INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Amplitude, Inc. Retirement Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Amplitude, Inc. Retirement Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Amplitude, Inc. Retirement Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Amplitude, Inc. Retirement Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplitude, Inc. Retirement Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amplitude, Inc. Retirement Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amplitude, Inc. Retirement Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025, and of assets (held at end of year) as of December 31, 2025 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Amplitude Inc. Retirement Trust (the "Plan") provides only general information regarding the operation of the Plan and participants should refer to the plan documents, as amended, for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Amplitude, Inc. (the "Company" or "Employer") is designed to qualify under the applicable provisions of the Internal Revenue Code (IRC). The Plan was established effective November 1, 2015, most recently restated November 4, 2021, and is designed to provide eligible participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of termination, disability, or death. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income of Security Act of 1974 (ERISA) and subsequent laws.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan has until December 31, 2026, to amend the plan documents for the changes related to SECURE 2.0. The Plan was amended to incorporate applicable provisions of SECURE 2.0. Effective January 1, 2024, the Plan incorporated the applicable long-term part-time employee provisions, increased the mandatory cash-out limit from $5,000 to $7,000, and eliminated required minimum distributions from designated Roth accounts during a participant's lifetime. Effective November 12, 2024, the Plan was amended to permit qualified birth or adoption distributions, domestic abuse withdrawals, emergency expense withdrawals, and qualified disaster distributions, subject to the applicable requirements and limitations of the Plan.

Effective January 1, 2025, the Plan incorporated the increased catch-up contribution limit under the applicable IRC Section for eligible participants who attain ages 60 through 63 before the close of the applicable taxable year.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Fidelity Management Trust Company is the trustee of the Plan (the "Trustee") and Fidelity Workplace Services, an affiliate of the Trustee, is the Plan's recordkeeper and is responsible for maintaining participant accounts and transactions related to participant-initiated activity.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

All employees of the Company are eligible to participate in the Plan once they have reached age 21, except for employees whose employment is governed by a collective bargaining agreement, residents of Puerto Rico, non-resident aliens, certain temporary employees and leased employees. Temporary employees who are age 21 and have attained 1,000 hours of service are also eligible to participate in the Plan.

Participant accounts

Each participant account is credited with the participant's contributions and rollover contributions, if any, the Company's discretionary profit sharing and matching contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Contributions

Participants may contribute up to 70% of their annual compensation, through payroll deductions, as pre-tax and/or after-tax (Roth) contributions, as defined in the plan documents, not to exceed limitations established annually by the Internal Revenue Service (IRS). Participants are also allowed to make rollover contributions from other qualified retirement plans. Plan participants who have attained age 50 before the end of a calendar year are allowed to make additional contributions called "catch-up contributions" to the Plan, up to the annual contribution limit as defined by the IRS. Effective January 1, 2025, participants who attain ages 60 through 63 before the close of the applicable calendar year are eligible to make catch-up contributions up to the higher catch-up contribution limit prescribed by the IRS.

The Company may make a discretionary profit-sharing contribution in the same ratio as each participant's compensation bears to the total of such compensation of all participants. To be eligible to receive Employer discretionary profit-sharing contributions, employees must be employed on the last day of the Plan year and attain 1,000 hours of service during the Plan year. The Company may also make discretionary Employer matching contributions on behalf of eligible participants, as defined in the plan document. For the year ended December 31, 2025, to be eligible to receive discretionary Employer matching contributions, employees were required to complete 1,000 hours of service and be employed on the last day of the Plan year. No discretionary profit sharing or Employer matching contributions were made for the year ended December 31, 2025.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Notes receivable from participants ("participant loans") must be repaid within five years, unless the loan is for the purchase of a principal residence, in which case the repayment period may be longer. The loans are secured by the remaining vested balance in the participants' account and bear interest at the prime rate plus 1.00%. Principal and interest are paid ratably through monthly payroll deductions but not less often than quarterly. All loans become immediately payable in the event of default or termination of employment. A participant may have only one loan outstanding at any time. Loans outstanding during 2025 bore interest rates that ranged from 5.25% to 9.50%, and had various maturities through June 2048.

Vesting

Participants are immediately 100% vested in their contributions and the Company's discretionary profit-sharing contributions, plus actual earnings thereon.

