# Independent Auditor's Report

To the Plan Administrator
AW Industries Profit Sharing and Savings Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of AW Industries Profit Sharing and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AW Industries Profit Sharing and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Independent Auditors' Report (Continued)

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AW Industries Profit Sharing and Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AW Industries Profit Sharing and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## Independent Auditors' Report (Continued)

**Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AW Industries Profit Sharing and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AW Industries Profit Sharing and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Independent Auditors' Report (Continued)

**Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1: Description of Plan

The following description of AW Industries Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by AW Industries, Inc. (the Company) as of September 1, 1985, and restated effective February 22, 2022, under a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Fidelity Management & Research Company. The Plan covers all employees of the Company except leased employees. The Plan provides for employee voluntary contributions, employer matching and discretionary contributions, and participant-directed investments. The Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible employees to contribute an amount not to exceed the lesser of 75% of their compensation or an amount which, when added to other additions (exclusive of earnings) to a participant's account in any Plan year, does not exceed the maximum limitation on annual additions to a participant's account under the applicable provision of the IRC. Participant contributions are made through payroll deductions. Each participant designates the percentage of his/her contributions which are to be invested in one or more fund options. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan provides for quarterly enrollment dates. The Plan has an automatic enrollment feature whereby an employee who meets the eligibility requirements of the Plan will have an initial percentage of their pay withheld, unless the employee elects to decline enrollment. Under the provisions of automatic enrollment an employee's contribution level will be 1% of salary. Participants may also contribute amounts representing distributions from other qualified plans.

Employer Contributions: The Plan provides for discretionary matching contributions on salary deferral contributions in an amount to be determined by the Company on an annual basis. The Company is generally not required to contribute to the Plan but may make discretionary matching and profit-sharing contributions based on the approval of the Company's board of directors. Company contributions are allocable to those participants who are employed on the last day of the Plan year or have terminated employment during the Plan year as a result of retirement, death or disability. For the years ended December 31, 2025 and 2024, the Company contributed $206,520 and $215,047, respectively.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company contributions, Plan earnings and losses, and administrative expenses. Employer contributions are allocated to participants based on the participant's contributions for the year. Plan earnings and losses are allocated based on the account balances of the participants. Administrative expenses are allocated based on participant account balances or specific participant transactions. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2025 and 2024, have been allocated to participant accounts, except for employer contributions receivable.

Vesting: Participants are immediately vested in all their contributions and investment earnings thereon. Participants are vested in employer contributions and investment earnings thereon based on years of service. A participant becomes 100% vested after six years of credited service. In the event of death, disability or retirement, a participant's interest is immediately fully vested in the employer contributions and related earnings under terms set forth in the Plan agreement.

**Note 1: Description of Plan (Continued)**

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans bear interest at prevailing rates for similar loans as determined by the Plan administrator. Repayments are generally made through payroll deductions. The Plan allows for a participant to have only one loan outstanding at any given time.

Payment of Benefits: Upon termination of employment due to death, disability or retirement, a participant will have Plan benefits to which he or she is entitled distributed as a lump-sum payment equal to the value of the participant's vested account balance or in installments over time. Distributions from a participant's account are generally required after the participant attains 73 years of age. In-service withdrawals of a participant's vested account balance are permitted after a participant has attained $59^{1/2}$ years of age.

Forfeitures: The non-vested portion of a participant's account balance is generally forfeited upon termination of employment. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $6,907 and $2,075, respectively. Forfeitures are generally utilized to reduce the Company contributions but can also be used to pay the Plan's administrative expenses.

**Note 2: Summary of Significant Accounting Policies**

The following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles (GAAP).

Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan committee is responsible for oversight of the Plan, determining appropriateness of the Plan's investment offerings and monitoring investment performance. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Note 2: Summary of Significant Accounting Policies (Continued)**

Contributions: Contributions from participants are recorded in the period the employer withholds payroll deductions from Plan participants. Discretionary employer contributions from the employer are recorded in the period when the contribution is approved by the Company's management and collectability is reasonably assured.

