INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Retirement Savings Plan of
The Ford Meter Box Company, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Retirement Savings Plan of The Ford Meter Box Company, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Retirement Savings Plan of The Ford Meter Box Company, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements - continued
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of reporting requirements for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SAVINGS PLAN OF
THE FORD METER BOX COMPANY, INC.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE 1 PLAN DESCRIPTION

The following description of the Retirement Savings Plan of The Ford Meter Box Company, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of the Ford Meter Box Company, Inc. (the "Employer"). The Plan document is an adoption of a volume submitter agreement sponsored by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, adopted by the Employer on June 30, 2020. All employees are eligible to participate on the first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

B. Employee Contributions

Participants are allowed to contribute up to 100% of their compensation each year (Pre-tax or Roth) subject to statutory limits as adjusted for inflation. Effective July 31, 2022, unless a new participant opts out, they will be automatically enrolled in the Plan with a 5% deferral rate. In addition, this provision is also accompanied by an automatic escalation feature which increases the deferral percentage upward by 1% annually up to a maximum of 12%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions).

C. Employer Contributions

The Employer makes a contribution for each participant by matching 50% of the first six hundred dollars ($600) of elective deferrals during the Plan year, unless the Board of Directors specifies a different matching contribution percentage. The Employer also makes a contribution of 4% of eligible compensation during the year. In addition, the Employer may make an additional discretionary contribution.

D. Vesting

All Employee and Employer contributions to an Employee’s account, as well as income allocated to participant accounts, are immediately 100% vested to the participant.

E. Allocation of Income

Allocations of Plan income or loss are made to the accounts of participants each day in the same proportion that the balance of each account of each participant as of the close of business of the immediately preceding day bears to the balance of all accounts of all participants as of the close of business of the immediately preceding day.

NOTE 1 PLAN DESCRIPTION - continued

F. Benefit Payments

Upon separation from service from the Employer, a participant will receive an amount equal to the value of the participant's vested interest in his or her account. Provided their vested account balance exceeds $5,000, a terminated Plan participant may elect to receive a distribution of their vested account prior to the later of normal retirement age or age 62 if later in the following forms: (a). single lump-sum payment, (b). installment payments, not to exceed their normal life expectancy, or (c). Ad-Hoc distributions. Otherwise, the benefit shall be paid as a lump sum.

Plan participants may receive in-service distributions from their elective deferral amounts provided they have attained age 59 1/2. They may not receive more than one 59 1/2 in-service distribution per Plan year.

Plan participants may receive in-service distributions from their elective deferral amounts for a hardship distribution. A hardship distribution may be made only for IRS qualified expenses.

If a participant is eligible for a distribution from an account, they may elect to rollover the distribution to a designated Roth contribution account in the Plan (referred to as an In-Plan Roth Rollover Contribution). This election is irrevocable and may only roll over the distribution directly.

A participant may make an irrevocable In-Plan Roth Transfer, which allows the participant to elect to change the tax treatment of all or some of the vested portion of their pre-tax accounts.

The form of payment of a death benefit not exceeding $5,000 will only be paid as a lump-sum. If the death benefit exceeds $5,000, the beneficiary may elect to have the death benefit paid in the following forms; (a). single lump-sum payment, (b). annual installment payments, at least equal to the required minimum distribution amount, (c). Ad-Hoc distributions, or (d) qualified annuity if the beneficiary is the Plan participant's surviving spouse.

G. Participant Loans (Notes Receivable From Participants)

Participant loans are permitted under the Plan. Participants may apply for only one loan in a calendar year, with a minimum principal amount of $1,000. Any outstanding loan must be repaid before applying for another loan, which includes a six-month waiting period between 401(k) loans. Loans cannot exceed the lesser of (i) 50% of the participant's vested account balance or (ii) $25,000. All loans will bear a commercially reasonable rate of interest, which the Loan Administrator has determined to be the prime rate as determined by the Trustee plus 1%. All loans are to be repaid within five years with payments made at least quarterly. Loans outstanding at December 31, 2025 and 2024 were $2,057,869 and $1,885,406, respectively.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES - continued

B. Concentration of Credit Risk

The Plan invests in mutual funds directly or through common/collective trusts. Mutual funds consist of equity, fixed income, and cash equivalent investments. Mutual fund investments are not insured. Valuations of mutual funds with equity and fixed income securities are affected by market fluctuations in the underlying stocks and bonds in which the fund managers have invested.

C. Significant Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except fully benefit-responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Notes 6 and 7 for further information regarding valuation of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

F. Investment Options

All investments of the Plan are participant-directed.

