Independent Auditor's Report

To the Participants and Plan Administrator
of the Frontier Communications 401(k) Savings Plan

Opinion
We have audited the financial statements of Frontier Communications 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. (1) Description of the Plan

General

The following brief description of the Frontier Communications 401(k) Savings Plan (the "Plan") provides general and limited information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions. Copies of the Plan document are available from the Plan sponsor.

(a) Background

The Plan is a defined contribution plan sponsored and managed by Frontier Communications Parent, Inc. ("Frontier" or the "Company"). Under the terms of the Plan, employees are eligible to participate in the Plan immediately following the employee's completion of 30 days of service (the "entry date"), provided that the employee is employed by a participating employer in an eligible class of employees. Leased employees, individuals not on the employer's payroll, per diem and casual workers, temporary employees, and scholarship students are ineligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Eligible employees may contribute, in 1% increments, up to 75% of their annual eligible compensation in elective pre-tax deferrals through payroll deductions, subject to certain maximum contribution restrictions. The maximum contribution allowed for deferral for U.S. federal income tax purposes in 2025 was $23,500.

In addition, eligible Company union employees covered by collective bargaining agreements may also elect to make after-tax contributions, in 1% increments of their annual eligible compensation, through payroll deductions up to 50% of the participant's eligible compensation reduced by the percentage of eligible compensation deferred through elective pre-tax deferrals.

The Plan allows for the election of Roth 401(k) contributions and regular after-tax contributions for non-union employees. No matching contributions are made with respect to regular after-tax contributions, except for certain union employee Plan participants who are eligible to receive matching contributions with respect to their Roth 401(k) and after tax contribution. Effective August 30, 2024, the Plan provides for Roth In-Plan Conversions.

All employees eligible to make contributions under the Plan and who have attained or will attain age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Internal Revenue Code ("IRC"). The maximum allowable catch-up contribution for 2025 was $7,500. No matching contributions are made with respect to a participant's catch-up contributions. Pursuant to the SECURE 2.0 Act of 2022, effective January 1, 2025, participants who are ages 60 through 63 during the calendar year are eligible to make enhanced catch-up contributions. The maximum enhanced catch-up contribution limit for 2025 is $11,250.

Frontier matches 50% of each non-bargaining participant's contribution up to 6% of each participant's eligible compensation. Frontier contributions for participants covered by collective bargaining agreements are determined based on the terms of those agreements. Frontier contributions for non-union and union participants are allocated to Plan investments following the same method of allocation as that for participant-directed investments.

For certain union employees covered by collective bargaining agreements, Frontier may contribute Employer Fixed Contributions, Employer Matching Contributions, Discretionary Contributions and Special Transition-Year Contributions (each as defined by the Plan). Participants should refer to their respective bargaining agreements for all employer contribution requirements.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) Frontier's contribution and (b) investment earnings or losses, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on each participant's investment election(s). The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their individual contributions plus the allocated earnings thereon. Participants become 100% vested in Frontier contributions and the related earnings on Frontier contributions upon disability, death, or attainment of normal retirement age while an employee. Except as otherwise noted, for any other termination of employment, the vesting schedule for Frontier contributions and related earnings is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0 %
2 years but less than 3 years	40 %
3 years but less than 4 years	60 %
4 years but less than 5 years	80 %
5 years or more	100 %

Employees that were previously part of the Frontier Communications Corporate Services Inc. Savings and Security Plan for West Region Hourly Employees, certain employees that were previously part of the former AT&T 401(k) Plans, certain employees that were previously part of the former Verizon 401(k) Plans which have all been merged into the plan in prior years are fully vested after 3 years of service. Certain other employees, Frontier union employees and certain other employees covered by collective bargaining agreements are immediately 100% vested in all contributions and allocated earnings thereon.

