PGW Auto Glass, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of PGW Auto Glass, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024; the related statement of changes in net assets available for benefits for the year ended December 31, 2025; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters
Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)
***Supplemental Schedule Required by ERISA* (Continued)**
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of PGW Auto Glass, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering the employees of PGW Auto Glass, LLC (the "Company"). The Plan includes a 401(k) before-tax savings feature, which permits participants to defer compensation under Section 401(k) of the Internal Revenue Code. The Plan also contains a Roth 401(k) after-tax savings feature. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Committee and trustees of the Plan are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance. Employees are immediately eligible to participate in the Plan.

On December 3, 2025, the Plan received a transfer of $1,183,646 representing the balances of participant accounts of the Dakotaland Autoglass 401(k)-Profit Sharing Plan, which was merged with the Plan during 2025.

Contributions

Each year, participants may contribute up to 50 percent of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. For 2025, the maximum catch-up contribution is $7,500. The participants may direct their accounts into various investment options offered by the Plan.

There are several types of contributions that can be added to a participant's account: an employee salary deferral contribution, a Roth 401(k) contribution, an employer matching contribution, an employer discretionary contribution, and an employer qualified nonelective contribution. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. These contributions are considered rollover contributions.

The Company makes matching contributions equal to 100 percent of the employee's contribution up to 2 percent of compensation, and 50 percent of the employee's contribution that exceeds 2 percent of compensation but that does not exceed 6 percent of compensation.

There were no employer discretionary or qualified nonelective contributions made to the Plan for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts is based on years of continuous service. Employees become vested as follows: 0 percent for 2 years or less; 50 percent after 2 years; 75 percent after 3 years; and 100 percent after 4 years. Participants are only eligible to receive an employer discretionary contribution if they are an active participant on the last day of the Plan year and have 1,000 or more hours of service in the Plan year. Participants are immediately 100 percent vested in any employer qualified nonelective contributions.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Loans are available to participants of the Plan and are subject to approval by the Plan Administrator. Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50 percent of their vested balance, subject to the Department of Labor (DOL) and Internal Revenue Service (IRS) requirements. Loans bear interest on the unpaid principal and must be repaid within five years. Interest is payable at rates available for similar loans from commercial lending institutions. Principal and interest are paid ratably through payroll deductions.

Payments of Benefits

Upon termination of service, a participant can elect to receive a lump-sum amount equal to the vested value of his or her account. Each participant who has terminated employment and whose vested account balance is less than $5,000 will automatically receive a single sum payment. The Plan offers various retirement options, including annuity options, lump-sum payments, specified dollar amounts of payments each year, and a series of substantially equal annual payments over a fixed period of whole years. The Plan also has provisions for early retirement benefits, death, and hardship withdrawals.

Forfeitures

If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called forfeiture. The Plan may use forfeitures to pay Plan expenses, offset contributions, or reallocate the amounts to participants' accounts. Each time a discretionary contribution is divided among employees, those forfeitures that have not been used to pay Plan expenses or offset contributions are added to the discretionary contributions. At December 31, 2025 and 2024, forfeited accounts totaled $0. During the Plan year ended December 31, 2025, forfeitures of $81,190 were used to reduce the employer's contribution, and forfeitures of $5,965 were used to reduce the Plan administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting principles followed by the Plan and the methods of applying these principles conform to U.S. generally accepted accounting principles. The financial statements of the Plan are prepared on the accrual basis of accounting.

A summary of the significant accounting and reporting policies applied in the presentation of the accompanying financial statements follows:

Accounting Estimates

In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ significantly from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Investments for which there are no quoted market prices are reported at their estimated fair value. The net appreciation in fair value of investments includes investments purchased, sold, and held during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. There were no delinquent participant loans that were reclassified as distributions for the year ended December 31, 2025. Delinquent participant loans that were reclassified as distributions amounted to $151 for the year ended December 31, 2024. No allowance for credit losses has been recorded as of December 31, 2025, or 2024.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable for the 2025 plan year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. Expenses are recorded as incurred.

