CERTIFIED PUBLIC ACCOUNTANTS & ADVISORS

INDEPENDENT AUDITORS' REPORT

To the Administrator of the
PHX Holdings Retirement Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the PHX Holdings Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the PHX Holdings Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

> the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

2030 Powers Ferry Road, SE SUITE 208 Atlanta, Georgia 30339 PHONE 678.202.5955 FAX 770.485.3860 VISIT www.seayweissinger.com

the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the PHX Holdings Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the PHX Holdings Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PHX Holdings Retirement Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the PHX Holdings Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

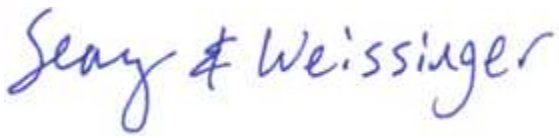

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of plan:

The following description of the PHX Holdings Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The plan sponsor is PHX Holdings, LLC (PHX). The Plan is a defined contribution plan covering substantially all employees of PHX, Phoenix Stamping Group, LLC, Partworks, LLC, and GTC Machining, LLC (collectively the Company, Plan Sponsor, or Plan Administrator).

The Plan's eligibility requirements are as follows: eligible employees must be at least 21 years of age and complete 90 days of service to participate in the Plan. The Plan Sponsor provides for discretionary matching contributions which are available to all participating employees. Employees must complete 90 days of service and be employed on the last day of the Plan year, with limited exceptions, to be eligible for employer profit-sharing contributions. Plan entry is immediate upon attainment of eligibility requirements. The Plan has an automatic enrollment feature whereby eligible employees are enrolled in the Plan at a pre-tax deferral rate of 4% unless they opt out of deferrals or choose another deferral percentage. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute amounts up to current Internal Revenue Service (IRS) limitations through payroll deductions. Participants who have attained age 50 before the end of the Plan year are permitted to make catch up contributions. The Company provides a discretionary employer matching contribution equal to 50% of each participant's deferral contribution up to a maximum of 4% of eligible compensation contributed, as defined. The Company also has the option to provide a discretionary employer profit-sharing contribution. There was no discretionary employer profit-sharing contribution for the 2025 Plan year.

The Plan also has a Roth contribution provision which gives participants the option of contributing amounts to their individual Roth accounts which are maintained separately from pre-tax contributions. Participants may direct both employee and employer contributions to any of the Plan's fund options. Participants may change their investment options daily.

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's profit-sharing contribution, if any, Plan expenses, and Plan earnings.

Allocations of profit-sharing contributions are based on eligible compensation as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeited accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $5,304 and $20,008, respectively, and are included in the stable value fund investment. During the year ended December 31, 2025, $266 of forfeitures were used to pay Plan expenses and $70,132 of forfeitures were used to reduce employer contributions to the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's matching and profit-sharing contributions as shown in the schedule below:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon disability or death while an employee of the Company. Forfeitures of terminated participants' non-vested accounts may be used by the Plan for the payment of Plan expenses or to reduce employer contributions.

Note 1 - Description of plan - continued:

Payment of benefits

A participant is entitled to a distribution of the vested value of his or her account upon termination of service, disability, death, or retirement. Participants are required to take distributions as lump-sum payments, with the exception of required minimum distributions. In-service withdrawals of a participant's vested account balance, excluding Roth contributions, are permitted in cases of financial hardship. If a participant's account balance is less than $7,000 upon termination of service, a distribution of the participant's account may be made in a single lump-sum cash distribution.

Notes receivable from participants

The Plan does not allow for participant notes.

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as determined by the Plan Sponsor. The Company absorbs a portion of the administrative expenses of the Plan. Fees charged for recordkeeping, investment advisory, processing distributions, and other account transaction fees, are charged directly to the accounts of participants.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Stable value fund

Investment contracts are reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contract plus interest at the contract rate less withdrawals and administrative expenses.

Note 2 - Summary of significant accounting policies - continued:

Stable value fund - continued

The Plan invests in the Transamerica Stable Value Core Account Fund investment. This investment is considered to be fully benefit-responsive, and thus is reportable at contract value. Generally, participants may withdraw assets from the Transamerica Stable Value Core Account Fund without restrictions. Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The investment's interest rate is set semi-annually on January 1 and July 1. There is no stated minimum or maximum interest rate for this investment. Participants are able to redeem their monies from this investment on a daily basis. There are no unfunded commitments related to this investment.