(e) Notes Receivable from Participants

Participants in the Plan may request to borrow up to the lesser of 50% of their vested account balance or $50,000. The interest rate paid by the participant is equal to the prime interest rate in effect on the last business day of the calendar quarter that precedes the date in which the loan is processed plus 1%, and remains fixed at that rate for the term of the loan. The maximum loan repayment period is five years, or currently up to fifteen years for the purchase of a primary residence. Loan repayments are after tax, and are credited to each participant's account as the payments are made. A participant may repay a loan in full at any time by remitting their payment directly to Fidelity Management Trust Company (the "Trustee"), the trustee of the Plan. Any distribution following a participant's termination of employment is reduced by any loan balance outstanding at the time of such distribution.

(f) Payment of Benefits

Participants may keep any portion of their account in the Plan beyond the attainment of age 73. Inactive participants, after age 73, must take the required minimum distribution of their balances on or before April 1st of the year following the year they turn 73.

Upon termination of employment or permanent disability, a participant is entitled to receive a lump-sum distribution in cash for the vested portion of their account. Participants may also elect to receive between 2 and 20 annual installments or monthly installments over a period equal to the life expectancy of the participant. If the value of the terminating participant's vested account balance does not exceed $7,000, the participant's balance will be distributed automatically at that time.

In-service withdrawals from a participant's vested account balance are also permitted under limited circumstances such as attaining age 59 ½ or financial hardship.

(g) Forfeitures

Forfeitures of nonvested Frontier contributions are applied to the payment of Plan administrative expenses, to the extent not previously paid by Frontier, with any excess being applied to reduce future contributions of Frontier. Forfeited nonvested Frontier contributions of approximately $235,000 and $314,000 were used to partially fund Frontier contributions and Plan administrative expenses, respectively, for the year ended December 31, 2025. As of December 31, 2025, forfeited nonvested Frontier contributions that remained to be used by Frontier totaled approximately $573,000.

(h) Administrative Expenses

The administrative expenses of the Plan are paid by the Plan or by Frontier. The majority of Plan administrative expenses paid by participants relate to investment management fees which are deducted from participant account balances.

(i) Investments

The Plan's investments are in a Master Trust, which provides for the investment of assets of the Plan and another Frontier sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee, who is responsible for the control and disbursement of the funds and portfolios of the Plan. Investment fees are charged against the earnings of the funds and portfolios.

Interest, dividends, and net appreciation in the fair value of investments are allocated to the Plan on a daily basis based upon the Plan's participation in the various investment funds and portfolios that comprise the Master Trust as a percentage of the total participation in such funds and portfolios.

(j) Investment Fees

Certain investments are subject to sales charges and annual fees for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the investment earnings activity and thus not separately identifiable as an expense of the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from these estimates.

(c) Investments

The Master Trust's investments are stated at fair value. Shares of registered investment companies and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Master Trust. The Plan's interest in collective trusts are recorded at fair value using the price at which participants are able to transact under the terms of the Plan as measured and available for redemption on a daily basis by the fund managers. Common stock is valued at its quoted market price as of the end of the Plan year. In addition, the Plan offers a brokerage option, BrokerageLink, whereby participants invest in securities not offered directly by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments in the Master Trust consists of the net realized gains and losses on the disposal of investments during 2025 and the net unrealized appreciation of the market value for the investments remaining in the Master Trust as of December 31, 2025.

(d) Payment of Benefits

Benefits to participants are recorded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

(f) Revenue Credit Account

The Plan has a revenue credit account which is a suspense account funded with excess revenue generated by the Plan. Revenue credits received prior to October 1, 2018 may be used to pay plan expenses. All revenue credits received subsequent to the aforementioned date are allocated to participants.

(g) Subsequent Events

In preparing the financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 9, 2026, the date that the financial statements were available to be issued.

(3) Investment in Master Trust

The Plan's specific interest in the Master Trust is credited or charged for contributions, transfers and benefit payments relating to its participants. Realized gains and losses and changes in net unrealized appreciation on investments, income (loss) from investments and expenses are allocated to the Plan based on the Plan's specific interest in the net assets of the Master Trust.

