# Independent Auditors' Report

To MidAmerican Employee Benefits Plans Administrative Committee of
MidAmerican Energy Company Welfare Benefit Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of MidAmerican Energy Company Welfare Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MidAmerican Energy Company Welfare Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MidAmerican Energy Company Welfare Benefit Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MidAmerican Energy Company Welfare Benefit Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MidAmerican Energy Company Welfare Benefit Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MidAmerican Energy Company Welfare Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Note 1 – Description of Plan**

The following description of MidAmerican Energy Company Welfare Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

**General** – The Plan provides life, health, and welfare benefits to participating retirees and participating employees, their spouses or beneficiaries (collectively, Participants) of MidAmerican Energy Company and participating affiliates including Berkshire Hathaway Energy Company (Berkshire Hathaway Energy), formerly known as MidAmerican Energy Holding Company, Kern River Gas Transmission Company, Northern Natural Gas Company, BHE Renewables, LLC, formally known as MidAmerican Energy Renewables, LLC, BHE U.S. Transmission, LLC, formally known as MidAmerican Transmission, LLC, Carolina Gas Services, Inc., Eastern Gas Transmission and Storage, Inc., Modular LNG Holdings Inc., BHE Compression Services, LLC, and Volantes, LLC (collectively, MidAmerican or the Company).

Eligible employees include all full-time or part-time employees of participating affiliates, and corporate or salaried utility employees of MidAmerican Energy Company as of the first day of employment excluding any individual in the role of Associate Customer Experience Agent. An eligible retiree is any person who has retired from the Company and has met the Company's requirements for retirement. Active employee participant claims, premiums and administrative fees are paid out of the Company's current assets and are included in the Plan.

Retiree claims, premiums, and administrative fees are paid out of trust funds established for such purpose and are included in the Plan. The Plan assets are held in the following trusts: the MidAmerican Energy Company Master VEBA Trust for NonBargaining Employees (the MEC Salaried Trust) and the MidAmerican Energy Company Master VEBA Trust for Bargaining Employees (the MEC Bargaining Trust) (collectively, the Trusts).

**Plan administration** – The Plan became effective January 1, 1998, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is funded through trusts established pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC). MidAmerican has appointed the Employee Benefits Plans Administrative Committee (the Administrative Committee) to serve as the Plan Administrator and a named fiduciary under ERISA. The Plan Sponsor has delegated to the Administrative Committee the responsibility of implementing the provisions of the Plan. The Administrative Committee has appointed Bank of New York Mellon to act as the trustee.

**Benefits** – The Plan provides basic life insurance benefits as well as health benefits (such as medical, hospital, vision, and dental) including a prescription program. Medical benefits are generally subject to individual and family deductibles as well as co-payment of expenses up to a defined limit. The Plan also pays premiums for life and long-term disability coverage. Medicare-eligible retirees and their dependents enroll in individual medical plans, rather than Company-sponsored plans, under which MidAmerican Energy Company contributes fixed amounts to the participant's health reimbursement account (HRA). The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

**Insured benefits** – The Plan fully insures the life insurance benefits, accidental death and dismemberment (AD&D), and long-term disability benefits. The Company purchases annual insurance contracts for these insured benefits. Premiums are paid to the insurance company from the assets of the VEBA trust or the general assets of the Company.

**Self-insured benefits** – All other plan benefits are self-insured. The claims for self-insured benefits are processed by the Plan's third-party claims processors under the administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by either the Plan's VEBA trust or general assets of the Company. Despite the Plan's utilization of third-party claims processors, ultimate responsibility of payments to providers and participants is retained by the Plan.

The Plan has a HRA that is funded solely through Company contributions. The HRA allows eligible retirees to be reimbursed tax free for qualified medical expenses subject to a specified ceiling. Amounts remaining at the end of the year can generally be carried over to the next year. The employer is not permitted to refund any part of the balance to the retiree; the account cannot be used for anything other than reimbursement for qualified medical expenses.

**Contributions**

*Employer* – MidAmerican funds the Trusts in accordance with the requirements of state and federal rate regulators. MidAmerican also contributes to the Plan on an as-needed basis to cover the payment of health, life, and long-term disability benefits for active employees by paying the claims out of the Company's current assets.

