Independent Auditor's Report

To the Participants and Employee Benefits Committee
L3 Technologies Funded Group Health and Welfare Plan for Retired Participants
Melbourne, FL

Opinion

We have audited the financial statements of L3 Technologies Funded Group Health and Welfare Plan for Retired Participants (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the statements of benefit obligations as of December 31, 2025 and 2024, and the related statement of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the Plan's net assets available for benefits and plan benefit obligations as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, and the benefit obligations as of December 31, 2025 and 2024, and the changes in benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

L3 Technologies Funded Group Health and Welfare Plan for Retired Participants

Notes to the Financial Statements

Note 1. Description of Plan

The following description of the L3 Technologies Funded Group Health and Welfare Plan for Retired Participants (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan agreement for a complete description of the Plan's provisions, which is available from plan management.

General

The Plan provides health and other benefits to eligible employees and covered dependents of L3Harris Technologies, Inc. (the Company).

On June 29, 2019, L3 Technologies, Inc. (L3) completed its merger with Harris Corporation (Harris) to create L3Harris Technologies, Inc. (the Company) (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was amended and restated effective January 1, 2021. The plan document changes the Plan Sponsor from L3 Technologies Inc. to L3Harris Technologies, Inc. The plan document allows for participation in the HRA for additional eligible retirees and their dependents. Due to the availability of this new benefit, the Plan Sponsor terminated group medical, dental, and vision coverage for certain retirees and their dependents who are eligible for Medicare and not subject to a collective bargaining agreement.

Certain Plan assets are held in two voluntary employees' beneficiary association (VEBA) trusts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

Coverage for expenses or benefits incurred on or after January 1, 2014, by a participant or eligible dependent is provided for in the Applicable Benefits Programs (ABP). The following areas of benefit coverage constitute the ABP, and the terms of the applicable agreements are incorporated into the Plan: self-insured and fully insured benefits (medical, vision and life).

The Plan has a health reimbursement arrangement (HRA), which is administered by Inspira and Willis Towers Watson. During the year, Alight Solutions, LLC, benefits administrator for the Plan, calculated the notional balance available for each participant and provided balances to Inspira and Willis Towers Watson. Inspira and Willis Towers Watson track the on-going balance and apply the new annual allotment to the account for the total balance. Any claims processed through the HRA are funded by the Company. The HRA allows eligible participants to be reimbursed tax free for qualified health care expenses.

The benefits are paid by the Company from the 401(h) Account for qualifying expenses, the Company's general assets, the VEBA trusts and retirees' contributions. These benefits are administered by claims administrators. In accordance with the terms of the agreement with the claims administrators, the Plan pays fees based on the number of claims under management.

The rights and conditions for retiree medical benefits with respect to the benefits payable pursuant to the ABP shall be determined exclusively from the ABP provisions which provide for the payment of benefits under this Plan. No benefits shall be payable under the Plan other than the benefits provided by the ABP.

Stop Loss Coverage

The Plan has entered into a stop-loss insurance arrangement for Integrated Systems VEBA participants under the age of 65 in an effort to limit its exposure for self-insured benefits (individual participant claims over $1 million, as well as its aggregate exposure for all claims).

401(h) Account

The Plan includes a health and welfare component, in addition to normal retirement benefits, to fund a portion of the postretirement obligations for retirees and their beneficiaries in accordance with section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the L3Harris Technologies Consolidated Pension Plan (formerly the L3Harris Aviation Products Pension Plan) for the net assets related to the medical benefit component (the 401(h) account).

In accordance with IRC Section 401(h), the Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. Any assets transferred to the 401(h) Account from the Plan in a qualified transfer of excess pension plan assets (and any income allocable thereto) that are not used during the plan year must be transferred out of the account into the Plan. Employer contributions or qualified transfers to the 401(h) Account are determined annually at the discretion of the Plan Sponsor. The related obligations for health benefits are not included in the L3Harris Technologies Consolidated Pension Plan obligations but are reported as obligations in the accompanying financial statements of the Plan.

