INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Everywhere Wireless 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Everywhere Wireless 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

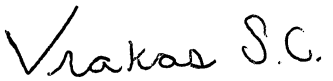

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Everywhere Wireless 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2025 through September 24, 2026, which is the date the financial statements were available to be issued.

Plan Merger - In February 2026, the Bel Air Internet, LLC 401(k) Plan merged into the Everywhere Wireless 401(k) Plan. In connection with the merger, the plan's assets and participant account balances were transferred into the Everywhere Wireless 401(k) Plan, and the plan ceased operating as a separate plan.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Everywhere Wireless is the plan sponsor, employer and plan administrator. The plan entered into an agreement with The Vanguard Group, Inc. ("Vanguard") whereby Vanguard provides retirement plan recordkeeping services to the plan. Vanguard outsources all such services to Ascensus Trust Company and Ascensus LLC, acting as the agent for Ascensus Trust Company. The two Ascensus entities are collectively referred to as "Ascensus". Ascensus is the trustee that holds custody of plan assets, the third party administrator that maintains plan documents, tax counsel that performs various compliance tests and recordkeeper that maintains investment and participant records. Cerity Partners is the plan's investment advisor and a 3(38) Investment Manager fiduciary.

Investments - The plan fiduciary/investment advisor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold and held during the years are reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - The mutual funds held by the plan are valued at the daily quoted market price as reported by the funds. The mutual funds are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - The common/collective trust held by the plan is a direct filing entity valued at its NAV as certified by Ascensus. The NAV is used as a practical expedient to estimate fair value and is generally based on the fair value of the underlying investments held by a common/collective trust fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the common/collective trust would sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,763,718	$ -	$ -	$1,763,718
Total investments in the fair value hierarchy	$1,763,718	$ -	$ -	1,763,718
Investment measured at NAV (a)				80,426
Total investments at fair value				$1,844,144

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,107,209	$ -	$ -	$1,107,209
Total investments in the fair value hierarchy	$1,107,209	$ -	$ -	1,107,209
Investment measured at NAV (a)				51,825
Total investments at fair value				$1,159,034

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2025	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$80,426	n/a	Daily	12 months

December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$51,825	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan documents for a more complete description of the plan's provisions.

General - The plan was established on January 1, 2023 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed two months of service and have reached age 18. An employee can enter the plan on the first day of the month following completion of the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (employee elective deferral contribution). The plan also permits Roth elective deferral contributions. After meeting the eligibility requirements, employees are automatically enrolled in the plan and have 3% of their compensation withheld as elective deferral contributions. These participant deferral percentages automatically increase by 1% each year until they reach a maximum of 10%. Such participants have the option to increase, decrease, or stop the deferral by completing the necessary documentation.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. Employer matching contributions may be made at the employer's discretion. There were no employer matching contributions made in 2025 or 2024.

d. Additional profit sharing contributions may be made at the employer's discretion. There were no profit sharing contributions in 2025 or 2024.

Participant accounts - Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, and an allocation of the employer contributions, if any. Earnings, including the fair value appreciation (depreciation), are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to change their investment options on a daily basis and change their deferral percentage each pay period.

Vesting - Participants' account balances are 100% vested due to no employer contributions since the plan's inception.

Payment of benefits - Benefit payments are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined as 65). Participants generally receive the distribution of their accrued benefits in the form of a single lump sum payment or partial payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative expenses of the plan are paid by the plan sponsor. Certain other expenses are paid by the plan using plan assets and recorded as administrative expenses in the accompanying financial statements. Administrative expenses paid by the plan consist of participant directed charges for distribution processing fees and nonparticipant directed administrative and service fees. The nonparticipant directed charges were paid using amounts held in the plan's forfeiture account. The forfeiture account balance primarily relates to historical excess funding and other administrative adjustments rather than forfeitures of nonvested participant accounts.

Notes receivable from participants - Participant loans are not permitted under the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA.

4. PARTY-IN-INTEREST TRANSACTIONS

Any transactions involving the plan, plan sponsor and Ascensus qualify as party-in-interest transactions. Direct fees paid by the plan to Ascensus were $9,000 in 2025 and insignificant in 2024. In addition, Ascensus receives certain indirect compensation from mutual fund service providers that is used to reduce administrative and service fees that may otherwise have been charged to the plan by Ascensus. All such party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. INCOME TAX STATUS

The plan is operating under an Ascensus Non-standardized Pre-Approved Profit Sharing Plan with CODA that received a favorable opinion letter on June 30, 2020. The letter provided by the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2025 and 2024. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY ASCENSUS

Management has obtained certifications from Ascensus, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that states the following information with respect to assets held for investment of the plan is complete and accurate.

a. Investments held for the plan and the fair values of such as of December 31, 2025 and 2024;

b. Dividends from investments and net appreciation (depreciation) in fair values of investments during 2025 and 2024; and

c. Contributions to, withdrawals from, administrative expenses, purchases, sales and inter-fund transfers between accounts during 2025 and 2024.
