Independent Auditors' Report

To the Plan Administrator of the
Safe Horizon 403(b) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Safe Horizon 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA.
- The information in the supplemental schedule related to assets held by the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

Safe Horizon 403(b) Retirement Savings Plan (the "Plan"), formerly Safe Horizon, Inc. Tax Sheltered Annuity Plan, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Readers should refer to the Plan agreement for more complete information. The Plan commenced October 1, 1957, and was restated on January 1, 2019.

GENERAL

Safe Horizon, Inc. (the "Employer") is the Plan Sponsor. The Plan is a savings plan established pursuant to Section 403(b) of the Internal Revenue Code (the "Code") that allows employees to defer a portion of their salaries for tax purposes through contributions to the Plan from payroll deductions. The Plan covers all employees, as defined, of Safe Horizon, Inc. who elect to participate. Employees that contribute at least 1% of their annual salary are also eligible to participate in the Safe Horizon 401(a) Retirement Savings Plan (the "401(a) Plan").

CONTRIBUTIONS

An employee who elects to participate in the Plan must make a minimum annual contribution equal to 1% of the employee's annual compensation. The maximum annual allowable employee contribution is limited by the Internal Revenue Service ("IRS") regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2019, the Plan implemented an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund determined by the Plan Sponsor until changed by the participant. The contribution type allowed by the Plan are Pre-Tax elective deferrals. An employee becomes a participant in their Elective Deferral portion of the Plan as soon as administratively feasible on or after the Employee's first day of employment with the Employer, Safe Horizon, Inc.

The Plan permits Age 50 catch-up contributions.

PENSION BENEFITS

Participants (or their beneficiaries in the case of death) are entitled to distributions of their vested benefits upon retirement, death, disability or termination of employment in either a lump-sum amount or in installment payments.

The Plan will make a Mandatory Distribution following the severance from employment. The Mandatory Distribution amount is equal to $5,000. For distributions that are $1,000 or less, and the participant makes no election, the amount will be automatically rolled over to an IRA provided that the account balance is at least $0.01.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the employee's contributions and earnings thereon and charged with a fixed annual administrative fee. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

VESTING

Employees are 100% vested in their account balances at all times.

NOTES RECEIVABLE FROM PARTICIPANTS

Plan Loans

Participants are allowed to enter into contract loans directly with Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"). These loans are issued from funds owned by TIAA - CREF and not from participant accounts and are not included in the Plan's financial statements. Participants receiving such loans are required to pledge as collateral an annuity value of 110% of the loan amount for the period of time the loan is outstanding. The collateral is invested in the TIAA Traditional Annuity. In the event of default, TIAA - CREF will offset the collateral in satisfaction of the balance in default and reported as benefits paid to participants. If the loan is in default and TIAA - CREF is precluded from offsetting the collateral due to the absence of a triggering or distributable event (such as separation from service, attainment of age 59 ½, disability or death), the non-distributable amount is maintained in the Plan Loan Default Fund until a triggering or distributable event occurs.

The outstanding Plan loans amounted to $17,688 and $45,747 as of December 31, 2025 and 2024, respectively.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as defined by the Plan administrator. The outstanding balances on such loans amounted to $267,272 and $265,444 as of December 31, 2025 and 2024, respectively, and are included in the accompanying financial statements. The loans bear interest at rates that range from 4.25% to 9.50%.

There is a Participant Loan Fund (Deemed Distributed) that amounts to $108,353 and $91,418 as of December 31, 2025 and 2024, respectively. These are participant loan funds that have been defaulted on. The loan balance remains in the participants account, until a later distribution event (such as termination of employment or another event following an actual distribution).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments other than those discussed below (the TIAA Stable Value Fund), are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest are recorded when received. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

The TIAA Stable Value Fund, a benefit-responsive contract, is measured at contract value. See Note 8 for a discussion of the TIAA Stable Value Fund. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Employer and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation in fair value of investments.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REGULATORY COMPLIANCE AFFECTING RETIREMENT PLANS

The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution ("RMD") rules, increasing the age from 70 ½ to 72 to participants over 72 after January 1, 2020.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of RMDs, increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030. The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024.