G. Payments of Benefits

Benefits are recorded when paid.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES - continued

H. Income Taxes

Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company has received a determination letter dated June 30, 2020, in which the Internal Revenue Service stated the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended, but the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. This Plan was restated, effective January 1, 2026. (See Note 10)

The Financial Accounting Standards Board ("FASB") issued guidance on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions based on FASB's guidance and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

I. Plan Receivables

The Plan's financial assets subject to the guidance of ASC 326 primarily consist of employer and participant contribution receivables. Contribution receivables are recorded at the amounts due to the Plan and are generally expected to be collected within a short period of time.

In estimating expected credit losses, the Plan considers historical collection experience, the current financial condition of the Plan sponsor, the aging of outstanding receivables, and current and reasonable and supportable forecasts that may affect collectability.

Based on management's assessment of these factors, including the short-term nature of the receivables and the history of collections from the Plan sponsor, the Plan determined that any expected credit losses were immaterial as of December 31, 2025 and 2024. Accordingly, no allowance for credit losses was recorded.

J. Reclassifications

Certain prior year balances have been reclassified to conform with current year classifications and presentation.

K. Evaluation of Subsequent Events

The sponsor has evaluated subsequent events through October 06, 2026, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, amounts credited to participants' accounts are fully vested and nonforfeitable.

NOTE 4 PARTIES IN INTEREST

There were no known prohibited transactions with known parties in interest as defined in ERISA Section 3(14) and regulations thereunder, including those transactions set forth in ERISA Sections 406 and 407(a) and Internal Revenue Code Section 4975(c).

The Plan invests in shares of mutual funds managed by an affiliate of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company acted as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 5 SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following assets is complete and accurate.

	December 31	
	2025	2024
Investments at fair value	$ 169,237,629	$ 146,230,839
Investments at contract value	22,410,157	22,429,435
Notes receivable from participants	2,057,869	1,885,406
Investment Income (loss):		
Net appreciation (depreciation)	25,092,827	22,951,679
Total interest and dividends	1,824,779	1,777,871
Total interest on participant notes receivable	158,518	129,908

The difference between certain information summarized above and in the accompanying financial statements and schedule is attributable to adjustments made to the Plan's financial statements to reflect the charge off of defaulted participant loans and to properly reflect the classification of investment income.

NOTE 6 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Common stocks: Valued at the closing price reported on the active market on which the individual

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common/collective trust: Valued at fair value based on the values of the underlying funds.

Self-directed Accounts: Valued at fair value based on the values of the underlying investments.

NOTE 6 FAIR VALUE MEASUREMENTS - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 139,459,741	$ -	$ -	$ 139,459,741
Common/collective trusts	-	25,842,731	-	25,842,731
Self-directed accounts	3,935,157	-	-	3,935,157
Total assets at fair value	$ 143,394,898	$ 25,842,731	$ -	$ 169,237,629

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 118,728,652	$ -	$ -	$ 118,728,652
Common/collective trusts	-	24,262,874	-	24,262,874
Self-directed accounts	3,239,313	-	-	3,239,313
Total assets at fair value	$ 121,967,965	$ 24,262,874	$ -	$ 146,230,839

NOTE 7 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

NOTE 7 FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT - continued

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 10 PLAN CHANGES

The Plan was restated, effective January 1, 2026, to incorporate amendments and administrative updates approved by the Plan sponsor. The restatement was adopted to maintain compliance with applicable provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974, as amended, and to reflect operational and regulatory changes affecting the Plan, including provisions under the SECURE 2.0 Act. Affected provisions are the following:

- Long-Term, Part-Time (LTPT) Employees may first join the Plan as an active participant for purposes of 401(k) elective deferral contributions on the entry date, unless otherwise excluded by classification, with the exception of any service-based exclusion, in which case eligibility for LTPT Employees shall override such an exclusion classification.

NOTE 10 PLAN CHANGES - continued

- For 2026, the maximum catch-up contribution is $8,000. If a participant attains ages 60 - 63 as of the close of the taxable year they may be eligible to make increased catch-up contributions. For 2026, the maximum increased catch-up contribution amount is $11,250. Regular catch-up contribution amounts will apply if the participant attains ages 50 - 59, or 64 and over as of the close of the taxable year. The maximum catch-up contribution amount is subject to change each year for cost of living changes. A participant's 401(k) elective deferral contributions, including catch-up contributions, will be limited to the stated plan limit.

The restated Plan document did not result in any material changes to the Plan’s benefits, eligibility requirements, contribution provisions, or vesting provisions as of December 31, 2025. Accordingly, the restatement did not have a material impact on the Plan’s net assets available for benefits or the statements of changes in net assets available for benefits for the year ended December 31, 2025.
