INDEPENDENT AUDITORS' REPORT

September 23, 2026

To the Administrative Committee of
Variosystems, Inc. 401(k) Plan
Southlake, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Variosystems, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Variosystems, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Variosystems, Inc. 401(k) Plan and to meet our ethical responsibilities, in accordance with the

relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Variosystems, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Variosystems, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Variosystems, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at the end of year) as of December 31, 2025 and 2024 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2024 Financial Statements

The financial statements of Variosystems, Inc. 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 26, 2025 indicated that in their opinion (a) the investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE (1) DESCRIPTION OF PLAN

The following description of the Variosystems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions:

A. General - The Plan was formed January 1, 2003 and adopted by Variosystems, Inc. (the Company). The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of the Company. The Plan is a salary reduction plan or 401(k) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Eligibility – Employees who have attained the age of 21 and have completed 3 months of service are eligible to participate in the Plan. Employees are then enrolled in the Plan on the first day of the month coinciding with or next following the date upon meeting the eligibility criteria. Leased, short-term, part-time, union, nonresident alien, and seasonal employees are excluded from participation in the Plan.

C. Contributions – Participants may contribute up to 90% (in whole percentages) of eligible earnings, as defined in the Plan. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as after-tax "Roth" contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

   At the discretion of the Company, the Company may contribute and credit employer matching contributions to eligible participant accounts. For the years ended December 31, 2025 and 2024, the Company authorized discretionary matching contributions equal to 50% of each participant's deferrals, up to 4% of compensation. Additionally, the company may contribute and credit employer profit sharing

   At the discretion of the Company, the Company may contribute and credit employer profit sharing contributions to eligible participant accounts. To be eligible to receive the employer profit sharing contribution, a participant must have completed 500 hours of service during the plan year. No employer profit sharing contribution was made for the years ended December 31, 2025 or 2024.

   Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Eligible compensation is defined as W-2 wages and excludes adjustments such as reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits.

D. Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings applicable to the investment options chosen by each participant, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE (1) DESCRIPTION OF PLAN (Continued)

E. Investment Options – Participants direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

The Plan is a contract holder of a group variable funding agreement issued by the previous custodian, Massachusetts Mutual Life Insurance Company, which has since been acquired by Empower Retirement, LLC. The Plan's assets are invested in sub-accounts, which are investment options available under separate accounts of Empower Retirement, LLC, previously Massachusetts Mutual Life Insurance Company. The separate accounts are segregated from the general funds of Empower Retirement and any income, gains, or losses whether realized or unrealized, from assets in a separate account are credited to or charged against said account without regard to other income, gains or losses of Empower Retirement. Each sub-account holds shares of a single underlying mutual fund, and/or exchange traded fund ("ETF"). The separate accounts are not direct-filing entities and thus are not considered pooled separate accounts.

F. Vesting – Participants are immediately 100% vested in their contributions plus actual earnings theron. Vesting in the company's profit sharing and matching contribution portion of their accounts is based on years of continuous service. A participant vests in 25% increments annually, until 100% vested after four years of continuous service.

G. Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in their account during the immediate preceding 12 month period. The loans are secured by the balance in the respective participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Participants may have a maximum of two loans outstanding at one time. Principal and interest is paid ratably through payroll deductions, over a period generally not extending beyond five years from the date of the loan. However, if the use of the loan is to acquire a principal residence, it may be repaid within a longer period.

H. Payments of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or partial withdrawals equal to the value of the participant's vested account balance or have the balance paid as a direct rollover to another Individual Retirement Account or to another Employer's tax qualified plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution, subject to minimum balance distribution requirements. A participant may withdraw part of the vested interest in their account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation from the Company, participants with account balances less than $5,000, a single lump-sum payment will be made automatically into an individual retirement account of the plan administrator's choosing.

I. Forfeited and Unallocated Accounts – The Plan allows for nonvested amounts forfeited by participants to be used to reduce the Company's matching contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $27,816 and $14,163, respectively. For the year ended December 31, 2025, participants forfeited $5,031 in previously contributed nonvested amounts. During the year ended December 31, 2025, $1,740 of forfeited amounts were used to reduce the Company's matching contributions.

NOTE (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of account in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Use of Estimates – The preparation of financial statements requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition – The Plan's investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in separate accounts are stated at their net asset value ("NAV"), which is based on the market value of the underlying investments. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

E. Payment of Benefits – Benefits are recorded when paid

F. Plan Expenses – The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

G. Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed all excess contributions by the deadline specified by the IRS.

H. Concentrations of Credit Risk – The Plan's investments potentially subject the Plan to concentrations of credit risk. The Plan has not experienced any credit losses associated with these instruments.

I. Changes in Presentation of Comparative Statements – Certain 2024 amounts have been reclassified to conform with the 2025 financial statement presentation.

NOTE (3) INVESTMENTS (*Unaudited Information Certified as Complete and Accurate by the Plan Trustee)*

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, under a power of attorney granted by MassMutual Life Insurance Co., collectively the custodian of the Plan.

NOTE (4) FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets:
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE (4) FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Separate Accounts – Valued at the NAV of the units held by the Plan at year-end based on information reported by the trustee as a practical expedient in determining fair value. The NAV is used as a practical expedient to estimate fair value. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan belies its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient.

As of December 31, 2025:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate Accounts	$ 6 484 678	N/A	Daily	12 months

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate Accounts	$ 5 712 076	N/A	Daily	12 months

NOTE (5) GROUP ANNUITY CONTRACT WITH MASSMUTUAL LIFE INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with MassMutual Life Insurance Company. MassMutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan ermination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

The contract value of the Plan's guaranteed investment contract as of December 31, is as follows:

	2025	2024
Guaranteed investment contract	$ 680 266	$ 747 757
Total	$ 680 266	$ 747 757

NOTE (6) RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of separate accounts provided through or managed by Empower Financial Services, Inc. Empower Financial Services, Inc. is an affiliate of Empower Trust Company, LLC, the Custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the years ended December 31, 2025 and 2024, the Plan also made direct payments to the record-keeper, custodian, and third-party administrator totaling $30,952 and $40,985, respectively. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Company pays directly any other fees related to the Plan's operations.

NOTE (7) TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examinations prior to 2022.

NOTE (8) RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE (9) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE (10) RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of form 5500:

Adjustment for excess contributions payable	-	2 904
Net assets available for benefits per Schedule H of Form 5500	$ 7 355 469	$ 6 602 360

The following is a reconciliation of the net change in net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of form 5500:

	12/31/2025	12/31/2024
Net increase in net assets available per the financial statements	$ 756 013	$ (574 506)
Adjustment for current year excess contributions payable	(2 904)	(27 515)
Adjustment for prior year excess contributions payable	-	2 904
Net increase in net assets available per Schedule H of Form 5500	$ 753 109	$ (599 117)

NOTE (11) SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 23, 2026 (the date the financial statements were available to be issued) and noted no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
