INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust
Smithsburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Notes 4 and 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for a reasonable period of time**.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASTOR & SANDERS CORPORATION 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the **Astor & Sanders Corporation** (Employer/Sponsor) **401(k) Profit Sharing Plan and Trust** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan became effective January 1, 2005. It is a defined contribution retirement plan covering all employees of the Sponsor. An employee is eligible to become a contributing participant in the Plan after the age of 21 and one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Participants are entitled to enter the Plan for 401(k) purposes on a monthly basis upon completion of the age and service requirements.

Contributions: Each year, participants may contribute up to the maximum percentage of annual compensation allowable, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Sponsor may make discretionary matching contributions in an amount determined by the Sponsor. The amount of the discretionary matching contribution allocated to each eligible participant is based on the participants' eligible compensation to the total eligible compensation made during the plan year. This type of contribution requires that participants must be employed at the end of the plan year and work at least 1,000 hours during the plan year to be eligible to receive any employer matching contributions. Total employer matching contributions for the year ended December 31, 2025 were $149,950.

The Plan contains a provision for discretionary non-elective (profit-sharing) employer contributions. These contributions are discretionary based on a non-integrated formula based on eligible compensation. This type of contribution requires that participants must be employed at the end of the plan year and work at least 1,000 hours during the plan year to be eligible to receive any discretionary non-elective employer matching contributions. There were no non-elective employer contributions for the year ended December 31, 2025.

Investment options: Participants direct the investment of their account balance into various investment options offered by the Plan. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the record-keeper, Plan, and Employer/Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer/Sponsor's matching contributions, as well as allocations of the Employer/Sponsor's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Employer/Sponsor's discretionary matching contributions, if any, are based on the ratio of the participant's eligible compensation to the total eligible compensation for the Plan year. Allocations of the Employer/Sponsor's discretionary profit-sharing contributions, if any, are based upon the grouping method. Under this method each participant is assigned to a group which will share in that group's allocated profit-sharing contributions determined by management based upon each participant's eligible compensation to the total eligible compensation for that group. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in all employer contributions after 3 years of service. The standard measure for one year of service is the completion of 1,000 hours during the Plan year.

Notes receivable from participants: Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, currently ranging from 3.25% to 6.25%. The Plan may charge a fee for the administrative expenses of processing the new loan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: On termination of service, death, disability, or retirement, a participant or beneficiary is eligible to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Account balances less than $5,000 do not require participant consent prior to distribution. For account balances greater than $1,000 but less than $5,000, if the participant does not consent to distribution, their account balance will be rolled over into an IRA account. For accounts that are more than $5,000, the participant must consent to the distribution before it may be made. Hardship distributions are permitted if certain conditions are met. Inservice withdrawals are also permitted for participants who have reached age 59½. Cash distributions are generally subject to federal and state income tax withholdings.

Forfeited accounts: At December 31, 2025 forfeited non-vested accounts totaled $53,222. These amounts will be used to reduce certain future employer contributions or used to pay Plan expenses. During 2025 no forfeitures were used to offset employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Actual results could differ from those estimates. Significant estimates include fair value determinations provided by the trustee or custodian.

Investment valuation and income recognition: Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fidelity maintains the Plan contributions in both pooled separate accounts and a guaranteed investment account. The accounts are credited with actual earnings on the underlying investments charged for Plan withdrawals and administration expenses charged by Fidelity. Since the Plan provides for participant directed investment programs, Fidelity also maintains an account record for each participant. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on a cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes interest and dividends earned in addition to the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant contributions are recognized on the pay date to which they relate. Employer contributions are recognized in the year designated by the Sponsor.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses: Investment management expenses, loan fees associated with notes receivable from participants and other administrative and recordkeeping fees may be paid for by the Plan. Administrative expenses of the Plan can also be paid by the Sponsor, as provided in the Plan document. Certain accounting and administrative functions of the Plan are performed by employees of the Sponsor at no cost to the Plan. Investment-related expenses are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses paid by the Plan totaled $16,110 for the year ended December 31, 2025.

Payment of benefits: Benefits are recorded when paid.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the net asset value of shares held by the plan at year end. The mutual funds held by the Plan are mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value at December 31:

	LEVEL 1	
	2025	**2024**
Registered investment companies	**$ 8,253,213**	**$ 7,640,189**

Transfers between levels: For the years ended December 31, 2025 and 2024, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Collective investment trust: The fair value is based on the net asset value (NAV) of participation units. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell investments for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. The funds provide for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. If the Plan initiates a full redemption, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2025.

