Independent Auditor's Report

To the Plan Sponsor of the
All Points Logistics 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of All Points Logistics 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the All Points Logistics 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

All Points Logistics 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of All Points Logistics 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about All Points Logistics 401(k) Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

To the Plan Sponsor of the
All Points Logistics 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of All Points Logistics 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about All Points Logistics 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of All Points Logistics 401(k) plan (the "Plan") sponsored by All Points Logistics (the "Company" or "Employer") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was originally effective June 1, 2010 and was subsequently amended and restated effective January 1, 2022, is a defined contribution 401(k) plan covering eligible employees of the Company and participating related employers who have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan oversight is performed by an officer of the Company and The AimPoint Group, the Plan's third-party administrator ("TPA"). Reliance Trust Company serves as trustee of the Plan (the "Trustee"). Empower Annuity Insurance Company of America ("Empower") serves as the Plan's recordkeeper and receives and invests contributions and Plan earnings as directed by participants.

As of December 31, 2025 and 2024, the Plan had 351 and 380 participants with account balances, respectively.

There were no amendments to the Plan during the year ended December 31, 2025.

Contributions to the Plan

The Plan allows participants to make tax-deferred contributions (compensation deferrals) up to 100% of annual compensation, subject to the Internal Revenue Code ("IRC") Section 401(k) annual limits ($23,500 for 2025 and $23,000 for 2024, plus an additional $7,500 in catch-up contributions for participants age 50 and older). Pursuant to SECURE 2.0 Act Section 109, participants who attain ages 60–63 during the plan year are eligible for an increased catch-up contribution limit of $11,250 for 2025. Participants may also roll over amounts representing distributions from other qualified retirement plans. The Plan is a safe-harbor plan. The Company provides matching contributions equal to 100% of the participant's deferrals up to 3% of eligible compensation plus 50% of deferrals on the next 2% of eligible compensation, for a maximum employer match of 4%. The Company may also make discretionary profit-sharing contributions as determined by the board of directors. For the year ended December 31, 2025, the Company contributed a total of $872,251. No profit-sharing contributions were made for the years ended December 31, 2025 and 2024.

Participant contributions are remitted to the Plan by the Company in accordance with Department of Labor requirements. There were no delinquent participant contributions during the year ended December 31, 2025 requiring disclosure under Department of Labor regulations.

Rollovers

The Plan permits participant-designated rollover contributions into the Plan. For the year ended December 31, 2025, participant directed rollovers totaled $195,415.

Participant Accounts

Plan participants are offered a choice of various investment options and allowed to change their investment options daily. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 Description of Plan (Continued)

Vesting
Participants are immediately vested in their contributions and the Employer's safe harbor matching contributions plus actual earnings thereon.

Forfeited Accounts
Forfeitures of non-vested participant account balances can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the Employer. As of December 31, 2025 and 2024, unallocated forfeiture amounts totaled $7,828 and $7,618, respectively. These forfeiture balances were held in a cash account maintained by Empower. No forfeitures were used to reduce plan expenses during the years ended December 31, 2025 and 2024.

Distribution of Benefits
Participants or their beneficiaries are eligible to receive distributions from their account upon retirement (normal retirement age of 65), permanent and total disability, death, or financial hardship, as defined.

Participants who have attained age 59½ may also withdraw all or a portion of their vested account balance while still employed. Participants may withdraw amounts in their rollover contribution account at any time, regardless of age or employment status. Participants may also receive a distribution on account of financial hardship from all of their accounts except their Qualified Non-Elective Contribution Account and the portion of any account used to satisfy safe harbor requirements.

If a participant's vested account balance (excluding rollover contributions) does not exceed $5,000 at termination of employment, the balance will be distributed without the participant's consent, paid directly to the participant if $1,000 or less, or automatically rolled over to an individual retirement account if greater than $1,000 and not more than $5,000.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 10.50%, which are interest rates established in accordance with Plan provisions. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are considered parties-in-interest transactions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, as well as related disclosures. Actual results could differ from those estimates. Significant estimates used in preparing the Plan's financial statements include assumptions used in determining the fair value of certain investments. Management believes these estimates are reasonable based on information available as of the financial statement date.

Note 2 Summary of Significant Accounting Policies (Continued)

Investment Valuation

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (See Note 7). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses was considered necessary as of December 31, 2025 and 2024. At December 31, 2025 and 2024, notes receivable from participants had a balance of $266,676 and $337,156, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Recordkeeping and investment advisory and investment management fees are presented as administrative expenses on the accompanying Statement of Changes in Net Assets Available for Benefits. Investment transaction costs embedded in the net asset value of the Plan's investments are reflected in net appreciation in fair value of investments. For the year ended December 31, 2025, administrative expenses incurred by the Plan totaled $212,717.

