INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
MCE Corporation Employee Stock Ownership Plan
Concord, California

Opinion

We have audited the accompanying financial statements of MCE Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of MCE Corporation Employee Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MCE Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MCE Corporation Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MCE Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MCE Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

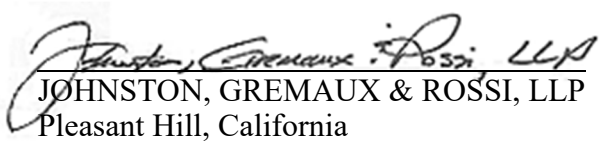

To the Board of Trustees
MCE Corporation Employee Stock Ownership Plan
Concord, California

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following description of the MCE Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

MCE Corporation (the Plan Sponsor or the Company) established the Plan effective as of January 1, 2004, and subsequently restated as of January 1, 2010 and 2016. The Plan operates as a non-leveraged employee stock ownership plan (ESOP), is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the MCE Corporation Employee Stock Ownership Plan Committee appointed by the Company's Board of Directors.

a) Eligibility

Employees of the Company are generally eligible to participate in the Plan on their completion of one year of service providing they worked at least 1,000 hours during such Plan year and were employed on the final day of the Plan year. Eligible employees shall participate retroactively to the beginning of the Plan year. Participants who do not have at least 1,000 hours of service during such Plan year, or are not employed on the last working day of a Plan year, are generally not eligible for an allocation of Company contributions for such year.

b) Contributions

Employer contributions are made at the discretion of the MCE Board of Directors. Employee contributions are not permitted.

c) Payment of benefits

Distributions attributed to death, disability, or retirement are made in five installments beginning the Plan year following the event. Distributions for other separations from service commence no later than the allocation date of the sixth Plan year following the Plan year in which separation from service occurs and are made in either lump sum or in monthly, quarterly, semiannual, or annual installments, so long as the period does not exceed five years. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. The Plan repurchased approximately 44,130 shares from participants during 2025.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

d) Administrative expenses

As provided in the Plan agreement, administrative expenses shall be paid by the Company. The Company has historically paid the operating expenses for the Plan.

e) Voting rights

All Company stock held in the trust shall generally be voted for by the Trustee only in accordance with instructions from the Committee. If the Committee fails or refuses to give the Trustee timely instructions, the Trustee shall not exercise its power to vote such Company stock. However, for any matters which involve the approval or disapproval of corporate mergers or consolidations, recapitalization, reclassification, liquidation, dissolution, sale of all assets of a trade or business, or similar transactions, participants will have the right to direct the voting of Company stock allocated to his or her ESOP stock account. In such events, the Trustee is not permitted to vote for any allocated share for which instructions have not been given by a participant. The Trustee is required to vote, as the Committee directs, any unallocated shares on behalf of the collective best interest of the Plan's participants and beneficiaries.

f) Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's company stock account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

g) Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, the participant will vest in the balances of their account based on total years of service with the Company. Participants are 0% vested in their balances for less than three years of service and are 100% vested after three years or more of service.

NOTE 1 - PLAN DESCRIPTION AND BASIS OF PRESENTATION (Continued)

h) Put option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a 5-year period. The purpose of the put option is to ensure that the participant has the ability ultimately to obtain cash.

i) Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In year 6, the percentage changes to 50%. Participants who elect to diversify receive either a cash distribution or can elect to rollover into another qualified retirement account, or some combination of the two.

j) Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants during the year ended December 31, 2025 was $39,267. There were no unallocated forfeiture balances at December 31, 2025 and 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment valuation and income recognition

The shares of MCE Corporation Employee Stock Ownership Plan's common stock are valued at fair value. See Note 4 for discussion of fair value measurements. Dividend income is accrued on the ex-dividend date.

d) Payment of benefits

Benefits are recorded when paid.

e) Subsequent events

The Plan has evaluated subsequent events through October 6, 2026, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments at December 31 are presented in the following table:

	2025	2024
MCE Corporation common stock:		
Number of shares	628,132	628,132
Cost	$ 5,364,855	$ 5,364,855
Fair Value	$ 7,399,400	$ 6,350,418

See Independent Auditor's Report.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Investment in MCE Corporation common stock	$ -	$ -	$ 7,399,400	$ 7,399,400

See Independent Auditor's Report.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investment in MCE Corporation common stock	$ -	$ -	$ 6,350,418	$ 6,350,418

Changes in fair value of Level 3 assets and related gains and losses:

The following sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	Level 3 Assets Year Ended December 31, 2025
	Investment in MCE Corporation Common Stock
Balance, beginning of year	$ 6,350,418
Unrealized appreciation in estimated fair value	1,048,982
Balance, end of year	$ 7,399,400
Unrealized appreciation in MCE Corporation's common stock included in the Statement of Changes in Net Assets Available for Benefits at the reporting date	$ 1,048,982

The MCE Corporation common stock held by the Plan is reported at fair value based upon an independent appraisal.

NOTE 5 - CONCENTRATION OF CREDIT RISK

The Plan maintains cash balances at financial institutions that, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash.

See Independent Auditor's Report.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. This is a related party and party-in-interest transaction. As described in Note 1, the Company pays all plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 7 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (IRC). Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 8 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated February 15, 2017, stating that the Plan is qualified under IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service/Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

See Independent Auditor’s Report.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The December 31, 2025, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported in Form 5500, as well as the net changes in Plan assets, are in agreement with the amounts included in the accompanying financial statements.

The December 31, 2024, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported in Form 5500 are in agreement with the amounts included in the accompanying financial statements.