	NAV-BASED ASSETS	
	2025	**2024**
Investments measured at net asset value (a)		
Collective investment trust	**$ 120,257**	**$ 105,657**

(a) - In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its Equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The investments use the net asset value per share as determined by investment managers under the so called "practical expedient". The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. These investment funds are held as units or interest in institutional funds or limited partnerships, which are stated at net asset value (NAV) or its equivalent. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the investment will be sold for an amount different than NAV.

5. ROLLOVER CONTRIBUTIONS

Rollovers into the Plan for the period ended December 31, 2025 were $258,971.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed intent to do so, the Employer/Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated asset of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer/Sponsor may determine.

8. TAX STATUS

Effective August 6, 2018, the Plan adopted a Fidelity Volume Submitter Plan. The Volume Submitter plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and is operating in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified as to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Schedule of Assets (Held at End of Year) as of December 31, 2025,and the related investment activity for the year ended 2025 that is reflected in the Statement of Changes in Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net assets available for benefits from the financial statements to Schedule H of the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 8,565,833	$ 8,019,518
Employer contributions receivable	(149,950)	(203,769)
NET ASSETS AVAILABLE FOR BENEFITS PER SCHEDULE H OF FORM 5500	**$ 8,415,883**	**$ 7,815,749**

The following is a reconciliation of contributions received from the employer from the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Contributions received from employer per the financial statements	$ 149,950
Add: Employer contributions receivable at December 31, 2024	203,769
Less: Employer contributions receivable at December 31, 2025	(149,950)
CONTRIBUTIONS RECEIVED FROM EMPLOYER PER SCHEDULE H TO THE FORM 5500	**$ 203,769**

11. SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to December 31, 2025 through September 25, 2026, the date these financial statements were available to be issued. Based on the definitions and requirements of accounting principles generally accepted in the United States of America, management has not identified any events that have occurred subsequent to December 31, 2025 through September 25, 2026, that require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust
Smithsburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Notes 4 and 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Astor & Sanders Corporation 401(k) Profit Sharing Plan and Trust's** ability to continue as a going concern for a reasonable period of time**.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter— Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASTOR & SANDERS CORPORATION 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the **Astor & Sanders Corporation** (Employer/Sponsor) **401(k) Profit Sharing Plan and Trust** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan became effective January 1, 2005. It is a defined contribution retirement plan covering all employees of the Sponsor. An employee is eligible to become a contributing participant in the Plan after the age of 21 and one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Participants are entitled to enter the Plan for 401(k) purposes on a monthly basis upon completion of the age and service requirements.

Contributions: Each year, participants may contribute up to the maximum percentage of annual compensation allowable, as defined in the Plan. Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Sponsor may make discretionary matching contributions in an amount determined by the Sponsor. The amount of the discretionary matching contribution allocated to each eligible participant is based on the participants' eligible compensation to the total eligible compensation made during the plan year. This type of contribution requires that participants must be employed at the end of the plan year and work at least 1,000 hours during the plan year to be eligible to receive any employer matching contributions. Total employer matching contributions for the year ended December 31, 2025 were $149,950.

The Plan contains a provision for discretionary non-elective (profit-sharing) employer contributions. These contributions are discretionary based on a non-integrated formula based on eligible compensation. This type of contribution requires that participants must be employed at the end of the plan year and work at least 1,000 hours during the plan year to be eligible to receive any discretionary non-elective employer matching contributions. There were no non-elective employer contributions for the year ended December 31, 2025.

Investment options: Participants direct the investment of their account balance into various investment options offered by the Plan. Participants may change their investment directions at any time, subject to such restrictions and procedures as established by the record-keeper, Plan, and Employer/Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution, the Employer/Sponsor's matching contributions, as well as allocations of the Employer/Sponsor's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Employer/Sponsor's discretionary matching contributions, if any, are based on the ratio of the participant's eligible compensation to the total eligible compensation for the Plan year. Allocations of the Employer/Sponsor's discretionary profit-sharing contributions, if any, are based upon the grouping method. Under this method each participant is assigned to a group which will share in that group's allocated profit-sharing contributions determined by management based upon each participant's eligible compensation to the total eligible compensation for that group. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are 100% vested in all employer contributions after 3 years of service. The standard measure for one year of service is the completion of 1,000 hours during the Plan year.

