal").

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. The legislation includes a vast array of provisional changes to retirement plans, which became or are becoming effective in 2023, 2024, 2025 and beyond.

Participant Contributions

Participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis subject to statutory limitations of the Internal Revenue Code. Participants may also designate all or a portion of their elections as Roth elective deferrals. The maximum allowable employee contributions to the Plan, for those under the age of 50, was $23,500 and $23,000 for 2025 and 2024, respectively. Employees 50 years of age or older, may make additional catch-up contributions up to maximum amount allowed under the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set to 6% of eligible compensation in a designated balanced fund until changed by the participant.

Note 1. Description of Plan (Continued)

Employer Contributions

The Plan Sponsor may make a discretionary matching contribution to the Plan, with the amounts determined annually. Plan Sponsor discretionary contributions and forfeitures are allocated to participants based on the compensation of all participants. The discretionary-matching contribution for the year ended December 31, 2025 and 2024 was $1,550,673 and $1,909,732, respectively. Each year the Company may also make a qualified non-elective contribution ("QNEC"), to be allocated to non-highly compensated eligible employees. There were no QNEC contributions made in 2025 or 2024.

Participant Accounts

Individual accounts are maintained for each participant and include participants' salary deferral contributions and rollover contributions, plus an allocation of the Plan Sponsor's discretionary-matching contribution (if any), QNEC contributions (if any), Plan earnings, realized and unrealized gains and losses on investments, and Plan expenses. Allocations are based on participant earnings on account balances, as defined.

Investment Options

Participants may direct the Custodian as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time, subject to such restrictions and procedures as established by the recordkeeper, Plan and Company.

Vesting

Participants are immediately vested in their salary deferral, rollover contributions, and QNEC contributions, plus actual earnings thereon. A participant also becomes 100% vested upon death, becoming disabled, or reaching retirement age, as defined by the Plan.

Discretionary employer contributions are subject to certain vesting provisions. Participants are 0% vested until two years of service, after which they become fully vested.

Benefit Payments

Upon termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The Plan allows for distributions upon termination of services, death, disability, attainment of age 59 ½, or in certain hardship situations. A participant may elect to receive a lump-sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event that a participant terminates or retires and the participant's vested account balance is less than $5,000, the balance will be distributed at the discretion of the Company.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These distributions are subject to IRC restrictions and penalties.

There were no significant benefits payable to terminated participants who have withdrawn from the Plan as of December 31, 2025 or 2024.

Note 1. Description of Plan (Concluded)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 reduced by the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made, or (ii) the greater of 50% of their vested account balance or $10,000. Loan terms may not exceed five years, unless for the purchase of a primary residence, in which case it may not extend beyond 15 years or a repayment period consistent with commercial home loan practices. The notes are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator.

Administrative Expenses

All expenses related to the administration of the Plan, except for those directly related to participant accounts, are paid by the Company.

Forfeitures

The Company maintains a separate forfeiture account with Principal. When an employee terminates prior to full vesting, the Plan's cumulative, unvested discretionary contributions made on behalf of the participant, as well as earnings and losses thereon, are transferred to the Company's forfeiture account. After five consecutive, one-year breaks in service, forfeitures of terminated, non-vested participant accounts are available to reduce employer contributions or to pay plan expenses. Employees who have had breaks in service with the Company are eligible to restore to their account any forfeited employer contributions, subject to Plan provisions. As of December 31, 2025 and 2024, the Plan had forfeiture balances of $316 and $1,110, respectively. For the plan years ended December 31, 2025 and 2024, $6,864 and $30,980, respectively was used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments (other than fully benefit-responsive investments) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully-benefit responsive investments are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Note 3. Income Tax Status

The Plan has adopted a prototype plan designed by CCH Incorporated d/b/a ftwilliam.com. The prototype plan obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the form of the Plan was acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2025 and 2024, there are no uncertain positions taken.

The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any open tax period.