Investment valuation and income recognition

The Plan's mutual fund and insurance company general account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Shares of registered investment company funds (mutual funds) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges. These investments are actively traded.

The insurance company general account is valued at cost, which approximates fair value. The monies in held in this investment are included in the general assets of Transamerica. This account holds EBA monies received under this Plan's arrangement with Transamerica. Participants are not allowed to invest in this account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2025 and 2024:

	Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 10,470,577	$ -	$ -	$ 10,470,577
Insurance company general account	4,021	-	-	4,021
Total investments measured at fair value	$ 10,474,598	$ -	$ -	$ 10,474,598

	Fair Value Measurements at December 31, 2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 10,115,205	$ -	$ -	$ 10,115,205
Insurance company general account	4,125	-	-	4,125
Total investments measured at fair value	$ 10,119,330	$ -	$ -	$ 10,119,330

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Note 2 - Summary of significant accounting policies - continued:

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 2, 2026, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2025, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the custodian:

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025 and 2024, and net appreciation in the fair value of investments, interest and dividends, and other income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians, Transamerica Trust Company and Transamerica Financial Life Insurance Company. All of the above information was certified by Transamerica Trust Company, with the exception of the stable value fund investment and associated earnings. Transamerica Financial Life Insurance Company certified the contract value of the stable value fund investment as of December 31, 2025 and 2024, and the associated earnings related to the stable value fund investment for the year ended December 31, 2025.

Investments that represent 10% or more of the Plan's investments at December 31, 2025 and 2024 are as follows:

	2025	2024
American Funds American Balanced Fund	$ 1,578,633	$ 1,335,115
Vanguard Target Retirement 2040 Fund	$ 1,183,222	$ 1,094,936

Note 4 - Party-in-interest transactions:

The custodians and their affiliates perform services for the Plan, sell products to the Plan, and manage and maintain certain investments of the Plan for which fees are charged to the Plan. The Plan pays a portion of the administrative expenses. Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibited transaction rules.

Note 4 - Party-in-interest transactions - continued:

The Plan has a services agreement with Transamerica Retirement Services Corp. whereby the Plan receives revenue from contract asset charge fees related to investments of the Plan which is placed into an Expense Budget Account (EBA). The funds in the EBA can be allocated to participants or used to offset amounts owed to the Plan's service providers for administrative and other services provided to the Plan. During the year ended December 31, 2025, the Plan received $43,600 of EBA credits associated with the services agreement which are included in other income on the statement of changes in net assets available for benefits. As of December 31, 2025 and 2024, the Plan had available $4,021 and $4,125, respectively, of these monies for future use. The EBA is included in the insurance company general account investment as of December 31, 2025 and 2024. During the year ended December 31, 2025, $43,716 of the Plan's expenses were paid out of the EBA and are included in administrative expenses on the statement of changes in net assets available for benefits.

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts will become fully vested.

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated June 1, 2021 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator has indicated that it will take the necessary steps to bring the Plan's operations into compliance with the IRC.

Note 6 - Tax status - continued:

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2022.

Note 7 - Correction of operational issues:

Delinquent contributions have been identified during the 2020, 2022, 2023, and 2024 Plan years, which have not yet been corrected. The delinquent contributions are shown chronologically, by Plan year, in the supplemental Schedule H, Line 4A - Schedule of Delinquent Participant Contributions.

Note 8 - Subsequent events:

On April 1, 2026, there was a restructuring of the ownership of GTC Machining, LLC (GTC). Due to the restructing of ownership, GTC no longer met the requirements to be considered part of a controlled group. The Plan Sponsor is allowing GTC to continue participating in the Plan for the remainder of the 2026 Plan year. The Plan became a multiple employer Plan as a result.

On October 1, 2026, the Plan was amended to remove GTC as a participating employer with an effective date of January 1, 2027. The Plan Sponsor has indicated that the accounts of GTC participants will be transferred in January 2027 to the retirement Plan of the entity involved in the restructuring.
