INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Design Systems Profit-Sharing and Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Design Systems Profit-Sharing and Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

4800 Roberts Road, Columbus, OH 43228 ◆ Phone: (614) 951-2280 ◆ Fax: (614) 951-2281

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, line 4a-Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2025 and Form 5500, Schedule H, Part IV, line 4i-Schedule of Assets (Held at End of Year), December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Design Systems Profit-Sharing and Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a defined contribution profit sharing plan and trust with a qualified cash or deferred 401(k) arrangement covering all eligible employees, as defined in the plan document. The Plan was established by Design Systems, Inc. (the "Company", "Employer" or "Plan Sponsor") on January 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Participation in the Plan is discretionary for all eligible employees who have attained the age of 18 and completed one month of service ("participant"). To participate in the Plan's discretionary matching contribution, an employee must have 1 month of service, have attained the age of 18 and work 1,000 or more hours during the plan year and be employed on December 31st. For participation in the profit sharing portion of the Plan an employee must have 1 year of service, have attained the age of 18 and work 1,000 or more hours during the plan year and be employed on December 31st.

Contributions

Starting in October 2013, the Plan allows participants to make elective deferral contributions up to 75% of their compensation, including catchup contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code and the Plan document. The Plan does allow participants to contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions under the investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6%, with 1% increases each Plan year until the rate is 20% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to the participant's elective account, and is 100% vested at the time of each contribution. Any portion of each contribution can be elected by the participant as a Roth contribution.

Beginning on July 15, 2024, participants may elect to make after-tax elective deferral contributions, which can be utilized after the participant has reached the annual pre-tax deferral limit, not to exceed 75% of their compensation. The plan does not match after-tax contributions.

Employer discretionary matching contributions and employer profit sharing discretionary contributions made to the Plan are at the discretion of the employer as approved by resolution of its Board of Directors. The Board of Directors elected to make a total employer discretionary matching contributions of $393,428 as of December 31, 2025. The 2025 employer retirement savings plan matching contribution is calculated by taking 50% of the participant's deferrals but cannot exceed 6% of their W-2 wages. There were no discretionary profit sharing contributions for 2025.

Participant Accounts

Each participant's account is credited with an allocation of (a) the employer's discretionary contributions, if any; (b) the participants' voluntary contributions; (c) forfeitures of terminated participants' non-vested accounts; and (d) plan earnings (losses). The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Effective December 1, 2023, participants were vested in the employer discretionary matching and profit sharing contributions portion of their account balance in accordance with the Plan document, based on the following schedule:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the participants' vested balance in the Plan's assets. These loans are generally due in bi-weekly payments of principal plus interest at the rate established at the issuance of the loan (ranging from 4.25% to 9.50%). The interest rate is fixed and based on the prime rate of interest as of the loan date plus 1.00%.

Benefits Paid to Participants or Beneficiaries

Participants, or their beneficiaries, are entitled to receive the entire amount of their vested interests in the Plan upon retirement, death, total or permanent disability, employment termination or reaching the age of 59½, as defined in the Plan. Upon termination of service, a participant, or their beneficiaries, may elect to receive a lump-sum distribution or direct rollover equal to the value of the participant's vested interest in their account. In-service withdrawals are also permitted under the Plan. Hardship distributions are not permitted under the Plan.

Forfeitures

Forfeitures of non-vested account balances in the Profit-Sharing Fund are allocated to remaining eligible participants. Forfeitures of non-vested 401(k) match account balances from participant directed accounts are used to reduce subsequent employer's contributions to the Plan. During 2025, forfeitures in the amount of $10,000 were utilized to reduce the 2024 employer matching contributions. At December 31, 2025 forfeitures in the amount of $19,020 were available to be reallocated to the Profit-Sharing Fund.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to various provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, and all unallocated amounts shall be allocated to the accounts of all participants.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced entirely and a benefit payment is recorded.

Benefits Paid to Participants or Beneficiaries

Distributions to plan participants or beneficiaries are recorded in the statement of changes in net assets available for benefits when paid. At December 31, 2025 and 2024 there were $20,000 and $0, respectively, unpaid amounts due to participants who had elected to withdraw from the Plan.

Operating Expenses

Administrative expenses of $92,106 consist of loan fees and other service fees of $35,217 charged to the participant's accounts, investment consulting fees of $42,639, and accounting fees of $14,250 paid directly from the Plan. The Plan allocates a portion of the mutual fund's operating expenses into an

administrative budget account. This account was used to primarily pay the consulting fees. At December 31, 2025, the balance in the administrative budget account was $30,841. Investment related fees are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued and has determined that there were no transactions or events that required disclosure through the evaluation date.

3. INFORMATION CERTIFIED BY TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held by participants and notes receivable from participants as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, interest earned on notes receivable from participants, and other income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price Trust Company, a qualified institution.

4. FAIR VALUE MEASUREMENTS

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,399,082	$ -	$ -	$ 39,399,082
Total investments	$ 39,399,082	$ -	$ -	$ 39,399,082

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,289,828	$ -	$ -	$ 34,289,828
Total investments	$ 34,289,828	$ -	$ -	$ 34,289,828

5. TAX STATUS

The Plan uses a prototype plan sponsored by T Rowe Price Retirement Plan Services Inc. which obtained its latest determination letter on August 19, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administer has considered the tax positions taken by the Plan and has concluded there are no uncertain tax positions taken that would require recognition of a tax liability (or asset) as of December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTIES-IN-INTEREST

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the year ended December 31, 2025, there were direct fees of $42,639 paid to LPL Financial for investment consulting fees services. Also, during 2025 the Plan paid $35,217 in recordkeeping fees to an affiliate of T. Rowe Price. During the year ended December 31, 2025, there were transactions involving the investment of plan assets in investment funds maintained by affiliates of the T. Rowe Price Trust Company. Indirect fees paid by the Plan for investment management services are included in the net appreciation of the fair value of investments. The Plan also received a refund of fees from mutual funds in the amount of $18,942 for the year ended December 31, 2025. These transactions are party-in-interest transactions, which are exempt under ERISA.

Certain Plan investments are shares of mutual funds managed by T. Rowe Price, an affiliate of the Plan's trustee, and the Plan makes loans to participants and charges the participants a loan initiation fee of $50 and a $25 annual maintenance fee for each loan. These transactions qualify as party-in-interest transactions. The Trustee and affiliates of T. Rowe Price maintain and manage the mutual funds in the plan for which they receive management fees. These management fees, which are part of the annual operating expenses of each fund, result in a reduction of earnings from investments.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During 2025, the Company failed to remit the contribution for two pay periods in a timely manner, as defined by ERISA. The prohibited transactions were corrected outside the Department of Labor's Voluntary Fiduciary Correction Program (VFCP) during 2026.
