Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

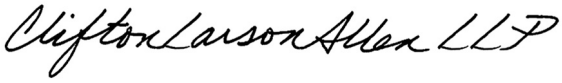

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Reinhart Boerner Van Deuren S.C. (Company, Corporation or Employer) who are at least 21 years of age and have completed one year of service. Eligible employees enter the Plan monthly after meeting the Plan's eligibility requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute pre-tax or Roth after-tax elective contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can voluntarily elect an annual auto-escalation whereby their deferral amount increases each year by an amount determined by the participant. The participants' elective contributions cannot exceed the total amount allowed by law. Participants may also contribute (rollover) amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

All eligible participants receive an annual Corporation profit sharing contribution and the amount, if any, is determined by the Board of Directors of the Corporation provided that such amount shall not exceed the maximum amount allowed by law.

Profit Sharing Allocations

The allocation of Corporation profit sharing contribution occurs during the plan year and all participants receive a minimum contribution of 5% of their compensation for each plan year. The shareholder profit sharing allocation is based on a four-tier compensation scale, with allocations ranging from 5% to 20%. Profit sharing contributions to the Plan for the years ended December 31, 2025 and 2024 were $7,050,535 and $6,757,312, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. For loans effective June 1, 2016 and after, loans bear interest at 2% above the prime rate as reported in *The Wall Street Journal* for the effective date of the loan. For loans effective May 31, 2016 and before, loans bear interest at a rate tied to the U.S. Treasury Strip for the time equivalent to ½ the term of the loan on the date the loan is executed.

Benefit Payments

Benefits under the Plan are paid upon normal retirement (age 65), termination, death, or disability. Participants also have the option to take in-service withdrawals after the attainment of age 62 or prior to the age of 62 if certain conditions and limitations detailed in the Plan are met. A terminated participant with an account balance of $1,000 or less will receive a lump-sum distribution. If the account balance is greater than $1,000, the terminated participant may elect to defer distribution of their account until normal retirement age or receive a lump-sum distribution immediately. In all instances, distributions shall commence no later than April 1 following the calendar year in which the participant attains age 72 or terminates employment, if later.

Administration

The overall responsibility for administering the Plan rests with a group of employees from the Corporation known as the Retirement Committee. The Plan's trustee, Fidelity Trust Company, is responsible for the management and control of a majority of the Plan's assets and has certain discretionary authority and control over such assets. Milliman is the Plan's actuary. The Investment Consultant, Francis Investment Council, advises the Retirement Committee on investment policy, the selection of investment options and monitors investment performance.

Funding

The Company remits participant and profit sharing contributions to the Plan when the related payroll is paid by the Corporation.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment consultant and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Unallocated Insurance Contracts

The Plan holds a life insurance policy with cash surrender value for a specific individual Plan participant. The Plan treats this policy as an unallocated insurance contract and therefore is considered a Plan asset under accounting principles generally accepted in the United States of America.

Concentration of Credit Risk

At times, the Plan maintains cash balances in excess of federally insured limits. The Plan has not experienced any losses in such accounts. The Retirement Committee believes the Plan is not exposed to any significant credit risk on cash.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments, except as noted in the second paragraph, and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, in the accompanying financial statements and ERISA-required supplemental schedule.

The Plan's investments in a life insurance policy is held by the Reinhart Boerner Van Deuren S.C. 401(k) Profit Sharing Life Insurance Trust which did not certify to the completeness and accuracy of the cash surrender value of life insurance of $99,541 and $95,004 at December 31, 2025 and 2024, respectively, or the increase in the cash surrender value of life insurance of $4,537 and $48,167 for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Cash surrender value of life insurance: Valued at the cash surrender value as provided by the underlying insurance company, without further adjustment. Cash surrender value is the amount of money an insurance company will pay to the policyholder in the event the policy is voluntarily terminated before its maturity or the insured event.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 45,712	$ -	$ -	$ 45,712
Mutual Funds	211,050,830	-	-	211,050,830
Cash Surrender Value of Life Insurance	-	-	99,541	99,541
Total Investments in the Fair Value Hierarchy	$ 211,096,542	$ -	$ 99,541	211,196,083
Investments Measured at Net Asset Value*:				
Common Collective Trusts				135,760,970
Total Investments at Fair Value				$ 346,957,053

	2024			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 29,171	$ -	$ -	$ 29,171
Mutual Funds	225,582,181	-	-	225,582,181
Cash Surrender Value of Life Insurance	-	-	95,004	95,004
Total Investments in the Fair Value Hierarchy	$ 225,611,352	$ -	$ 95,004	225,706,356
Investments Measured at Net Asset Value*:				
Common Collective Trusts				82,271,890
Total Investments at Fair Value				$ 307,978,246

*Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2025 and 2024.