The Plan has not established an allowance for credit losses for the employer contributions receivable at December 31, 2025 and 2024. Expected collection losses are determined from a review of historical collection experience, existing economic conditions and reasonable and supportable forecasts of future events affecting the Plan Sponsor. The Plan's fiduciaries believe the employer contributions receivable will be fully collected based on the ability of the Plan Sponsor to pay amounts when due.

Payment of Benefits: Benefits are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 9, 2026, the date the financial statements were available to be issued. During the period from January 1, 2026 through October 9, 2026, there were no subsequent events that require recognition or disclosure.

**Note 3: Fair Value Measurement**

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Note 3: Fair Value Measurement (Continued)**

Following is a description of the valuation methodologies used for Plan assets measured at fair value:

Mutual Funds: The fair value of mutual funds is based on quoted net asset values (NAV) of shares held by the Plan at year end. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Investments in common/collective trust are valued at net asset value, which is used as a practical expedient to estimate fair value. Net asset value is derived from the fair value of the underlying investments divided by the number of participation units outstanding. The fund objective is to seek safety of principal and consistency of returns while maintaining minimal volatility by utilizing a disciplined value investing process to build a high quality portfolio with broad diversification and an emphasis on risk management. The fund is redeemable on a daily basis without restriction, and there are no unfunded commitments or redemption notice periods related to the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are to be reported at fair value. The table below presents the assets measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments, at fair value | | | | |
| Mutual funds | $ 8,779,532 | $ -0- | $ -0- | $ 8,779,532 |
| Investments at net asset value | | | | |
| Common/collective trust | | | | 1,299,396 |
| Total Investments, at fair value | | | | $ 10,078,928 |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments, at fair value | | | | |
| Mutual funds | $ 9,677,647 | $ -0- | $ -0- | $ 9,677,647 |
| Investments at net asset value | | | | |
| Common/collective trust | | | | 1,281,931 |
| Total Investments, at fair value | | | | $ 10,959,578 |

### Note 4: Information Certified by the Plan Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Fidelity Management Trust Company, the custodian of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments in mutual funds, a common/collective trust, and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the years ended December 31, 2025 and 2024, were derived from information certified as complete and accurate by the Plan's custodian.

### Note 5: Notes Receivable from Participants

As of December 31, 2025 and 2024, 39 and 35 participants, respectively, were indebted to the Plan in the total amount of $286,329 and $185,788, respectively, as the result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest in the range of 5.25% - 10.50% per annum and are payable in installments, the latest of which is due in September 2030. The notes are fully secured by the participants' vested account balances.

### Note 6: Plan Termination

The Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all Plan participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

### Note 7: Parties-in-Interest

The Plan offers various investment options, including investment products of Fidelity Investments, the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, certain officers and employees of the Plan's sponsor are administrators of the Plan and are participants in the Plan. During the years ended December 31, 2025 and 2024, the Plan paid administrative expenses of $9,564 and $11,379, respectively. In addition, as noted above, the Plan issues loans to participants, which are secured by the participants' account balance. These transactions also qualify as party-in-interest transactions.

### Note 8: Administrative Expenses

The Plan agreement provides that the Company, at its discretion, can agree to pay administrative expenses of the Plan. Expenses paid by the Company are excluded from these financial statements.

## Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

## Note 10: Income Tax Status

The Internal Revenue Service (IRS) has ruled in a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA established by Fidelity Management & Research Company qualifies under applicable sections of the IRC. An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan administrator believes that the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. The Plan's federal tax returns are subject to examination by the IRS generally for a period of three years after the returns are filed.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

## Note 11: Reconciliation of Financial Statements to Form 5500

The financial statements of the Plan for the years ended December 31, 2025 and 2024, did not differ from the amounts reported on Schedule H (Financial Information) of Form 5500 (Annual Return/Report of Employee Benefit Plan).