Notes receivable from participants: Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, currently ranging from 3.25% to 6.25%. The Plan may charge a fee for the administrative expenses of processing the new loan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: On termination of service, death, disability, or retirement, a participant or beneficiary is eligible to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Account balances less than $5,000 do not require participant consent prior to distribution. For account balances greater than $1,000 but less than $5,000, if the participant does not consent to distribution, their account balance will be rolled over into an IRA account. For accounts that are more than $5,000, the participant must consent to the distribution before it may be made. Hardship distributions are permitted if certain conditions are met. Inservice withdrawals are also permitted for participants who have reached age 59½. Cash distributions are generally subject to federal and state income tax withholdings.

Forfeited accounts: At December 31, 2025 forfeited non-vested accounts totaled $53,222. These amounts will be used to reduce certain future employer contributions or used to pay Plan expenses. During 2025 no forfeitures were used to offset employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Actual results could differ from those estimates. Significant estimates include fair value determinations provided by the trustee or custodian.

Investment valuation and income recognition: Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fidelity maintains the Plan contributions in both pooled separate accounts and a guaranteed investment account. The accounts are credited with actual earnings on the underlying investments charged for Plan withdrawals and administration expenses charged by Fidelity. Since the Plan provides for participant directed investment programs, Fidelity also maintains an account record for each participant. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on a cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes interest and dividends earned in addition to the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant contributions are recognized on the pay date to which they relate. Employer contributions are recognized in the year designated by the Sponsor.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses: Investment management expenses, loan fees associated with notes receivable from participants and other administrative and recordkeeping fees may be paid for by the Plan. Administrative expenses of the Plan can also be paid by the Sponsor, as provided in the Plan document. Certain accounting and administrative functions of the Plan are performed by employees of the Sponsor at no cost to the Plan. Investment-related expenses are included in the net appreciation (depreciation) in fair value of investments. Administrative expenses paid by the Plan totaled $16,110 for the year ended December 31, 2025.

Payment of benefits: Benefits are recorded when paid.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: Valued at the net asset value of shares held by the plan at year end. The mutual funds held by the Plan are mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value at December 31:

	LEVEL 1	
	2025	**2024**
Registered investment companies	**$ 8,253,213**	**$ 7,640,189**

Transfers between levels: For the years ended December 31, 2025 and 2024, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Collective investment trust: The fair value is based on the net asset value (NAV) of participation units. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell investments for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. The funds provide for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. If the Plan initiates a full redemption, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2025.

	NAV-BASED ASSETS	
	2025	**2024**
Investments measured at net asset value (a)		
Collective investment trust	**$ 120,257**	**$ 105,657**

(a) - In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its Equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The investments use the net asset value per share as determined by investment managers under the so called "practical expedient". The practical expedient allows net asset value per share to represent fair value for reporting purposes when the criteria for using this method are met. These investment funds are held as units or interest in institutional funds or limited partnerships, which are stated at net asset value (NAV) or its equivalent. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the investment will be sold for an amount different than NAV.

5. ROLLOVER CONTRIBUTIONS

Rollovers into the Plan for the period ended December 31, 2025 were $258,971.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed intent to do so, the Employer/Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated asset of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer/Sponsor may determine.

8. TAX STATUS

Effective August 6, 2018, the Plan adopted a Fidelity Volume Submitter Plan. The Volume Submitter plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and is operating in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

9. CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified as to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Schedule of Assets (Held at End of Year) as of December 31, 2025,and the related investment activity for the year ended 2025 that is reflected in the Statement of Changes in Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net assets available for benefits from the financial statements to Schedule H of the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 8,565,833	$ 8,019,518
Employer contributions receivable	(149,950)	(203,769)
NET ASSETS AVAILABLE FOR BENEFITS PER SCHEDULE H OF FORM 5500	**$ 8,415,883**	**$ 7,815,749**

The following is a reconciliation of contributions received from the employer from the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Contributions received from employer per the financial statements	$ 149,950
Add: Employer contributions receivable at December 31, 2024	203,769
Less: Employer contributions receivable at December 31, 2025	(149,950)
CONTRIBUTIONS RECEIVED FROM EMPLOYER PER SCHEDULE H TO THE FORM 5500	**$ 203,769**

11. SUBSEQUENT EVENTS

The Plan has evaluated events and transactions subsequent to December 31, 2025 through September 25, 2026, the date these financial statements were available to be issued. Based on the definitions and requirements of accounting principles generally accepted in the United States of America, management has not identified any events that have occurred subsequent to December 31, 2025 through September 25, 2026, that require recognition or disclosure in the financial statements.