Investment Type	Fair Value 2025	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:					
Putnam Stable Value	$ 25,340,738	$ 23,369,892	None	Daily	(a)
Nationwide Geneva Small Cap Growth	8,589,263	9,752,264	None	Daily	None
Harbor Capital Appreciation	49,445,185	49,149,734	None	Daily	None
Capital Group Target Date Funds	52,385,784	-	None	Daily	None
Total Common Collective Trusts	$ 135,760,970	$ 82,271,890			

(a) Participant transactions (purchases and sales) may occur daily. However, if the Plan were to terminate its investment contract and liquidate all participants, there would be a 12-month waiting period. The Retirement Committee has not indicated any desire to terminate its investment contract. The fund's investment objective is to preserve principal while maximizing current income.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

Instrument	Fair Value 2025	Fair Value 2024	Principal Valuation Technique	Unobservable Inputs
Cash Surrender Value of Life Insurance	$ 99,541	$ 95,004	(a)	Investment Returns, Surrender Charges

(a) Valued at premiums paid, net of surrender charges, adjusted for income or loss items, policy loans, and distributions, which approximates fair value.

The following table represents changes in the Plan's Level 3 financial instruments for the years ended December 31, 2025 and 2024 attributable to:

	2025	2024
Purchases	$ -	$ -
Issuances	-	-
Transfers In	-	-
Transfers Out	-	1,129,974

During the year ended December 31, 2024, five life insurance policies with a cash surrender value of $1,129,974 were surrendered and transferred to level 1 plan assets.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants to obtain loans from the Plan, which are considered party-in-interest transactions. Also, as described in Note 1, the Plan has several arrangements with service providers. These transactions are considered party-in-interest transactions under ERISA. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net Assets Available for Benefits per Financial Statements	$ 347,683,351	$ 308,479,113
Adjustment for Cash Surrender Value of Life Insurance	(99,541)	(95,004)
Adjustment for Accrued Expenses	371	385
Net Assets Available for Benefits per Form 5500	$ 347,584,181	$ 308,384,494

The following is a reconciliation of net increase in net assets available for benefits per financial statements to net income per Form 5500 for the years ended December 31:

	2025	2024
Net Increase in Net Assets Available for Benefits per Financial Statements	$ 39,204,238	$ 28,481,394
Adjustment for Cash Surrender Value of Life Insurance	(4,537)	(48,167)
Adjustment for Surrender of Life Insurance Policies	-	1,129,974
Adjustment for Accrued Expenses	(14)	(3,260)
Net Income per Form 5500	$ 39,199,687	$ 29,559,941

Differences between the above reconciliation and information combined in Schedule H Part II of Form 5500 were identified and are due to different classifications among various income and expense accounts. In total, these balances are in agreement.

INDEPENDENT AUDITORS' REPORT

Retirement Committee
Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan
Milwaukee, Wisconsin

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

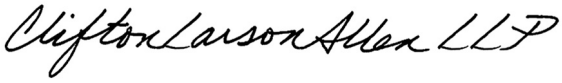

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Reinhart Boerner Van Deuren S.C. 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Reinhart Boerner Van Deuren S.C. (Company, Corporation or Employer) who are at least 21 years of age and have completed one year of service. Eligible employees enter the Plan monthly after meeting the Plan's eligibility requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute pre-tax or Roth after-tax elective contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can voluntarily elect an annual auto-escalation whereby their deferral amount increases each year by an amount determined by the participant. The participants' elective contributions cannot exceed the total amount allowed by law. Participants may also contribute (rollover) amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

All eligible participants receive an annual Corporation profit sharing contribution and the amount, if any, is determined by the Board of Directors of the Corporation provided that such amount shall not exceed the maximum amount allowed by law.

Profit Sharing Allocations

The allocation of Corporation profit sharing contribution occurs during the plan year and all participants receive a minimum contribution of 5% of their compensation for each plan year. The shareholder profit sharing allocation is based on a four-tier compensation scale, with allocations ranging from 5% to 20%. Profit sharing contributions to the Plan for the years ended December 31, 2025 and 2024 were $7,050,535 and $6,757,312, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. For loans effective June 1, 2016 and after, loans bear interest at 2% above the prime rate as reported in *The Wall Street Journal* for the effective date of the loan. For loans effective May 31, 2016 and before, loans bear interest at a rate tied to the U.S. Treasury Strip for the time equivalent to ½ the term of the loan on the date the loan is executed.

