Independent Auditor's Report

To the Plan Administrator of the
Mission Rock Residential Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Mission Rock Residential Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and January 1, 2025 (Plan Inception), and the related statement of changes in net assets available for benefits for the period from January 1, 2025 (Plan Inception) through December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and January 1, 2025 (Plan Inception), and for the period from January 1, 2025 (Plan Inception) through December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of December 31, 2025 or for the period from January 1, 2025 (Plan Inception) through December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Mission Rock Residential Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan, which went into effect January 1, 2025, that is generally available to employees of Mission Rock Residential, LLC (the "Company" or "Plan Sponsor") and Mission Rock Residential California, Inc. (collectively, the "Employer") who have attained age 21 and completed three month of service (see Note 11). The Plan excludes residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. Eligible employees may enter the Plan on the first day of the month coincident with or after meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Transfers. During 2025, approximately $20.4 million of assets from the ADP Total Source Retirement Savings Plan ("ADP Plan") attributable to employees of Mission Rock Residential, LLC were transferred from the ADP Plan to the Plan.

Contributions. The following types of contributions are allowable under the Plan:

- Participant Contributions – Participants may contribute up to 85% of their pretax compensation, as defined in the Plan document. Participants may also elect to make an after-tax Roth contribution to the Plan. Effective February 1, 2025, if a participant does not have a salary deferral election, the Plan has an automatic enrollment feature whereby such participant is automatically enrolled at a pre-tax salary deferral percentage of 3% of compensation, unless such participant elects out of the automatic enrollment after appropriate advance notice. Such percentage shall be auto-increased by 1% on January 1st of each year until a 6% deferral percentage is reached. A participant's total contribution cannot exceed $23,500 ($31,000 for participants age 50 or older) in calendar year 2025.

- Discretionary Matching Employer Contributions – The Employer may contribute matching amounts each Plan year to eligible participants. During 2025, the Employer matched 40% of each eligible participant's contribution up to a maximum of 6% of a participant's compensation (see Note 11).

- Rollover Contributions – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Participant Accounts. Each participant's account is credited with the participant's contributions (pre-tax, Roth, and rollovers, if any) and an allocation of (a) the Employer's discretionary matching contributions, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 – Description of the Plan (continued)

Vesting. Participants are 100% vested in their salary deferral contributions, rollover contributions, prior QACA match and discretionary/fixed employer matching contributions from the ADP Plan, and any earnings thereon. Participants vest in discretionary matching Employer contributions based on a six year graded vesting schedule, whereas participants become 100% vested after six years of service. Participants vest 20% after two year of services and in 20% increments for each year thereafter. Additionally, participants, while employed, become 100% vested upon reaching normal retirement age, death, becoming disabled, or upon Plan termination or partial Plan termination.

Investment Options. Participants may direct the investment of their account balances into various registered investment companies, a money market fund, and any security offered under the self-directed brokerage account ("SDBA"). Participants may make investment election changes at any time.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (10 years if used for the purchase of a principal residence). The loans are secured by the balance in the participant’s account and bear a reasonable rate of interest commensurate with prevailing rates at the date the loan is granted as determined by the Plan administrator. Principal and interest payments are generally paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, installments, or partial withdrawals equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. A terminated employee with a balance of less than $7,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request in-service withdrawals of their rollover contributions account or certain portions of their accounts upon attainment of age 59½, for active military distributions, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Forfeitures and Participant Revenue Credit Accounts. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. During 2025, forfeitures of $34,542 were used to pay administrative expenses and $208,883 were used to reduce Employer contributions. As of December 31, 2025 and January 1, 2025 (Plan Inception), unutilized forfeitures were $1,198 and $0, respectively.

The Plan maintains a participant revenue credit account ("RCP Account") that is used to offset administrative expenses of the Plan. The balance in the RCP Account as of December 31, 2025 and January 1, 2025 (Plan Inception) was $2,023 and $0, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping, account maintenance, investment advisory, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments. As further discussed in Note 1, the Plan provides for participant revenue credits which are used to offset the Plan's administrative expenses. For the period ended December 31, 2025, the Plan's administrative expenses and participant revenue credits netted to $89,800, which consisted of $91,788 of administrative expenses and $1,988 in participant revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and January 1, 2025 (Plan Inception). The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies ("RICs") and money market funds ("MMFs") (including MMFs held in the SDBA) are valued at the quoted net asset value (“NAV”) of shares/units held by the Plan at year end.
- Common stocks held in the SDBA are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and January 1, 2025 (Plan Inception);
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and January 1, 2025 (Plan Inception);
- Investment amounts, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 (Plan Inception) through December 31, 2025;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 (Plan Inception) through December 31, 2025; and
- The investment information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown in the supplemental schedules.

Note 5 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025:

	2025
Net assets available for benefits per the financial statements	**$ 24,354,568**
Less: Employer and other Employer contributions receivable	**(256,027)**
Less: Participant contributions receivable	**(81)**
Net assets available for benefits per the Form 5500 (unaudited)	**$ 24,098,460**

Note 5 – Reconciliation to Form 5500 (continued)

The following is a reconciliation of Employer and other Employer contributons and participant contributions per the financial statements to the Form 5500 for the period from January 1, 2025 (Plan Inception) through December 31, 2025:

	Employer and Other Employer Contributions	Participant Contributions
Amounts per the financial statements	**$ 814,394**	**$ 3,027,010**
Less: 2025 contributions receivable	**(256,027)**	**(81)**
Amounts per the Form 5500 (unaudited)	**$ 558,367**	**$ 3,026,929**

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Company has adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the Internal Revenue Service ("IRS") on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan and pre-approved plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2025 and January 1, 2025 (Plan Inception). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and January 1, 2025 (Plan Inception), there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 8 – Party-In-Interest Transactions (continued)

Certain Plan investments are shares/units of a money market fund offered by Fidelity through the SDBA. As Fidelity Management Trust Company is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2025, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Plan Sponsor intends to correct the late contributions and loan repayments by remitting any remaining principal plus lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Concentrations, Risks, and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2025, there were five investments, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2025.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 30, 2026, which is the date the financial statements were available to be issued.

Note 11 – Subsequent Events (continued)

Effective January 1, 2026, the Plan was amended as follows:

- The Plan's eligibility age was changed from age 21 to age 18;
- The Plan's vesting schedule was changed from a six year graded vesting schedule to a two year graded vesting schedule, whereas participants become 50% vested after one year of services and 100% vested after two years of service; and
- The Plan's discretionary matching Employer contribution formula was changed to be 50% of each eligible participant’s contribution up to a maximum of 6% of a participant’s compensation.
