INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Resolution Life Services (US) 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Resolution Life Services (US) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Resolution Life Services (US) 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Resolution Life Services (US) 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following is a general description of the Resolution Life Services (US) 401(k) Plan (the "Plan"). The Plan was effective January 1, 2021. Participants should refer to the Plan documents, including the summary plan description, for a more complete description of the Plan's provisions, including those described herein. Any conflicts between the terms of the Plan document and this description shall be resolved by referring to the Plan document.

The Plan is a voluntary defined contribution plan available to all eligible employees, as defined in the Plan document. The Plan is intended to meet the requirements of Section 401(a) of the Internal Revenue Code ("IRC"). The Plan also contains a salary reduction feature intended to meet the requirements applicable to cash or deferred arrangements under Section 401(k) of the IRC. The Plan is intended to be in full compliance with applicable requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Resolution Life Services (US) Inc. is the Plan sponsor ("Plan Sponsor" or the "Company"). The Company is a wholly owned subsidiary of Resolution Life U.S. Holdings Inc. ("RLUSH"). The Company is the Plan administrator ("Plan Administrator"). Voya Institutional Trust Company, is the trustee ("Trustee" or "Voya") of the Plan. The governance of the Plan is overseen by the Resolution Life 401(k) Governance Committee.

Eligibility

All employees meeting the qualifying requirements, as specified in the Plan documents, are automatically enrolled in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution. Company contributions are based on participant deferrals. Each participant's account is also credited with allocations of Plan investment results; all earnings or losses are allocated to each participant's account as soon as practicable. Participant accounts may be reduced by any administrative fees or expenses charged against the account. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and to restore participant accounts previously forfeited, as specified in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the time benefit payments are made.

Vesting

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon.

Participants will vest in the Company's profit sharing contributions plus actual earnings thereon over four years of service at the rate of 25% after the first year, 50% after the second year, 75% after the third year, and 100% after the fourth year. Participants are immediately fully vested when any of the following occur: (1) death, (2) normal retirement, or (3) total and permanent disability.

Participant Contributions

Participants in the Plan may contribute up to 50% of their pre-tax eligible compensation. Participants may also contribute eligible amounts representing distributions from other qualified plans ("rollovers") and participants who have attained age 50 or over in a plan year may elect to begin making catch-up contributions for such plan year in addition to their participant contribution. Participant contributions, other than rollovers, are subject to limitations imposed by the IRC and the Plan.

The Plan offers a Roth feature. The Roth feature allows participants to make after-tax contributions to a Roth Account. These after-tax contributions are subject to the IRC pre-tax employee contribution limits. The Roth contributions plus earnings grow tax free and qualified Roth distributions are not subject to federal income taxes.

Employer Contributions

The Company matches participant pre-tax and Roth contributions at 100% of each participant's contributions up to the first 6% of eligible compensation. The Company does not contribute matching contributions on catch-up contributions. The Company matching contributions are made in cash and allocated in accordance with each participant's investment elections.

The Plan provides for discretionary profit sharing contributions by the Company. The profit sharing contribution, if any, is allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. The Company profit sharing contributions are made in cash and allocated in accordance with each participant's investment elections. The Company did not make any profit sharing contributions during the years ended December 31, 2025 or 2024. The Company made a one-time non-discretionary contribution of $310,527 in August 2024 related to the Farmers New World Life Insurance Company ("FNWL") transaction.

Investments

Participants may direct the investment of their contributions and any discretionary profit-sharing contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds.

Forfeitures

The non-vested portion of a participant's account is forfeited when certain terminations described in the Plan document occur. Forfeitures remain in the Plan and are used to reduce the Company's contributions to the Plan. The amount of the forfeited nonvested participant accounts as of December 31, 2025 and 2024 was $100 and $10,650, respectively.

The Plan document permits forfeitures to be allocated in lieu of employer contributions. The Company allocated $12,101 and $0 in forfeitures in lieu of employer contributions for the years ended December 31, 2025 and 2024.

Notes Receivable from Participants

Subject to the provisions of the Plan and applicable law, a participant may borrow against his/her account balance provided that the amount requested is at least $1,000 but not more than the lesser of 50% of the participant's vested balance or $50,000 (taking into account the outstanding balance of all Plan loans made within the prior twelve months).

Each loan will bear an interest rate as prescribed by the Plan's applicable provisions, the current prime interest rate plus 2%. Loan repayment periods are for a maximum of five years. Principal and interest are repaid ratably through payroll deductions or Automated Clearing House (ACH) payments. As of December 31, 2025, participant loans have maturities through 2030 at interest rates ranging from 4.25% to 10.50%. As of December 31, 2024, participant loans had maturities through 2029 at interest rates ranging from 4.25% to 10.50%.

Benefits Paid

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum distribution or periodic payments of the participant's account balance. Distributions may be made in cash only. Additionally, upon termination of employment with the Company, a participant may elect to receive a lump sum distribution of their vested account balance. In-service withdrawals are permitted for active participants who have attained age 59½ of their vested account balance. Benefit payments are recorded when paid.

As defined in the Plan documents, certain participants are also eligible for hardship withdrawals, consistent with the provisions of the IRC.

Plan Termination

Although it has not expressed any intent to do so, the Company has retained the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their Plan accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded. Notes receivable from participants balances and interest thereon are derived from information prepared by the Trustee.