The following table presents the fair values of investments for the Master Trust as of December 31, 2025 and 2024:

	December 31, 2025	
	Master Trust Balances	Plan's Interest in Master Trust Balances

Investments, at fair value	$ 3,090,190,667	$ 2,855,075,921

Investment income of the Master Trust for the year ended December 31, 2025 is as follows:

	2025
Net appreciation in fair value of investments	$ 459,499,411
Interest and dividends	28,548,071
Total investment income	$ 488,047,482

Fair value is defined under U.S. GAAP as the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value under U.S. GAAP must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

The input levels in the hierarchy of fair value measurements are as follows:

Input Level	Description of Input
Level 1	Observable inputs such as quoted prices in active markets for identical assets.
Level 2	Inputs other than quoted prices in active markets that are either directly or indirectly observable.
Level 3	Unobservable inputs in which little or no market data exists.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent the Master Trust's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Master Trust Fair Value Measurements at December 31, 2025			
	Total	Level 1	Level 2	Level 3
BrokerageLink Common Stock	$ 2,115,664	$ 2,115,664	$ -	$ -

Money Market Funds	15,050,079	15,050,079	-	-
Total investments at fair value	$ 3,427,576,700	$ 294,423,321	$ 3,133,153,379	$ -

	Master Trust Fair Value Measurements at December 31, 2024

BrokerageLink Common Stock	$ 1,049,519	$ 1,049,519	$ -	$ -
Registered Investment Companies	374,146,967	374,146,967	-	-

Total investments at fair value	$ 3,090,190,667	$ 385,847,400	$ 2,704,343,267	$ -

(4) Party-in-interest Transactions

Certain investments in the Master Trust are in shares of registered investment companies and collective trusts that are managed by an entity related to Fidelity Management Trust Company. Fidelity Management Trust Company acts as the trustee as defined by the Plan and, therefore, transactions involving these assets qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

(5) Plan Termination

Although it has not expressed any intention to do so, Frontier has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, Collective Bargaining Agreements, and the National Labor Relations Act. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service dated November 17, 2017, indicating that it meets the requirements of Section 401(a) and 501(a) of the IRC and has qualified status as an employee retirement plan.

Although the Plan has been amended, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

(7) Risks and Uncertainties

The Plan offers a number of investment options including a variety of pooled investment funds, some of which are registered investment companies. The investment funds principally include U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic, or international conflict. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Master Trust's exposure to a concentration of issuer risk is limited by the diversification of investments across all participant-directed fund elections. Additionally, the investments within certain participant-directed fund elections may be further diversified into varied financial instruments.

(8) Merger Agreement

On September 4, 2024, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Verizon Communications Inc. ("Verizon"), and France Merger Sub Inc., and a wholly owned subsidiary of Verizon ("Merger Sub"), pursuant to which, subject to the satisfaction or waiver (to the extent permitted by law) of specified conditions, Merger Sub will be merged with and into the Company (the "Merger"), with the Company surviving the Merger as a wholly owned subsidiary of Verizon. The transaction closed on January 20, 2026.

Effective January 1, 2027, non-union participants will become eligible to participate in the Verizon Savings Plan for Management Employees and certain union participants will become eligible to participate in the Verizon Savings and Security Plan for New York and New England Associates or Verizon Savings and Security Plan for Mid-Atlantic Associates.

The Frontier Communications 401(k) Savings Plan assets for the non-union participants and certain union participants are expected to transfer to the Verizon Savings Plan for Management Employees, Verizon Savings and Security Plan for New York and New England Associates or Verizon Savings and Security Plan for Mid-Atlantic Associates in April 2027. The remaining union participants will continue to participate in the Frontier Communications 401(k) Savings Plan until they become eligible to participate in the Verizon Savings and Security Plan for New York New England Associates, Verizon Savings and Security Plan for Mid-Atlantic Associates or Verizon Savings and Security Plan for West Hourly Employees, which is expected to occur in the first quarter of 2028.