*Retired participants* – Contributions by under age 65 retirees for health and life insurance premiums are remitted to the Plan Administrator and are included in the Plan. Retiree premiums are calculated by MidAmerican and are based on the premium structure in effect when the individual retires.

*Active participants* – Contributions by active employees for health, life, and long-term disability premiums are remitted directly to the Company through payroll deductions and are included in the Plan.

**Investment funds** – The mutual funds are comprised of publicly traded equity and fixed income mutual funds. The fixed investment securities are comprised primarily of corporate and government bonds. The cash investment funds are comprised primarily of money market investment accounts.

**Note 2 – Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the benefit obligations at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

**Investment valuation and income recognition** – Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Treasury Group determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Claims incurred but not reported** – Plan obligations at December 31 for claims incurred but not reported are estimated based on subsequent actual occurrences and historical claims data provided by the Plan's third-party administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

**Administrative expenses** – Payments for expenses incurred in the operation and administration of the Plan are paid by the Plan, including trustee fees, investment management fees, administration fees, and actuary fees.

**Payment of benefits** – Premiums paid by either the Company or the Trusts are recorded as insurance premiums in the accompanying statements of changes in net assets available for benefits.

Claims payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have not been reimbursed by the Plan are recorded as payable to the benefit providers in the accompanying statements of benefit obligations. Short-term disability payments are processed through the Company's payroll system and paid from the general assets of the Company. These payments are recorded as claims paid in the accompanying statements of changes in net assets available for benefits.

**Unrelated business income tax** – The MEC Salaried Trust is subject to unrelated business income tax on its taxable income. Taxable income includes investment income (excluding unrealized gains or losses) less directly connected expenses and is taxed at the trust rate. Provisions for the unrelated business income tax are reflected in the financial statements. The Plan has filed all required tax returns and made all resulting tax payments.

**Refund payable** – During 2025, the Plan received a refund of $9.3 million from the Internal Revenue Service (IRS) that the Company believes may be subject to repayment. Accordingly, the Plan recorded a liability for the full amount of the refund pending review and resolution of the matter with the IRS.

**Postretirement benefits** – The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to eligible employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) certain currently retired employees and their beneficiaries and dependents and (2) active eligible employees and their beneficiaries and dependents after retirement from service with the Company. Salaried employees hired after June 30, 2004, employees represented by Local 738 and Local 499 – Fort Madison hired on or after January 1, 2005, and employees represented by Local 109 or 499 hired on or after July 1, 2006, are not eligible for postretirement benefits. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service rendered to the valuation date. As a result of the acquisition of certain employees from Dominion Energy, the Plan will continue to provide postretirement welfare benefits using the same design as under The Dominion Energy Retiree Health & Welfare Plan.

The actuarial present value of the expected postretirement benefit obligation is determined by the Plan's independent actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by retired participants and other providers. For Medicare-eligible participants, the amount is the present value of the cumulative balance of participant's health reimbursement accounts to be provided in future years. The weighted-average health care cost trend rate assumption has a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rates increased by one percentage point each year, it would increase the obligation as of December 31, 2025 and 2024, by approximately $5.0 million and $6.3 million, respectively.

The following are other significant assumptions used in the valuations of the Plan as of December 31:

| | 2025 | 2024 |
|---|---|---|
| Discount rate | 5.45% | 5.70% |
| Health care cost trend rate for next year | 7.00% | 7.00% |
| Ultimate cost trend rate | 5.00% | 5.00% |
| Year to achieve ultimate trend | 2035 | 2033 |
| Average retirement age | Ranging from 4% retiring at 55 to 100% retiring at 70 or later | Ranging from 4% retiring at 55 to 100% retiring at 70 or later |
| Mortality | Pri-H- 2012 Mortality Table | Pri-H-2012 Mortality Table |

**Subsequent events** – The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

**Note 3 – Fair Value of Investments**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

*Cash investment funds* – Held primarily in short-term money market commingled funds, which are valued at cost, which approximates fair value.