Other liabilities consist primarily of benefit claims payable to Plan participants and beneficiaries as of December 31, 2025.

Payment of Benefits

Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Trustee

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, Interest income on group annuity contract, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (Empower), a qualified institution.

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their entire plan balance.

Note 5 Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated uncertain tax positions through September 28, 2026, the date the financial statements were available to be issued and determined none require recognition.

Note 6 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 6 Fair Value Measurements (Continued)

Participant contributions are remitted to the Plan by the Company in accordance with Department of Labor requirements. There were no delinquent participant contributions during the year ended December 31, 2025 requiring disclosure under Department of Labor regulations.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used during the years ended December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing net assets value (NAV) reported by the fund on the active market on which the individual securities are traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded ("Level 1").

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's investments measured at fair value on a recurring basis and the fair value hierarchy level within which the fair value measurements are classified as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

Investment Type	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 7,828	$ -	$ -	$ 7,828
Mutual funds	29,978,872	-	-	29,978,872
Total assets at fair value	$ 29,986,700	$ -	$ -	$ 29,986,700

Assets at Fair Value as of December 31, 2024

Investment Type	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 7,618	$ -	$ -	$ 7,618
Mutual funds	29,799,210	-	-	29,799,210
Total assets at fair value	$ 29,806,828	$ -	$ -	$ 29,806,828

The Plan's mutual funds are valued using quoted market prices in active markets and are classified within Level 1 of the fair value hierarchy. The Plan had no Level 2 or Level 3 investments as of December 31, 2025 or 2024.

Note 7 Group Annuity Contract

The Plan has entered into a fully benefit-responsive group annuity contract issued by Massachusetts Mutual Life Insurance Company ("MassMutual") and administered by Empower Annuity Insurance Company of America ("Empower"), following Empower's acquisition of MassMutual's retirement business in December 2020. The contract, known as the Empower Guaranteed Investment Account, totaled $2,335,846 in 2025 and $2,180,456 in 2024.

MassMutual, as the issuing insurance company, maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and pay a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with MassMutual and administered by Empower. The interest rate is reviewed quarterly and may be reset.

The crediting rate of the product is established based on the earnings of the underlying assets in the medium- to long-term portfolio, subject to the minimum interest crediting rate stated in the contract and prevailing market conditions. The average yield earned by the Plan on the group annuity contract is calculated by averaging the quarterly gross interest rates for the fund during the year. The average yield was 2.40% for 2025 and 2.17% for 2024.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value, as reported to the Plan by Empower on behalf of MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by the future economic and regulatory developments.

Certain events might limit the Plan's ability to transact at contract value with the insurance company. Such events include, but are not limited to, (1) complete or partial termination of the Plan, (2) significant layoffs or workforce reductions, (3) early retirement programs, (4) plant or location closings, (5) bankruptcy of the Company, or (6) other events that result in significant withdrawals from the contract. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Except as described below, the insurance company may not terminate the contract at an amount less than contract value.

However, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the contract provisions, (2) a material breach of contractual obligations by the Plan, (3) a material misrepresentation by the Plan Sponsor or Plan Administrator and (4) a material amendment to the agreement without the consent of the issuer.

Note 8 Risks and Uncertainties

The Plan's investments are exposed to various risks, including interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in these risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan holds investments in a group annuity contract issued by Massachusetts Mutual Life Insurance Company and administered by Empower Annuity Insurance Company of America ("Empower"). Reliance Trust Company serves as trustee of the Plan, and Empower serves as recordkeeper. These investments and the related service arrangements qualify as party-in-interest investments and transactions.

The Plan's payments of custodial fees to the trustee, as well as audit fees, qualify as party-in-interest transactions. For the year ended December 31, 2025, the Plan paid recordkeeping fees of $132,417 to Empower Annuity Insurance Company of America and investment management fees of $8,505 to Empower Advisory Group, LLC, each an affiliate of Empower and a party-in-interest to the Plan. In addition, the Plan incurred investment advisory and brokerage/advisory fees of $71,795 related to the Plan's investment arrangements.

At December 31, 2025 and 2024, notes receivable from participants totaled $266,676 and $337,156, respectively.

These transactions are exempt from the prohibited transaction rules of ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 10 Subsequent Events

The Plan has evaluated subsequent events through September 28, 2026, the date the financial statements were available to be issued and determined no items required disclosure.
