EEPB 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of EEPB 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C), with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accountants' Compilation Report on the 2024 Financial Statements

Management is responsible for the accompanying financial statement of EEPB 401(k) Profit Sharing Plan which comprise the statement of net assets available for benefits as of December 31, 2024, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the Association of International Certified Public Accountants. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statement.

Note 1 – Description of the Plan

The following description of the EEPB 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally established on January 1, 2000, to provide financial benefits for eligible employees of EEPB (the "Company"). The Plan is a defined contribution plan qualified under Section 401(k) of the U.S. Internal Revenue Code ("IRC") covering substantially all employees of the Company. Effective December 1, 2024, the Plan was amended to allow for automatic enrollment contributions. Effective January 1, 2026, the Plan was amended to update the eligible class of employees, and there were no substantial changes in Plan provisions as a result of the amendment.

Employees who have completed three consecutive months of service and are at least 18 years old are eligible to participate in the Plan. Plan entry dates are the first day of each plan year and the first day of the fourth, seventh, and tenth month of each plan year. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendment and Termination

The Company may amend the Plan at any time provided that no amendment will divert any part of the Plan's assets to any purpose other than for the exclusive benefit of the participants in the Plan or eliminate an optional form of distribution.

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts will be fully vested and will be paid to the participants.

Contributions

Eligible participants are permitted to elect to have a percentage, limited by Plan provisions and subject to a maximum dollar limit as determined under IRC regulations, of their compensation contributed as pre-tax 401(k) or Roth 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan. These contributions are subject to certain limitations.

Employer contributions include Safe Harbor Matching contributions equal to one hundred percent (100%) of the participant's salary deferral up to four percent (4%) of their annual compensation. The Company also makes employer discretionary profit-sharing contributions. For the year ended December 31, 2025, the Company made matching contributions in accordance with the Plan provisions. The Company's safe harbor contributions amounted to $544,858 and profit-sharing contributions amounted to $701,949 for the year ended December 31, 2025.

Note 1 – Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, an allocation of the Company's profit-sharing contribution, and an allocation of plan earnings or losses. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Each participant's contributions are invested separately according to the participant's investment direction so that each participant's account realizes appreciation and depreciation based on related investment performance. Plan earnings are calculated and credited to the participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Administration

The Plan is administered by the Plan Administrator, who is appointed by management of the Company. The Plan's custodian, Fidelity Management Trust Company, the qualified certifying institution, is responsible for the custody and management of the Plan's assets.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, as well as the Safe Harbor matching and profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow a minimum of $1,000 and the maximum of the lesser of one-half of the vested account balance or $50,000. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence (but in no case more than 30 years). The loans are secured by the balance in the participant's account and bear interest at rates which commensurate with local prevailing rates as determined by the plan administrator. Participant loans outstanding as of December 31, 2025 had interest rates ranging from 4.25% to 9.50%, and maturity dates ranging from February 2026 to March 2032. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, reasons other than death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump-sum distribution as provided by the Plan. The Plan allows for in-service distributions available from all fully vested sources after the participant reaches the age of 59.5 years or if a participant satisfies the conditions of financial hardship. Participants may elect to defer distributions until retirement except for balances less than $5,000.

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeited nonvested accounts may be used to reduce Company contributions or pay Plan expenses. During 2025, no forfeitures were used to reduce Company contributions. At December 31, 2025, forfeited nonvested accounts totaled $9,007.

Note 1 – Description of the Plan (continued)

Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2025.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Information Prepared and Certified By the Custodian of the Plan

The following information related to investments and notes receivable from participants is disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025 was obtained by management and agreed to or derived from information certified to as complete and accurate by Fidelity Management Trust Company.

	2025
Cash and cash equivalents	$ 1,281,294
Mutual funds	32,630,793
Common collective trusts	331,147
Notes receivable from participants	164,994
Investment Income:	
Net appreciation in fair value of investments	2,994,887
Interest and dividends	1,561,843
Interest on notes receivable from participants	14,674

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived primarily from of corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed accounts: Self-directed accounts consist of exchange traded funds that are valued on the basis of readily determinable market prices.

Common collective trust fund: The common collective trust fund ("CCT") in the Plan is the Morley Stable Value Fund Class 50. The fund is valued at the net asset value based on the unit values of the underlying securities held by the Plan. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for amounts different from the reported net asset values.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,401,010	$ -	$ -	$ 31,401,010
Self-directed accounts	2,511,077	-	-	2,511,077
Total assets in fair value hierarchy	$ 33,912,087	$ -	$ -	$ 33,912,087
Common collective trust fund *				331,147
Total investments at fair value				$ 34,243,234

	Assets at Fair Value As of December 31, 2024 (compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,726,728	$ -	$ -	$ 27,726,728
Self-directed accounts	4,132,981	-	-	4,132,981
Total assets in fair value hierarchy	$ 31,859,709	$ -	$ -	$ 31,859,709
Common collective trust fund *				305,653
Total investments at fair value				$ 32,165,362

* In accordance with GAAP, certain investments that are measured at fair value using the NAV per shares (or its equivalent) practical expedient have not been classified in the fair value hierarchy table. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NAV as Fair Value

The common collective trust fund is comprised of units that are not publicly traded. The underlying assets in the fund is valued, where applicable, on exchanges and price quotes for the assets held by the fund when readily available. When current market prices or quotations are not available, valuations are determined using valuation models adopted by the fund's trustee or other inputs principally from or corroborated by observable market data. The common collective trust fund is valued at its NAV on the last day of the calendar year of the period; as a result, the investment is not classified within the fair value hierarchy.

The Plan's investment in common collective trust funds is valued at the net value of participation units held by the Plan at year-end. The value of these units is determined by the funds' trustee based on the current market values of the underlying assets of the common collective trust funds as based on information reported by the investment advisor using the audited financial statements of the common collective trust funds at year end.

Note 5 – Related Party and Party in Interest Transactions

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the plan. Administrative fees paid directly by the Company amounted to $44,610 during the year ended December 31, 2025.

Certain Plan investments are managed by Fidelity Management Trust Company, the qualified institution of the Plan, and therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

Note 6 – Tax Status

The Internal Revenue Service has issued a letter dated June 30, 2020, stating that the Plan is acceptable under Section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes 7 – Risks and Uncertainties

The Plan invests in various mutual funds. Investment in mutual funds is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	(Compiled) 2024
Net assets available for benefits per financial statements	$ 35,177,336	$ 33,129,511
Less employer contributions receivable	(769,108)	(768,175)
Net assets available for benefits per Schedule H of Form 5500	$ 34,408,228	$ 32,361,336

Note 8 – Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

	2025
Changes in net assets available for benefits per financial statement	$ 2,047,825
Change in employer contributions receivable	(933)
Changes in net assets available for benefits per Schedule H of Form 5500	$ 2,046,892

Note 9 – Subsequent Events

The Plan has evaluated all subsequent events and transactions through October 8, 2026, the date the financial statements were issued. The Plan has determined that there are no subsequent events that require recognition or disclosure in the financial statements, except for the Plan amendment indicated in Note 1.