*Fixed income securities* – Level 1 assets are valued at the closing price reported on the active market on which the individual securities are traded. Level 2 assets are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments and includes adjustments for certain risks, such as credit and liquidity risks or a broker quote, if available.

*Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The equity funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy, including the major categorization for debt and equity securities on the basis of the nature and risk of the investments, a summary of the Plan's investments measured at fair value on a recurring basis at December 31:

| | Fair Value Measurement at December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 270,242,081 | $ - | $ - | $ 270,242,081 |
| Fixed income securities | 2,305,329 | 35,491,195 | - | 37,796,524 |
| Cash investment funds | 30,657,811 | - | - | 30,657,811 |
| Investments in the fair value hierarchy | $ 303,205,221 | $ 35,491,195 | $ - | $ 338,696,416 |

| | Fair Value Measurement at December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 264,022,890 | $ - | $ - | $ 264,022,890 |
| Fixed income securities | 1,880,973 | 31,185,473 | - | 33,066,446 |
| Cash investment funds | 7,506,882 | - | - | 7,506,882 |
| Investments in the fair value hierarchy | $ 273,410,745 | $ 31,185,473 | $ - | $ 304,596,218 |

**Transfer between levels** – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between levels for the years ended December 31, 2025 and 2024.

### Note 4 – Exempt Party-in-Interest Transactions

At December 31, 2025 and 2024, Berkshire Hathaway, Inc. owned a controlling interest in the common and preferred stock of the Plan Sponsor's ultimate parent, Berkshire Hathaway Energy. Berkshire Hathaway, Inc. owned a 27% share of Occidental Petroleum Corp as of December 31, 2025. Berkshire Hathaway, Inc. owned a 28% share of Occidental Petroleum Corp as of December 31, 2024. Transactions with these entities qualify as party-in-interest transactions. The fixed income securities of these companies held by the Plan as of December 31 are below:

| | 2025 | | |
|---|---|---|---|
| | Shares/Par | Cost | Fair Value |
| Occidental Petroleum Corp | 10,000 | $ 10,020 | $ 10,248 |
| Total fixed income securities | 10,000 | $ 10,020 | $ 10,248 |

| | 2024 | | |
|---|---|---|---|
| | Shares/Par | Cost | Fair Value |
| Occidental Petroleum Corp | 43,000 | $ 42,872 | $ 43,027 |
| Total fixed income securities | 43,000 | $ 42,872 | $ 43,027 |

During 2025 and 2024, these securities were bought and sold by the Plan as follows:

| | Shares/Par | Cost |
|---|---|---|
| 2025 Purchases | | |
| No purchases in 2025 | | |
| 2024 Purchases | | |
| Fixed income securities | | |
| American Express Co | 10,000 | $ 10,000 |
| Bank of America | 20,000 | 19,934 |

**Note 5 – Federal Income Tax Status**

The Trusts, which were established under the Plan to hold the Plan's assets, are intended to qualify pursuant to Section 501(c)(9) of the IRC and, accordingly, the Trusts' net investment income is exempt from income taxes, except when subject to federal income tax on "unrelated business taxable income". The Trusts have obtained an exemption letter dated October 29, 2003, from the Internal Revenue Service (IRS), and the Plan Sponsor believes that the Trusts, as amended, continue to qualify and to operate in accordance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trusts are tax-exempt.

Under IRC Section 512, the MEC Salaried Trust is required to pay federal income taxes on any "unrelated business taxable income." For 501(c)(9) organizations, federal income taxes are required to be paid on the lesser of investment income or the excess of actual reserves over the IRC Section 419(a) reserve limit.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 6 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of the postretirement benefit obligation is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. The liability for claims payable and claims incurred but not reported (IBNR) was estimated using Plan provisions, the number of eligible participants, and the actual lag patterns of the Plan. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**Note 7 – Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for, or on account of, participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

**Note 8 – Certified Investment Information**

The following is a summary of certified information regarding the Plan as of and for the years ended December 31, 2025 and 2024, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Bank of New York Mellon, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate. In addition to the summary below, the certification encompasses investment information and investment balances in the supplemental schedules and Note 3 (excluding the determination of investment level classifications) of this report.
