**Independent Auditor's Report**

To the Profit Sharing Plan Committee of
Honsador and Alpha Supply 401(k) Plan:

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of the Honsador and Alpha Supply 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor’s Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

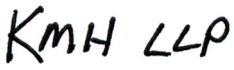

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule H Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Honsador and Alpha Supply 401(k) Plan

Notes to Financial Statements
December 31, 2025 and 2024

## 1. Description of Plan

The following description of Honsador and Alpha Supply 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### a. General

The Plan is a defined contribution plan covering eligible employees of Honsador Holding LLC and its subsidiaries, including Alpha Supply, LLC (the Company, Plan Administrator or Plan Sponsor). The Plan provides for retirement, death and disability benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). American United Life Insurance Company (AUL) was the Plan's custodian through December 5, 2024. The Plan was amended and restated as of December 6, 2024 and VOYA Institutional Trust Company (VOYA) became the trustee and custodian.

### b. Eligibility

Employees are eligible to make salary deferrals on the first day of the month following their completion of 30 days of employment. Non-bargaining employees become eligible for participation in employer matching contributions and profit-sharing contributions as of the first day of the month following the later of the date employees complete one year of service and have attained age 20. Bargaining employees become eligible to participate in profit sharing contributions as of the first day of the month following the date employees complete 30 to 90 days of service, as defined in the Plan.

### c. Contributions

The Plan provides for voluntary participant deferrals and discretionary employer profit sharing contributions, not to exceed amounts allowable under the Internal Revenue Code (IRC). Profit sharing contributions are determined annually by the Plan Sponsor and are allocated to eligible participants in the same proportion that each such participant's compensation for the year bears to the total compensation of eligible Plan participants. The profit sharing contribution related to participants from Alpha Supply LLC (Alpha), a subsidiary of the Company, is allocated separately from the allocation of all other participants. In accordance with a collective bargaining agreement, the Plan also provides for agreed-upon employer contributions per compensable hour to employees who are members of the bargaining unit.

## 1. Description of Plan (continued)

### d. Allocation of Earnings, Losses and Plan Expenses

Earnings and losses from the Plan's participant-directed investments, as well as Plan expenses, are allocated to participants' accounts on a daily basis in proportion to the balances of such accounts.

### e. Vesting

Participant deferrals and employer contributions related to a collective bargaining agreement, plus earnings thereon, are fully vested upon deposit; profit sharing contributions, plus earnings thereon, become fully vested after 5 years of service for all participants, as defined. Funds rolled over from other qualified plans are fully vested upon deposit. A participant becomes fully vested upon death, permanent disability or attainment of normal retirement age, as defined.

### f. Notes Receivable from Participants

Promissory notes receivable from Plan participants are carried at their unpaid principal balances. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by the vested interest in the related participant's account and bear interest at a commercially reasonable rate and are to be repaid over a reasonable period of time not to exceed five years unless the loan is used to acquire a participant's principal residence, in which case the loan term can be extended up to 15 years. Interest rates ranged from 5.25 to 8.50 percent at December 31, 2025. The notes mature at various dates through July 2033.

### g. Payment of Benefits

Upon termination of service, participants with vested account balances less than or equal to $5,000 will be paid a lump sum distribution. When vested account balances exceed $5,000 and services terminate due to death, the participant's designated beneficiaries will be paid a lump sum distribution. Upon meeting certain age requirements, participants may receive a lump sum distribution of their vested account balance, as defined in the Plan.

### h. Forfeitures

The portion of a terminating participant's account that is not vested is considered a forfeiture. Forfeitures may be used to offset Plan expenses or to reduce employer contributions.

## 1. Description of Plan (continued)

### h. Forfeitures (continued)

As of December 31, 2025 and 2024, approximately $1,500 and nil, respectively, were available to offset Plan expenses or reduce employer contributions.

### i. Administrative Expenses

Administrative expenses of the Plan are recorded when incurred and paid by the Plan to the extent permitted under ERISA. To the extent any expenses of the Plan are not paid from Plan assets, the Plan Sponsor or its subsidiaries pay such expenses. Investment-related expenses are included in net appreciation of fair value of investments.