Eligibility

L3 established the L-3 Communications Funded Group Health and Welfare Plan (the Former Plan) effective January 1, 2008, and subsequently amended the plan. Effective January 1, 2014, the Former Plan was segregated into two plans: the L-3 Communications Funded Group Health and Welfare Plan for Active Participants, and the Plan. The Plan includes eligible retirees of L3Harris Integrated Systems Pension Plan for Greenville Hourly Employees and L3Harris Integrated Systems Pension Plan (collectively Integrated Systems) and is intended to include an accident and health plan within the meaning of Section 105(e) of the Internal Revenue Code (the IRC). Effective December 31, 2020, the L3Harris Integrated Systems Pension Plan merged into the L3Harris Salaried Pension Plan (L3Harris SPP). Effective December 31, 2022, the L3Harris SPP merged into the L3Harris Aviation Products Pension Plan. Those retired participants in the Former Plan whose benefits were paid through a VEBA, became participants in the Plan. No changes to the benefits programs were made as a result of the spin off from the Former Plan. The Plan provides benefits for those individuals of Integrated Systems who are or become participants (i.e., retired) on or after January 1, 2014 and provides benefits only with respect to eligible expenses incurred on behalf of such participants and their eligible dependents on or after January 1, 2014.

Effective in 2016, all plan participants that transferred to or from L3Harris Integrated Systems Pension Plan for Greenville Hourly Employees to L3Harris Integrated Systems Pension Plan will continue to be eligible for postretirement medical benefits if the participants do not meet the eligibility requirements in the L3Harris Integrated Systems Pension Plan.

Contributions

The Plan is sponsored by the Company and may be funded with contributions from the Company and eligible retirees. The Company contributes such amounts determined by the Plan's actuary in order to provide the Plan with assets sufficient to meet the benefits to be paid to plan participants. The amount of contributions, if any, required from eligible retirees shall be determined from time to time by the Company and any change in these amounts shall be communicated to participating eligible retirees.

The funds are held with Northern Trust Company (the Trustee or Northern Trust). The trusts for the L3 Technologies Group Health Plan's Bargained Group and Non- Bargained Group hold assets within the Master Trust to pay the covered benefits for former employees of Integrated Systems eligible to receive employer subsidized retiree health benefits under the Plan, as well as fringe benefits. The two trusts are collectively referred to herein as the VEBA Trusts. The Plan did not receive any contributions from the Company during 2025. The Plan received contributions in the amount of $83 from the retirees during 2025.

Insurance Premiums

The Company pays insurance premiums to certain insurance carriers for the Plan's fully insured arrangements under the Plan.

Third-Party Administrators

The Company utilizes third-party administrators for the administration of the Plan's self-insured medical and prescription drug arrangements, and for the administration of the Health Reimbursement Arrangement accounts under the terms of the applicable administrative service agreement. However, the responsibility for payment of benefits is retained by the Plan and Trust.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investment assets of the Plan are primarily maintained in the Plan's two VEBA trusts, which are administered by the trustee. The Plan also has assets within the L3Harris Technologies Consolidated Pension Plan 401(h) Account, which is administered by the Trustee. The fair value of the Plan's interest in the Master Trust in which the 401(h) Account is held is determined based on the beginning of year value of the 401(h) Account plus actual contributions and investment income less actual distributions and actual administrative expenses. The Master Trust's investment income is allocated based upon the relationship of the 401(h) Account's respective ending monthly balance in the investment pool to the total investments of the Master Trust, as determined on a monthly basis. Assets held in the Master Trust primarily consist of equity securities, fixed income securities, common collective trusts, hedge funds, partnerships/joint ventures, other and short-term investments. See the L3Harris Technologies Consolidated Pension Plan financial statements for a description of the valuation methodologies of the assets of the Master Trust. The Master Trust records investment transactions on the trade date, dividend income on the ex-dividend date, interest income as earned, and determines realized gains and losses on sales of securities based on the average cost method. The 401(h) Account's net investment income from the Master Trust is included in the net increase in 401(h) Account on the statements of changes in net assets available for benefits.