NOTE 3 – CERTIFIED INFORMATION

The Plan investments and notes receivable from participants are administered by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal Trust Company"). The following is a summary of the investment and loan information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Principal Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal Trust Company stating that information provided to the Plan Administrator by Principal Trust Company related to the following investments and notes receivable from participants is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have an ERISA Section 103(a)(3)(C) audit and instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to investments and notes receivable from participants:

NOTE 3 – CERTIFIED INVESTMENT INFORMATION (Continued)

	December 31, 2025	December 31, 2024
Investments at fair value:		
Mutual funds	$ 31,926,713	$ 25,140,456
Common/collective trust funds	664,012	989,857
	32,590,725	26,130,313
Notes receivable from participants	735,720	558,458
Total	$ 33,326,445	$ 26,688,771

Principal Trust Company also certified to the accuracy of $3,620,618 of net appreciation in fair value of investments, $702,367 of interest and dividends, and $62,343 of interest income on notes receivable from participants for the year ended December 31, 2025.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their employer contributions.

NOTE 5 – TAX STATUS

The IRS has determined and informed the Plan Administrator that the Plan, a prototype non-standardized profit-sharing plan and related trust, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") by letter dated June 30, 2020. Although the prototype plan has been amended since receiving the opinion letter, the prototype sponsor and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are common/collective trust funds managed by Principal Trust Company, the defined custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan issues loans to participants that are secured by the balances in the participants' accounts. Therefore, related transactions qualify as party-in-interest transactions.

NOTE 6 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

The Company absorbs certain costs incurred in relation to the administration of the Plan. Such costs may pertain to legal and accounting issues. Those costs amounted to $80,344 for the year ended December 31, 2025. All other transactions, which may be considered party-in-interest transactions, relate to normal Plan management and administrative services and the related payment of fees paid directly by the Plan. For 2025, these costs amounted to $79,110.

NOTE 7 – FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820 are described below:

- *Level I*: Inputs to the valuation methodology are unadjusted quoted prices for assets or liabilities in active markets that the Plan has the ability to access.

- *Level II*: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

- *Level III*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Common trusts are valued at the NAV of units of the collective fund held by the Plan at year-end, adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The NAV per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. In accordance with the terms of the Plan of Trust, the NAV of the fund is determined daily. Units are issued and redeemed daily, at the daily NAV. Also, the net investment income and realized and unrealized gains on investment are not distributed.

NOTE 7 – FAIR VALUE MEASUREMENTS (Continued)

Investments measured at NAV per share and excluded from the fair value hierarchy are common/collective trust accounts in the amounts of $664,012 and $989,857 at December 31, 2025 and 2024, respectively. The fair value of these investments is measured using the NAV per share as a practical expedient. These investments can be redeemed daily and without any restrictions on the timing of the redemption. There are no unfunded commitments associated with these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			
	Level I	Level II	Level III	Total
Mutual funds	$ 31,926,713	$ -	$ -	$ 31,926,713
Total assets in the fair value hierarchy	31,926,713	-	-	31,926,713
Common/collective trust funds, measured at NAV (1)	-	-	-	664,012
Total assets at fair value	$ 31,926,713	$ -	$ -	$ 32,590,725

	December 31, 2024			
	Level I	Level II	Level III	Total
Mutual funds	$ 25,140,456	$ -	$ -	$ 25,140,456
Total assets in the fair value hierarchy	25,140,456	-	-	25,140,456
Common/collective trust funds, measured at NAV (1)	-	-	-	989,857
Total assets at fair value	$ 25,140,456	$ -	$ -	$ 26,130,313

(1) In accordance with FASB ASC Topic 820, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits on the financial statements to the Form 5500 as of December 31, 2024:

		2024
Net assets available for benefits on the financial statements	$	26,662,833
Liabilities not on the Form 5500:		
Excess contribution payable – December 31, 2024		25,938
Net assets available for benefits on the Form 5500	$	26,688,771

The following is a reconciliation of employee contributions on the financial statements to the Form 5500 for the year ended December 31, 2025:

		2025
Employee contributions on the financial statements	$	2,586,965
Liabilities not on the Form 5500:		
Excess contribution payable – December 31, 2024		(25,938)
Employee contributions on the Form 5500	$	2,561,027

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued, and no subsequent events have occurred requiring disclosure.