Investment Valuation and Income Recognition

The Plan provides for investments in guaranteed investment contracts ("GICs") and mutual funds. The Plan defines fair value as the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Mutual funds are stated at fair value, which is the quoted market price in an active market of the shares owned on the last day of the Plan year.

Fully benefit-responsive GICs are reported at contract value. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. Generally, contract value is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment.

Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Employee contributions are recorded when withheld. Employer contributions are recorded when earned.

Dividends

Dividends paid are automatically reinvested.

Administrative Expenses

To the extent the Company is required by law or elects to pay such expenses, the Plan Sponsor shall be responsible for paying such Plan expenses. Administrative expenses are paid by the Company for active employees. Any administrative fees associated with the maintenance of participant accounts who are no longer actively employed by the Company are charged to the participant by the Trustee.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides various investment options to its participants. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

3. Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the years then ended, included in the Plan's financial statements and supplemental schedule that were prepared by or derived from information prepared by the Trustee of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.

	2025	2024
Statements of Net Assets Available for Benefits		
Investments at fair value:		
Mutual funds	$ 91,476,145	$ 73,176,918
Investments at contract value:		
Guaranteed investment contract	3,588,582	3,596,041
Statements of Changes in Net Assets Available for Benefits		
Interest and dividends	3,478,569	2,801,250
Net appreciation/(depreciation) in fair value of investments	10,247,280	5,797,441

Supplemental schedule: All investment balances and information included in the supplemental Schedule of Assets (Held at End of Year) excluding Notes receivable from participants.

Notes 5 and 6: All investment balances and investment information, excluding the level of investments in Note 5, Fair Value Measurements.

4. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Voya. Voya received an opinion letter from the Internal Revenue Services (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

5. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

Fair Value Hierarchy

The Plan has categorized its financial instruments into a three level hierarchy based on the priority of the inputs to the valuation technique.

If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument.

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

- Level 1 - Unadjusted quoted prices for identical assets or liabilities in an active market. The Plan defines an active market as a market in which transactions take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Quoted prices in markets that are not active or values based on inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.
- Level 3 - Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These valuations, whether derived internally or obtained from a third party, use critical assumptions that are not widely available to estimate market participant expectations in valuing the asset or liability.

The following table presents the Plan's hierarchy for its assets measured at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 91,476,145	$ —	$ —	$ 91,476,145
Total assets at fair value	$ 91,476,145	$ —	$ —	$ 91,476,145

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 73,176,918	$ —	$ —	$ 73,176,918
Total assets at fair value	$ 73,176,918	$ —	$ —	$ 73,176,918

Valuation of Financial Assets at Fair Value

The following valuation method was used by the Plan in estimating the reported values for the investments described below:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

6. Fully Benefit-Responsive Investment Contract

As of December 31, 2025 and 2024, the Plan maintained one GIC related investment option, the Voya Fixed Account. The underlying investment of the Voya Fixed Account consists of the Separate Account D (the “Contract”) issued by Voya Retirement Insurance and Annuity Company. The contract owned by the Plan is considered fully benefit-responsive in accordance with ASC Topic 962, “Plan Accounting - Defined Contribution Pension Plans.” Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As of December 31, 2025 and 2024, the contract value of the investments in insurance contracts was $3,588,582 and $3,596,041, respectively.

The earnings of the GIC investment are based on an interest rate applied to each participant’s outstanding balance. The interest rates are analyzed and may be reset by the GIC issuer at any time for the Contract provided that no such change has been made prior to the last day of the three-month period measured from the first day of the month such change was effective.

Premature termination in whole or in part of the Contract is at the discretion of the Plan Sponsor and generally involves a payment adjusted to its fair value. If the Plan Sponsor directs the issuer in a notice to pay the account value upon termination, the issuer will pay the surrender value (account value adjusted by market value) in a single lump payment or by spreading payments over a five year period including interest.

The interest credited to participants in the Contract for years ended December 31, 2025 and 2024 was 2.00% and 1.90%, respectively . As of December 31, 2025 and 2024, the Contract has a guaranteed minimum interest rate of no less than 1.00%, no restrictions on the use of Plan assets, and there are no valuation reserves recorded to adjust contract amounts. Fund performance, net cash flows of the Plan investments, and duration of assets are factors that could influence the average interest credited rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); or (2) changes to the Plan's prohibition on competing investment options. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

The GIC issuer may discontinue the contract with the Plan under the following circumstances:

- An error, omission, or misrepresentation in the application;
- Where the yield on investments would not support the minimum interest rate guaranteed under the Fixed Account;
- Where the revenue under the Contract is less than needed to maintain the Contract;
- Where there is a change in the Plan or the administrative practices of the Plan;
- Where there is a change in the services to be provided by the issuer to the Plan;
- If the issuer intended to cease issuing new contracts of the type of which this Contract is a class.

7. Related Party Transactions and Exempt Party-in-Interest Transactions

Plan investments include shares of investment funds that are managed by an affiliate of Voya. As Voya is the Plan's trustee and recordkeeper, these transactions qualify as exempt party-in-interest transactions. Mutual fund management fees will reduce the return earned by these funds. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

8. Subsequent Events

The Plan has evaluated subsequent events for recognition and disclosure through August 6, 2026, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.