Note 4. Fair Value Measurements

Financial Accounting Standard Board (FASB) Accounting Standards Codification Topic 820, *Fair Value Measurement* ("ASC 820"), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of inputs other than quoted prices in an active market that are observable; and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Note 4. Fair Value Measurements (Concluded)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels described above:

		Fair Value Measurements Using:		
	Total	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Than Quoted Prices In Active Markets that are Observable (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Mutual Funds	$ 11,525,111	$ 11,525,111	$ -	$ -
Investments in fair value hierarchy	$ 11,525,111	$ 11,525,111	$ -	$ -
Collective trust funds at NAV (1)	33,486,516			
Pooled separate accounts at NAV (1)	3,336,104			
Total investments at fair value	$ 48,347,731			
December 31, 2024				
Mutual Funds	$ 12,716,671	$ 12,716,671	$ -	$ -
Investments in fair value hierarchy	12,716,671	$ 12,716,671	$ -	$ -
Collective trust funds at NAV (1)	30,948,453			
Pooled separate accounts at NAV (1)	2,925,026			
Total investments at fair value	$ 46,590,150			

Level 1 Fair Value Measurements

Mutual Funds – These investments are public investment vehicles valued using a quoted price in an active market.

Other Investments

Common Collective Trusts ("CCT") and Pooled Separate Accounts ("PSA") – the CCT investment is a public investment vehicle valued using Net Asset Value (NAV) of units of a bank collective trust with NAV provided by the trustee. The PSAs are public investment vehicles valued using NAV provided by the administrator of the fund. For both CCTs and PSAs, NAV is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the trust less its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. These investments measured using the NAV practical expedient are exempt from classification under the fair value hierarchy.

(1) As permitted by U.S. GAAP, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2025 and 2024, pooled separate accounts had no unfunded commitments, and redemptions are processed daily with no notice period, and the common collective trusts had no unfunded commitments and redemptions are processed daily with a 30-day notice period.

Note 5. Fixed Income Guaranteed Option

Principal Fixed Income Guaranteed Option ("PFIGO") is a single group annuity contract with a fixed rate of interest. The PFIGO is a fully benefit-responsive annuity contract issued by Principal Life Insurance Company (PLIC). The guaranteed minimum interest rate is 1.00%. Under the terms of the existing contract, the composite crediting rate is currently reset on a semi-annual basis and will never be less than the guaranteed minimum interest rate. Average yield earned by the Plan is calculated by dividing the annualized earnings of all fully benefit-responsive investment contracts by the fair value of all fully benefit-responsive investment contracts. The average yield earned by the Plan is the yield earned (i.e., interest credited) on the group annuity contract.

The interest rate history for the contract is as follows:

Time Period	Rate
December 1, 2023 – May 31, 2024	1.50%
June 1, 2024 – November 30, 2024	1.50%
December 1, 2024 – May 31, 2025	1.50%
June 1, 2025 – November 30, 2025	1.60%
December 1, 2025 – May 31, 2026	2.10%

The investment is valued at contract value, which is the amount participants would receive if they were to withdraw or transfer funds prior to maturity. This does not include a 5% surrender charge which would be imposed if the Plan decided to terminate this investment contract. Certain events limit the ability of the Plan to transact at contract value with the issuer, including termination of a Plan's interest. If the Plan Sponsor wishes to terminate the Plan's interest, the value of the Plan's interest will be paid out at contract value, twelve months after the recordkeeper receives notification.

Note 6. Information Prepared and Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the Plan custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2025 and 2024.

	2025	2024
Investments, at fair value	$ 48,347,731	$ 46,590,150
Fully benefit-responsive investments, at contract value	2,845,567	344,588
Notes receivable from participants	94,954	136,379
Interest and dividends	247,950	214,853
Interest earned on notes receivable from participants	8,558	12,557
Net appreciation in fair value of investments	6,249,612	5,267,571

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Substantially all administrative expenses are paid directly by the Plan Sponsor.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 10. Party-in-Interest Transactions

Certain plan investments are managed by Principal, the plan custodian and recordkeeper. The Plan paid Principal for recordkeeping and other services. These transactions qualify as exempt party-in-interest transactions.

Note 11. Subsequent Events

The Plan has evaluated events through October 7, 2026, the date that the financial statements were available to be issued.

As disclosed in Note 1, the Company was acquired by Markon Solutions, LLC in March 2024. The plan merged into Markon Solutions' 401(k) plan in January 2026. The Plan has determined that no other event occurred subsequent to December 31, 2025 that requires recognition or disclosure in the financial statements.