Investments held in the VEBA trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies and procedures and reports to the Plan's Employee Benefit Committee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Investment income includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Premiums paid by either the Company or the VEBA trusts are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Benefit payments are net of prescription drug program reinsurance benefit refunds and are recorded when paid by the Company to the third-party claims administrator.

Medicare Subsidy

The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy. The Company has included the effects of the Medicare subsidy in measuring its postretirement benefit obligation; therefore, the Plan's postretirement benefit obligations differ from that of the Company.

Health Reimbursement Arrangement

Notional amounts remaining at the end of the year can generally be carried over to the next year. These carryover balances are included in the amount reported as the postretirement benefit obligation in the amount of $9,873 and $9,288 as of December 31, 2025 and 2024, respectively. The Company is not permitted to refund any part of the balance to the employee. The account cannot be used for any purpose other than reimbursements for qualified health care expenses. The remaining amounts are forfeited upon the participant's death or their beneficiary depending on the participant's election.

Management's Review of Subsequent Events

Management has evaluated subsequent events for the Plan through October 9, 2026, the date the financial statements were available to be issued.

Note 3. Postretirement Benefits

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to (a) currently retired or terminated employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after retirement from service with the Company.

The actuarial present value of expected postretirement benefit obligation is determined by the Plan's actuary, and is that amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan's total benefit obligations include the Plan's liability for claims incurred but not reported and the Plan's liability for claims reported but not processed as of December 31, 2025 and 2024. The Plan's liability for claims incurred but not reported is estimated by the Company utilizing prior claims experience and the expected time period from the date such claims are incurred to the date that the related claims are submitted and paid.

The significant actuarial assumptions used to determine the postretirement benefit obligations as of December 31, 2025 and 2024 were as follows:

Mortality Basis:	
Non-Bargained:	For 2025 and 2024, the assumed mortality rates are from the gender-specific Headcount-Weighted Pri-2012 White Collar Employee, Healthy Retiree, and Contingent Survivor tables. These assumed rates are projected generationally with the Gallagher MP-2021 Improvement Scale.
Bargained:	For 2025 and 2024, the assumed mortality rates are from the gender-specific Headcount-Weighted Pri-2012 Blue Collar Employee, Healthy Retiree, and Contingent Survivor tables. These assumed rates are projected generationally with the Gallagher MP-2021 Improvement Scale.
Retirement:	
Non-Bargained:	Non-Bargained Group: Retirement at ages 55 to 70, at varying rates with 100% at age 70.
Bargained Group:	Bargained Group: Retirement at ages 60 to 70, at varying rates with 100% at age 70.
Discount Rate for the determination of the present value of postretirement benefits obligations:	Non-Bargained: 5.46% (2025) and 4.90% (2024). Bargained: 5.53% (2025) and 4.95% (2024).

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the benefit obligations.

Note 4. Claims Incurred but not Reported

Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Common collective trusts: Common collective trusts are valued at NAV and are arrangements in which assets from several accounts are pooled to avail themselves of professional investment management and achieve greater diversification of investment, stability of income, or other investment objectives. Common collective trusts are reported at NAV, as of the measurement date. NAV is used as a practical expedient to estimate fair value.

The Plan's investments are all valued at NAV as of December 31, 2025 and 2024.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively.

	2025	2024
Common collective trust - Equity Based (a)		
Fair value	$ 31,903	$ 27,083
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None
Common collective trust - Fixed Income Based (a)		
Fair value	$ 4,771	$ 4,450
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None
Common collective trust - U.S. Govt Select Portfolio (b)		
Fair value	$ 6,030	$ 6,577
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

(a) The Plan's common collective trusts consist of equity and fixed income index funds. The funds' investment objective is to match the total return of their associated index by purchasing securities included in that index.

