INDEPENDENT AUDITOR'S REPORT

October 6, 2026

To: The Plan Administrator of
New View Alliance Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of New View Alliance Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of New View Alliance Savings Plan (the Plan) provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1, 2024, the Plan's name was changed from Gateway-Longview, Inc. Employee Savings Plan to the New View Alliance Savings Plan. The change in name did not impact the provisions of the Plan.

General

The Plan is a defined contribution plan sponsored by New View Alliance (the Plan Administrator), which includes employees of the Plan Administrator, New Directions Youth and Family Services (New Directions), Gateway-Longview, Inc. (Gateway), and the Gateway-Longview Foundation (Foundation) (collectively, the Sponsors) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Lincoln Financial Group Trust Company, Inc., (Lincoln) is the custodian of the Plan. The New View Alliance Retirement Plan Committee (the Committee) is responsible for oversight of the Plan and monitoring investment performance.

Eligibility

Employees of the Sponsors may begin participation in the Plan immediately upon employment. Employees are eligible to receive employer contributions upon achievement of age 18 and 1,000 hours of service in a 12-month period.

Contributions

Participants may elect to defer a specified amount of eligible compensation, as defined, on a pre-tax and/or after-tax basis subject to the Internal Revenue Code (the Code) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, eligible participants between the ages of 60 to 63 before the end of the Plan year, are eligible to make higher catch-up contributions limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover).

The Plan Sponsors will provide eligible participants, as defined, a non-elective contribution equal to 2% of eligible participants' annual wages, as defined. The Plan Sponsors provide matching contributions equal to 50% of participant contributions, up to a maximum of 3% of the participant's eligible compensation, as defined. The sponsor contributions are subject to certain vesting requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, sponsors' contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for benefit processing fees, if applicable. Allocation of Plan earnings are based on the investment balances held in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN (Continued)

Investments
Participant elective deferral contributions and employer contributions are invested as directed by plan participants. Participants may change their investment allocation on a daily basis.

Vesting
Participants are vested immediately in their contributions and earnings/losses thereon. Participants are vested in employer contributions as set forth in the following table:

Years of Vesting Service	Vesting Percentage
Less than One Year	0%
One Year but less than Two Years	0%
Two Years but less than Three Years	25%
Three Years but less than Four Years	50%
Four Years but less than Five Years	75%
Five or More Years	100%

Payment of Benefits
Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. Participants with an account balance less than $1,000 will receive a lump-sum distribution. Participants may also elect to make withdrawals from their accounts in the event of financial hardship, as defined.

Hardship Withdrawals
Participants who have suffered a financial hardship as defined in the Plan document may take withdrawals up to the value of their vested account balance. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures
Forfeited balances of terminated participants' non-vested accounts are reallocated as contributions to plan participants. Forfeitures amounted to $75,197 and $28,532 for the plan years ended December 31, 2025 and 2024, respectively. Forfeitures reallocated to plan participants amounted to $117,993 and $76,287 for the plan years ended December 31, 2025 and 2024, respectively. Net earnings on forfeited balances amounted to $1,786 and $1,387 for the years ended December 31, 2025 and 2024, respectively. Unused forfeited account balances amounted to $24,442 and $65,452 as of December 31, 2025 and 2024, respectively.

Plan Termination
Although it has not expressed any intent to do so, the Sponsors have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between knowledgeable unrelated parties at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsors and are excluded from these financial statements. The Plan pays for certain recordkeeping and investment advisory fees. Other investment related expenses related to fund management are included in net appreciation in fair value of investments.

Income Taxes

The Plan Sponsors adopted a pre-approved plan document that has received an opinion letter from the IRS dated July 13, 2021, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Code. Although, the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified.

Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

General Account Fund

The general account fund's asset is invested in group annuity contracts that have a guarantee of principal and previously credited interest to protect against market risk. The guarantee is based on Lincoln's financial strength and claims-paying ability. Lincoln assumes the investment risk of the underlying investments of the Lincoln NY Stable Value Account.

The Lincoln NY Stable Value Account is a fully benefit-responsive investment contract and is reported at contract value. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents participant contributions, plus earnings at guaranteed rates, less participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

3. FAIR VALUE MEASUREMENTS (Continued)

General Account Fund (Continued)
There are no reserves against contract value for credit risk of the contract issuer or otherwise. Lincoln Financial determines the crediting interest rate by considering many factors, including economic and market conditions, the general interest rate environment and the expected and actual return on the portfolio within the general account. The crediting interest rate may not be less than 1.00% for the years ended December 31, 2025 and 2024 and is reviewed on a semi-annual basis for resetting. The contract value of the general fund from Lincoln amounted to $1,198,776 and $1,016,172 at December 31, 2025 and 2024, respectively.

The following tables set forth by level, within the fair value hierarchy, include the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$11,516,525	$ -	$ -	$11,516,525

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,768,050	$ -	$ -	$ 9,768,050

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The value provided to the Plan for the general account fund represents the redeemable value of the fund and is comparable to a cash equivalent and, therefore, is not subject to the leveling requirements above.

4. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2025 and 2024, as well as transactions for the years then ended, have been derived from information provided by Lincoln, the custodian of the Plan, and has been certified by them as complete and accurate to the best of their knowledge. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent accountants.
