Report of Independent Auditor

To the Plan Administrator
Mosaic Group, LLC 401(k) Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mosaic Group, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

General – The following brief description of the Mosaic Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete explanation of the Plan's provisions.

The Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, covers all employees of the Mosaic Group, LLC and its participating affiliated employers (the "Company" or "Employer") who meet the eligibility requirements of the Plan. The Plan was established effective January 1, 2019, and was most recently amended effective January 1, 2025. The most recent amendment was executed due to a change in the safe harbor matching determination period from each payroll period to the Plan year.

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company outsourced the recordkeeping function of the Plan. Reliance Trust Company ("Reliance") and Standard Insurance Company ("The Standard") hold the assets of the Plan. See Note 3 for more information.

Eligibility and Participation – Participation in the Plan is voluntary. All employees who are 21 years of age and who have completed six months of service are eligible to participate. Under the Plan, those eligible to participate are all employees of the Company who are not members of a collective bargaining unit and who are not non-resident aliens, leased employees, or part-time employees with less than 1,000 hours of service during the Plan year.

Contributions – Contribution amounts are limited in order to comply with Internal Revenue Service ("IRS") regulations. The participants' basic annual contributions cannot exceed $23,500, and an additional $7,500 for catch-up contributions for participants who are 50 or older. For the year ended 2025, the maximum catch-up contribution permitted by the IRS regulations for participants that were ages 60-63 during the Plan year was $11,250 (instead of $7,500). The Plan provides for catch-up contributions by participants who have attained the respective age requirements before the close of the Plan year, to satisfy the alternative methods of meeting nondiscrimination requirements. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may designate certain contributions into the Plan as Roth elective contributions. Designated Roth contributions will be included in the gross taxable income of the participant, while distributions of designated Roth elective contributions and earnings thereon are generally excludable from the participant's taxable income.

The Company provides safe harbor matching contributions and discretionary-matching contributions. Safe harbor matching contributions are equal to 100% of a participant's first 3% of contributions and 50% of participant's contributions from 3% to 5%, capped at a total of 4%. Discretionary-matching contributions may be made equal to up to 6% of participant's eligible compensation. There were no discretionary-matching contributions during the year ended December 31, 2025.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of: (a) the Company's contributions and (b) investment earnings or losses (including net appreciation and depreciation in fair value of investments) and charged with benefit payments and transaction fees related to distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants are fully vested in their elective contributions, Employer safe harbor matching contributions, and any rollover contributions, plus or minus any earnings or losses thereon. Vesting in the discretionary matching, plus or minus actual earnings or losses thereon, is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	Percent Vested
1 year	0%
2 years	50%
3 years	100%

Investment Options – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with the Plan. Within the Plan, participants may select between several investment options including mutual funds and fixed guaranteed investment contracts. Participants may transfer balances periodically based on the applicable funds as defined in the custodial service agreement.

Benefit Payments – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service for other reasons, distribution of the value of the participant's vested interest in his or her account will begin as soon as possible after the participant's request. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in the Internal Revenue Code ("IRC") Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, payments for burial or funeral expenses, payment of expenses arising from federal declared disasters, or any other condition which the Commissioner of the IRS determines is deemed an immediate and financial need of the participant. Any distributions will be taken first from the participant's pre-tax deferral account and then from the participant's Roth deferral account.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $-0- and $724, respectively. The accounts will be used to reduce future matching contributions or pay administrative expenses. During 2025, $2,282 was used to reduce Employer-matching contributions.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Note 2—Summary of significant accounting policies (continued)

Benefit Payments – Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for fully benefit-responsive investments, which are reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements – U.S. GAAP describes three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Certain investments previously presented within common collective funds as of December 31, 2024 have been reclassified to mutual funds in Note 4 to conform with the presentation as of December 31, 2025. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Note 2—Summary of significant accounting policies (continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments Payable – The Plan records benefits owed to eligible participants and beneficiaries for benefits that have been requested as of the end of the Plan year but have not been paid. As of December 31, 2025 and 2024, benefit payments payable were $47,689 and $-0-, respectively.

Operating Expenses Payable – The Plan records operating expenses owed to The Standard for fees relating to distributions that have been requested as of the end of the Plan year but have not been paid. As of December 31, 2025 and 2024, operating expenses payable were $210 and $-0-, respectively.

Contributions Receivable – The amount of participant related contributions that have been deducted from the participant's payroll as of the end of the year, but have not been deposited with the Plan until after the end of the year, is reflected as a participant contributions receivable in the Plan's financial statements. In addition, any contributions due and payable by the Company are reflected as Employer contributions receivable in the Plan's financial statements.

Note 3—Information certified by the qualified institutions

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance and The Standard, the qualified institutions, have certified to the completeness and accuracy of the following data included in the accompanying financial statements:

Investments, at fair value, non-interest bearing cash, and fully benefit-responsive investment contract, at contract value, as of December 31, 2025 and 2024 as shown in the statements of net assets available for benefits.

Net appreciation in fair value of investments and dividend and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

Schedule of Assets (Held at End of Year) Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

The following summarizes the Plan's investments based upon the fair value hierarchy levels discussed in Note 2 as of:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 5,549,399	$ -	$ -	$ 5,549,399
Total Investments	$ 5,549,399	$ -	$ -	$ 5,549,399

	December 31, 2024			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$3,904,825	$ -	$ -	$ 3,904,825
Total Investments	$ 3,904,825	$ -	$ -	$ 3,904,825

Note 5—Fully benefit-responsive investment contract

The Plan has invested in investment contracts at December 31, 2025 and 2024, which includes a guaranteed investment account, which was determined to be fully benefit-responsive. As a result of the contract being fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The general investment account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7—Income tax status

The IRS has determined and informed the Plan prototype sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Company has chosen to rely on the opinion letter issued to the plan prototype sponsor. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, the Plan and related trust continue to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Parties-in-interest transactions

Certain Plan investments are managed by the qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, which qualify as party-in-interest transactions. The Plan also uses Gallagher Fiduciary Advisors ("Gallagher") for investment advisory services and The Standard as a third party administrator. Expenses paid to the qualified institutions, Gallagher and The Standard for the year ended December 31, 2025 totaled $53,690. While these transactions qualify as party-in-interest activity, they are expressly exempted from prohibited transaction rules (ERISA, Title I, Section 408(b)).

Note 9—Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contributions in their accounts.

Note 10—Nonexempt transaction

During the year ended December 31, 2025, employee withholdings totaling $96,099 were not remitted to the trust within the appropriate time period by the Company. These transactions constituted prohibited transactions as defined by ERISA. The Company remitted the lost earnings to the Plan in 2026 (for 2025).

Note 11—Subsequent events

Effective January 1, 2026, the Plan was amended to change the definition of eligible compensation.

The Plan administrator has evaluated subsequent events through October 6, 2026, which is the date the financial statements were available to be issued.