## 2. Summary of Significant Accounting Policies

### a. Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

### b. Management's Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## 2. Summary of Significant Accounting Policies (continued)

### c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

### d. Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Employer contributions are based on the same compensation.

### e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

### f. Payment of Benefits

Benefits are recorded when paid.

### g. Subsequent Events

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued and it was determined that all subsequent events had been properly accounted for.

## 3. Information Certified by Custodian

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from VOYA as of December 31, 2025 and December 31, 2024, that information provided is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

| | 2025 | 2024 |
|---|---|---|
| Mutual funds | $ 17,093,892 | $ 14,984,364 |
| Collective investment trust | 310,582 | - |
| Guaranteed investment contract | 342,396 | - |
| Notes receivable from participants | 24,693 | 30,382 |
| | $ 17,771,563 | $ 15,014,746 |

VOYA certified to the completeness and accuracy of the Plan's net investment gain and interest income on notes receivable from participants for the year ended December 31, 2025. Net investment income and interest income on notes receivable totaled $2,470,533 and $1,963, respectively, related to the aforementioned assets for the year ended December 31, 2025.

## 4. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In accordance with Accounting Standards Codification (ASC) Topic 820, investments that are measured at net asset value (NAV) per share (or its equivalent) are not classified in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of each fund's underlying investments. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

**4. Fair Value Measurements (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of December 31, 2025 and 2024.

*Collective investment trust accounts* – These investments are measured at fair value using the NAV practical expedient and therefore are not categorized within the fair value hierarchy. The collective investment trust invests in diversified portfolios of domestic equities, international equities, and fixed-income securities. The fair values of the investments are based on the NAV of the underlying funds as reported by the trustee. The investments are redeemable on a daily basis at NAV and there were no unfunded commitments or redemption restrictions as of December 31, 2025. The NAV of the collective investment trust approaches fair value and amounted to $310,582 and nil at December 31, 2025 and 2024, respectively.

*Mutual fund accounts* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of mutual fund accounts amounted to $17,093,892 and $14,984,364 at December 31, 2025 and 2024, respectively.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2025 and 2024:

| | December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds at fair value | $ 17,093,892 | $ - | $ - | $ 17,093,892 |
| Measured at net asset value-- | | | | |
| Collective investment trust * | | | | 310,582 |
| Measured at contract value-- | | | | |
| Guaranteed investment contract * | | | | 342,396 |
| Total Investments | | | | $ 17,746,870 |

| | December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds at fair value | $ 14,984,364 | $ - | $ - | $ 14,984,364 |

(*) In accordance with ASC Topic 820, certain investments that were measured at net asset value and contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using net asset value per share practical expedient as of December 31, 2025. There were no participant or plan level redemption restrictions for these investments.

| | December 31, 2025 | | | |
|---|---|---|---|---|
| Investment | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
| Collective investment trust | $ 310,582 | n/a | Daily | none |

## 5. Guaranteed Investment Contract

The Plan invests in a guaranteed investment contract offered through VOYA Retirement Insurance and Annuity Company (VRIAC). The fixed account is backed by the general account of the insurance company and is intended to provide preservation of principal and a stable rate of return. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment is reported at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the investment is not included in the fair value hierarchy because contract value is not a fair value measurement under ASC Topic 820. The contract value of the guaranteed investment contract was $342,396 at December 31, 2025.

The average yield and crediting interest rate of the contract for the year ended December 31, 2025 was approximately 3.35%. The minimum interest rate is 1%. At December 31, 2025, the financial strength rating of VRIAC was A+ as reported by Standard & Poor's. There were no reserves against contract value for credit risk of VRIAC or otherwise.

## 6. Plan Termination

Although it has not expressed any intentions to do so, the Plan Sponsor has the right under the Plan to amend or terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, all participant accounts become fully vested.

## 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 8. Tax Status

The Plan utilizes a non-standardized pre-approved plan sponsored by VOYA. The Plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the non-standardized pre-approved plan's qualified status. The Plan has been amended since receiving the opinion letter. The opinion has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan years from December 31, 2022 are open for examination for federal tax purposes.

## 9. Exempt Party-in-Interest Transactions

Plan investments include mutual funds and the guaranteed investment contract managed by VOYA. VOYA is the trustee and custodian of the Plan and, therefore, these transactions constitute exempt party-in-interest transactions. Participant loans are also considered exempt party-in-interest transactions.