Benefit Payments

Benefits under the Plan are paid upon normal retirement (age 65), termination, death, or disability. Participants also have the option to take in-service withdrawals after the attainment of age 62 or prior to the age of 62 if certain conditions and limitations detailed in the Plan are met. A terminated participant with an account balance of $1,000 or less will receive a lump-sum distribution. If the account balance is greater than $1,000, the terminated participant may elect to defer distribution of their account until normal retirement age or receive a lump-sum distribution immediately. In all instances, distributions shall commence no later than April 1 following the calendar year in which the participant attains age 72 or terminates employment, if later.

Administration

The overall responsibility for administering the Plan rests with a group of employees from the Corporation known as the Retirement Committee. The Plan's trustee, Fidelity Trust Company, is responsible for the management and control of a majority of the Plan's assets and has certain discretionary authority and control over such assets. Milliman is the Plan's actuary. The Investment Consultant, Francis Investment Council, advises the Retirement Committee on investment policy, the selection of investment options and monitors investment performance.

Funding

The Company remits participant and profit sharing contributions to the Plan when the related payroll is paid by the Corporation.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment consultant and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Benefit Payments

Benefits are recorded when paid.

Unallocated Insurance Contracts

The Plan holds a life insurance policy with cash surrender value for a specific individual Plan participant. The Plan treats this policy as an unallocated insurance contract and therefore is considered a Plan asset under accounting principles generally accepted in the United States of America.

Concentration of Credit Risk

At times, the Plan maintains cash balances in excess of federally insured limits. The Plan has not experienced any losses in such accounts. The Retirement Committee believes the Plan is not exposed to any significant credit risk on cash.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of investments, except as noted in the second paragraph, and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, in the accompanying financial statements and ERISA-required supplemental schedule.

The Plan's investments in a life insurance policy is held by the Reinhart Boerner Van Deuren S.C. 401(k) Profit Sharing Life Insurance Trust which did not certify to the completeness and accuracy of the cash surrender value of life insurance of $99,541 and $95,004 at December 31, 2025 and 2024, respectively, or the increase in the cash surrender value of life insurance of $4,537 and $48,167 for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Cash surrender value of life insurance: Valued at the cash surrender value as provided by the underlying insurance company, without further adjustment. Cash surrender value is the amount of money an insurance company will pay to the policyholder in the event the policy is voluntarily terminated before its maturity or the insured event.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 45,712	$ -	$ -	$ 45,712
Mutual Funds	211,050,830	-	-	211,050,830
Cash Surrender Value of Life Insurance	-	-	99,541	99,541
Total Investments in the Fair Value Hierarchy	$ 211,096,542	$ -	$ 99,541	211,196,083
Investments Measured at Net Asset Value*:				
Common Collective Trusts				135,760,970
Total Investments at Fair Value				$ 346,957,053

	2024			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 29,171	$ -	$ -	$ 29,171
Mutual Funds	225,582,181	-	-	225,582,181
Cash Surrender Value of Life Insurance	-	-	95,004	95,004
Total Investments in the Fair Value Hierarchy	$ 225,611,352	$ -	$ 95,004	225,706,356
Investments Measured at Net Asset Value*:				
Common Collective Trusts				82,271,890
Total Investments at Fair Value				$ 307,978,246

*Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2025 and 2024.

Investment Type	Fair Value 2025	Fair Value 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts:					
Putnam Stable Value	$ 25,340,738	$ 23,369,892	None	Daily	(a)
Nationwide Geneva Small Cap Growth	8,589,263	9,752,264	None	Daily	None
Harbor Capital Appreciation	49,445,185	49,149,734	None	Daily	None
Capital Group Target Date Funds	52,385,784	-	None	Daily	None
Total Common Collective Trusts	$ 135,760,970	$ 82,271,890			

(a) Participant transactions (purchases and sales) may occur daily. However, if the Plan were to terminate its investment contract and liquidate all participants, there would be a 12-month waiting period. The Retirement Committee has not indicated any desire to terminate its investment contract. The fund's investment objective is to preserve principal while maximizing current income.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

Instrument	Fair Value 2025	Fair Value 2024	Principal Valuation Technique	Unobservable Inputs
Cash Surrender Value of Life Insurance	$ 99,541	$ 95,004	(a)	Investment Returns, Surrender Charges

(a) Valued at premiums paid, net of surrender charges, adjusted for income or loss items, policy loans, and distributions, which approximates fair value.

The following table represents changes in the Plan's Level 3 financial instruments for the years ended December 31, 2025 and 2024 attributable to:

	2025	2024
Purchases	$ -	$ -
Issuances	-	-
Transfers In	-	-
Transfers Out	-	1,129,974

During the year ended December 31, 2024, five life insurance policies with a cash surrender value of $1,129,974 were surrendered and transferred to level 1 plan assets.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants to obtain loans from the Plan, which are considered party-in-interest transactions. Also, as described in Note 1, the Plan has several arrangements with service providers. These transactions are considered party-in-interest transactions under ERISA. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 9 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