(b) This fund invests primarily in securities issued or guaranteed as to principal and interest by the U.S. government, its agencies or instrumentalities. The fund seeks potentially higher yields than a portfolio that invests in only Treasury securities, while maintaining high credit quality.

Note 6. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and unrelated business income tax. These expenses are reported on the statements of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid from the Master Trust. Administrative expenses are charged to the Master Trust at the direction of the Company and allocated to the 401(h) Account based on their respective portion of the Master Trust's expenses. Investment management fees of the Master Trust are allocated to the 401(h) Account based upon the relationship of the 401(h) Account's respective ending monthly balance in the investment pool to the total investments of the Master Trust, as determined on a monthly basis.

Note 7. Tax Status

The VEBA Trusts funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service (IRS) dated June 23, 2005 for the Non-Bargained Group VEBA and August 1, 2005 for the Bargained Group VEBA, stating that the trust is tax exempt under the provisions of Section 501(c)(9) of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. The plan recorded $89 and $86 of federal income taxes during 2025 and 2024, respectively, for unrelated business taxable income. In addition, the Plan and related trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan recognizes unrelated business income tax expense, accrued interest, and penalties in administrative expenses. There were no interest and penalties included in the Plan's financial statements.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, remaining assets will be segregated and held or disposed of by the Trustee in accordance with the written order of the Plan's administrative committee. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

Note 9. Exempt Party-in-Interest Transactions

Certain plan assets are invested in common collective trusts and managed by Northern Trust Company, the Plan's trustee. These assets and related transactions qualify as exempt party-in-interest transactions.

As described in Note 1, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan or Master Trust. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

Note 10. 401(h) Account

A portion of the Plan's obligations are funded through contributions to the L3Harris Technologies Consolidated Pension Plan in accordance with IRC Section 401(h). The following table presents the components of the net assets available for such obligations and the related changes in net assets available.

The Plan's net assets available for postretirement health and welfare benefits in 401(h) account at December 31, 2025 and 2024 are in the Master Trust. The Plan's percentage interest in the Master Trust through the 401(h) Account associated with the L3Harris Technologies Consolidated Pension Plan was 0.74% and 0.63% at December 31, 2025 and 2024, respectively. See the L3Harris Technologies Consolidated Pension Plan financial statements for disclosures related to the Master Trust and 401(h) Account and changes therein.

The Plan's changes in net assets available for postretirement health and welfare benefits in 401(h) account at December 31, 2025 is as follows:

Plan's interest in the Master Trust investment income	$	5,227
Participant contributions		721
Health and welfare benefits paid to retirees		(3,500)
Administrative expenses		(422)
Net increase in net assets available for benefits	$	2,026

Note 11. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 95,586	$ 88,988
Net assets held in 401(h) account	(52,962)	(50,936)
Benefit obligations currently payable	(74)	(99)
Net assets available for benefits per Form 5500	$ 42,550	$ 37,953

The following is a reconciliation of claims paid per the financial statements for the year ended December 31, 2025, to Form 5500:

Claims paid per the financial statements	$ 562
Amounts payable at December 31, 2025	74
Amounts payable at December 31, 2024	(99)
Claims paid per Form 5500	$ 537

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2025, to Form 5500:

Total additions per the financial statements	$ 7,505
Net investment in the 401(h) account	(2,026)
Total additions per Form 5500	$ 5,479

Claims and premiums that have been processed and approved for payment by the Plan at year-end, but not paid and claims incurred but not reported are not considered liabilities under US GAAP and, therefore, are not presented as liabilities or claims and premiums paid in the accompanying financial statements but are recorded on the Form 5500 as a liability.

The net assets and related activity of the 401(h) account included in the financial statements are not included in the Form 5500 because the assets are held by the L3Harris Technologies Consolidated Pension Plan.
