INDEPENDENT AUDITOR'S REPORT

Trustees and Plan Administrator
Philadelphia Federal Credit Union Capital Accumulation Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Philadelphia Federal Credit Union Capital Accumulation Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Philadelphia Federal Credit Union Capital Accumulation Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Philadelphia Federal Credit Union Capital Accumulation Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Philadelphia Federal Credit Union Capital Accumulation Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted accounting standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Philadelphia Federal Credit Union Capital Accumulation Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Philadelphia Federal Credit Union Capital Accumulation Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTON OF PLAN

The following description of the Philadelphia Federal Credit Union (the Employer) Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a deferred compensation salary reduction plan program covering substantially all employees of Philadelphia Federal Credit Union who have completed six months of service. The Plan Trustees are responsible for oversight of the Plan. The Plan Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Upon completion of eligibility requirements, employees who have not completed a salary deferral agreement are automatically enrolled in the Plan and have 3% of compensation withheld from each paycheck as a salary deferral. This percentage withheld will increase each year by 1% up to a maximum of 7% compensation. Participants may submit a salary deferral agreement at any time to select an alternative deferral amount or elect not to defer under the Plan. Participants may elect to contribute up to the maximum percentage allowed by the law, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows for Roth elective deferrals. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Employer makes matching contributions depending on the years of service. For participating employees, the Employer makes matching contributions in accordance with the following schedule:

Participant Years of Service	Employer Contribution
Participants paid by commissions only	100% of participant's deferrals up to 5%
Less than five years	100% of participant's deferrals up to 5%
Five years or more	200% of participant's deferrals up to 5%

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's matching contributions, and allocations of Plan earnings and charged with allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their accounts, plus actual earnings thereon, will be based on years of service. A participant will be 100% vested in employer contributions after three years of credited service.

1. DESCRIPTON OF PLAN (Continued)

Participant Investment Options

Participants must direct their salary deferral contributions and employer contributions to selected investments as made available and determined by the Plan sponsor. Participants may change their investment options at any time using a voice response system or the internet.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The notes are secured by the balance in the participant's account and bear interest at 1% above prime rate and are limited to maturities not to exceed five years, unless the note qualifies as a home note. These rates range from 4.25% to 9.5% on loans outstanding at December 31, 2025, and mature through November 2030. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of employment, reaching retirement age or becoming disabled, or deceased, a participant is entitled to receive the entire vested amount of their account under one or more options as follows:

a. To have the whole or any part paid in a single payment, including a rollover to another plan
b. To have the whole or any part paid in equal or substantially equal monthly, quarterly, semiannual, or annual payments over a fixed period of years, or as a fixed periodic sum
c. To make an election to defer payment of all or any part of the account until a period of time not later than the first day of April of the calendar year following the calendar year in which the participant attains age 70-1/2

If a participant's account value is less than $1,000, the administrator shall provide for the payment of such to the participant in a lump-sum within a reasonable period of time following termination.

A participant who has attained age 59-1/2, but who has not terminated employment, is entitled to have the whole or any part of the accounts paid to him or her under the previous options. A participant who has not terminated employment and has not attained age 59-1/2 shall be permitted to make cash withdrawals to meet certain financial hardships.

Upon the death of a participant, the participant's accounts shall be payable to their beneficiary.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce employer contributions. In 2025, employer contributions were reduced by forfeited nonvested accounts in the amount of $24,257. The Plan's forfeited nonvested account balance was $-0- as of December 31, 2025 and 2024, respectively

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contact value is the relevant measurement for the portion of the net assets available for benefits attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan expenses are paid either by the Plan or by the Employer, as provided by the Plan Document. Expenses that are paid directly by the Employer are excluded from these financial statements. Expenses incurred in connection with the general administration of the plan include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation or depreciation in fair value of investments presented in the accompanying statement of net assets available for benefits.

Subsequent Events

The Plan's management has evaluated subsequent events through September 11, 2026, the date on which the financial statements were available to be issued.

3. INFORMATION CERTIFIED OR PROVIDED BY MATRIX TRUST COMPANY AND CMFG LIFE INSURANCE COMPANY

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the Year Ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Matrix Trust Company (Matrix), a custodian of the Plan and CMFG Life Insurance Company (CMFG), a custodian of the Plan, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from CMFG that the information provided to the Plan Administrator by CMFG related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFF 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following asset:

	2025	2024
Investment at contract value:		
Investment contract with insurance company	$ 4,926,256	$ 4,146,096

CMFG also certified to the completeness and accuracy of $94,950 of net interest related to the aforementioned asset for the Year Ended December 31, 2025.

3. INFORMATION CERTIFIED OR PROVIDED BY MATRIX TRUST COMPANY AND CMFG LIFE INSURANCE COMPANY (Continued)

The Plan Administrator has obtained certifications from Matrix that the information provided to the Plan Administrator by Matrix related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2025	2024
Investment at fair value:		
Shares of registered investment companies	$ 35,687,965	$30,486,226
Common/collective trusts	13,220,025	11,747,384
Accrued dividend income	13,005	12,709

Matrix also certified to the completeness and accuracy of $6,393,223 of net appreciation in the fair value of investments, and $817,335 of dividends related to the aforementioned assets for the Year Ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Fair Value Measurements Topic of the FASB Accounting Standards Codification (ASC) 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trusts

Common/collective trusts are valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the custodians, is issued as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Shares of Registered Investment Companies

Shares of registered investment companies are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024. Classifications within the fair value hierarchy table are based on the lowest level of input that is significant to the fair value measurement.

	2025			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 35,687,965	$ -	$ -	$ 35,687,965
Investments measured at NAV (a)				13,220,025
Investments at fair value				$ 48,907,990

	2024			
	Assets Measured at Fair Value			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 30,486,226	$ -	$ -	$ 30,486,226
Investments measured at NAV (a)				11,747,384
Investments at fair value				$ 42,233,610

4. FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the Year Ended December 31, 2025, there were no transfers in or out of Level 3.

Investments measured using the net asset value per share practical expedient: The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	2025			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trusts	$ 13,220,025	$	Up to 10 days	60 days

	2024			
	Fair Value Estimated Using Net Asset Value Per Share			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trusts	$ 11,747,384	$	Up to 10 days	60 days

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract issued by CMFG. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan owns only the contracts themselves under a traditional investment contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The traditional investment contract held by the Plan with CMFG is a general investment contract. The contract issuer is contractually obligated to repay the principal and a specific interest rate that is determined annually and is not a guaranteed minimum rate under the contract. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact a contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on completing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in an investment contract managed by CMFG. CMFG is a Plan custodian and record-keeper as defined by the Plan and, therefore, these transactions quality as party-in-interest transactions. Fees paid to CMFG by the Plan were approximately $78,000 for the Year Ended December 31, 2025.

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Employer pays certain outside administrative expenses of the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS

Effective March 31, 2014, the Plan adopted a volume submitter profit sharing plan with CODA sponsored by CUNA Mutual Insurance Policy. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possibly that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

10. RECONCILATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to net assets per the Form 5500.