Vesting in discretionary Employer matching contributions, plus earnings thereon, is based on years of continuous service over a four-year graded schedule as follows:

Years of Service	Percentage
Less than 1	0 %
1	25 %
2	50 %
3	75 %
4	100 %

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. Such expenses include but are not limited to costs to process distributions, loans and domestic relations orders. The Plan is not required to reimburse the Company for expenses paid on its behalf.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, attaining age 59.5, disability or death, as defined in the plan document. Effective January 1, 2024, the mandatory cash-out threshold increased from $5,000 to $7,000. Participant account balances less than or equal to $1,000 upon termination will be distributed in a lump-sum payment directly to the participant unless the participant makes an election to roll funds to an individual retirement account or into another qualified benefit plan. Balances greater than $1,000 but less than or equal to $7,000 upon termination, will be rolled over to an individual retirement account designated by the plan administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is greater than $7,000 upon termination, the participant may consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or postpone payment to a later date and remain in the Plan, as described in the plan document.

Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the Plan documents. In addition to the foregoing, participants are permitted to request distributions from their vested Plan accounts at any time after having attained age 59.5. Effective November 12, 2024, the Plan also permits qualified birth or adoption distributions, domestic abuse withdrawals, emergency expense withdrawals, and qualified disaster distributions, subject to the applicable provisions and limitations of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) and in accordance with provisions of ERISA.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and related disclosures. Actual results could differ from those estimates. Significant items subject to estimates and assumptions include the fair value of investments.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date (Note 4).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Company contributions are recorded when due to the Plan. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustee.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. A participant loan that is in default may be treated as a taxable deemed distribution to the participant. Such a loan is commonly referred to as a “deemed loan.” If the participant has not incurred a distributable event, the deemed loan has not been offset against the participant’s account balance and remains included in Plan assets for financial statement purposes but is excluded from Plan assets reported on Form 5500. Upon the occurrence of a distributable event, the plan administrator offsets the deemed loan against the participant’s account balance, at which time the participant loan balance is reduced, and a benefit payment is recorded.

Administrative expenses

Administrative expenses are recorded when incurred.

Payment of benefits

Benefit payments are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- Investment income, interest and dividends, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) ("supplemental schedule") as of December 31, 2025.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- *Level 2* - inputs to the valuation methodology include:

  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability; and,
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and money market funds: Valued at the daily closing price as reported on the open market. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual and money market funds	$ 63,248,609	$ -	$ -	$ 63,248,609

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual and money market funds	$ 44,330,772	$ -	$ -	$ 44,330,772

5. TAX STATUS

The Plan adopted the Fidelity Basic Plan Document No. 17. The Internal Revenue Service informed Fidelity in a letter dated June 30, 2020, that its plan document is designed in accordance with the applicable sections of the IRC, and is therefore available for use by employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and employee organization whose members are covered by the Plan, and a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

The Plan pays certain fees for recordkeeping and Trustee fees. These fees are allocated and deducted from participant accounts. Certain Plan investments are managed by the Trustee, therefore these investment transactions qualify as exempt party-in-interest transactions under ERISA.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

The Plan also holds notes receivable from participants. Such participant loans qualify as party-in-interest transactions; however, participant loans made in accordance with the provisions of the Plan and applicable ERISA requirements are exempt from the prohibited transaction rules and, accordingly, are not considered prohibited transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 63,441,145	$ 44,490,877
Less: deemed loans	(10,752)	(9,820)
Net assets available for benefits per the Form 5500	$ 63,430,393	$ 44,481,057

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 18,950,268
Less: change in deemed loans	(932)
Net increase in net assets available for benefits per the Form 5500	$ 18,949,336

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to modify certain Employer matching contribution and vesting provisions. The amendment changed the matching contribution calculation from a Plan-year basis to a payroll-period basis, eliminated the last-day employment and minimum hours-of-service requirements for eligibility to receive Employer matching contributions, and accelerated the vesting schedule for Employer matching contributions to 50% after one year of vesting service and 100% after two years of vesting service.

Effective January 1, 2026, pursuant to provisions of the SECURE 2.0 Act, catch-up contributions made by certain eligible participants whose wages for the preceding calendar year exceed the applicable statutory threshold are required to be made as Roth 401(k) contributions, subject to the provisions of the Plan and applicable regulatory requirements.

No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