In addition, the SECURE 1.0 Act and further by the SECURE 2.0 Act lowered the eligibility requirements to enable part-time workers to participate in 401(k) plans. These rules for long-term, part-time workers are expanded to apply to ERISA 403(b) plans, as well. The SECURE 2.0 Act changes the eligibility requirements under 401(k) so that it is easier for part-time employees to participate in them. The enacted law, the SECURE 1.0 Act, allows plans to limit eligibility for participation of part-time employees who reach the later of: (1) age 21 or completion of one 12-month period in which the employee worked at least 1,000 hours (pre-SECURE 1.0 Act rule); or (2) three consecutive years of service with 500 or more hours in each year. Under the SECURE 2.0 Act, a plan must allow a part-time employee to participate if the employee has either satisfied the above rule #1, or if the employee has completed two consecutive 12-month periods in which the employee worked at least 500 hours in each one of the two periods and reached age 21 by the end of the second 12-month period.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TIAA - CREF

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the following information and the information contained in the supplemental schedule was certified as complete and accurate by TIAA - CREF, as the recordkeeper and trustee, and was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

NOTE 3 – INVESTMENTS – UNAUDITED INFORMATION PREPARED AND CERTIFIED BY TIAA - CREF (CONTINUED)

TIAA - CREF have certified to the completeness and accuracy of the investments and notes receivable from participants included in the financial statements as of December 31, 2025 and 2024.

As of December 31, 2025 and 2024, the Plan's assets included investments as follows:

	2025	2024
Investments - at fair value	$ 35,114,745	$ 29,321,506
Investments - at contract value	1,522,226	1,707,507
Total Investments	$ 36,636,971	$ 31,029,013

During 2025 and 2024, the Plan's investments generated total investment income/loss of $4,939,071 and $3,602,759, respectively, as follows:

	2025	2024
Interest and dividends	$ 2,027,061	$ 1,179,469
Net appreciation in fair value of investments	3,006,425	2,423,290
Total Investment Income	$ 5,033,486	$ 3,602,759

Participant Loans of $267,272 and $265,444 as of December 31, 2025 and 2024, respectively, and interest income on participant loans of $27,328 and $25,017 for the years ended December 31, 2025 and 2024, respectively, have also been certified by TIAA - CREF.

NOTE 4 – RELATED-PARTY TRANSACTIONS (PARTY-IN-INTEREST)

Certain Plan investments as of December 31, 2025 are held and managed by TIAA - CREF and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees paid by the Plan to TIAA - CREF amounted to $224,149 and $202,451 for the years ended December 31, 2025 and 2024, respectively. The Plan paid some fees directly to TIAA. These fees amounted to $97,793 and $86,081 for the years ended December 31, 2025 and 2024, respectively, which are included in administrative fees on the accompanying statements of changes in net assets available for benefits.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the balance of participant accounts will be distributed in a lump sum or by delivery of a fully paid annuity contract as permitted by IRS regulations.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

MUTUAL FUNDS

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

TIAA TRADITIONAL ANNUITY - NON-BENEFIT-RESPONSIVE

The TIAA Traditional Annuity is segregated into non-benefit and fully benefit-responsive categories. Fair value approximates contract value for non-benefit-responsive versions of the TIAA Traditional Annuity. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any) less any withdrawals and transfers out (if any). Based on its assumptions and analysis, TIAA has concluded that contract value approximates fair value.

The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable.

As of December 31, 2025 and 2024, the non-benefit-responsive version of the TIAA Traditional Annuity amounted to $19,490 and $50,490, respectively, and is reported at fair value.

CHANGES IN FAIR VALUE LEVELS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers.

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets carried at December 31, 2025 are classified in the table as follows:

	Level 1	Level 3	Total
Mutual Funds	$ 35,095,255	$ --	$ 35,095,255
Plan Loan Default Fund	--	1,296	1,296
TIAA Traditional Annuity - non-benefit-responsive	--	18,194	18,194
Total Assets at Fair Value	$ 35,095,255	$ 19,490	$ 35,114,745

Financial assets carried at December 31, 2024 are classified in the table as follows:

	Level 1	Level 3	Total
Mutual Funds	$ 29,271,016	$ --	$ 29,271,016
Plan Loan Default Fund	--	1,230	1,230
TIAA Traditional Annuity - non-benefit-responsive	--	49,260	49,260
Total Assets at Fair Value	$ 29,271,016	$ 50,490	$ 29,321,506

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 TIAA Traditional Annuity Fund for the years ended December 31:

	2025	2024
Balance, beginning of year	$ 50,490	$ 82,819
Investment income	985	2,196
Distributions	--	(1,587)
Net interfund transfers	(31,985)	(32,938)
Balance, End of Year	$ 19,490	$ 50,490

NOTE 8 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds investments in the TIAA Stable Value fund. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract plus earnings, less participant withdrawals and administrative expenses. The TIAA Stable Value investment contract provides a minimum rate of interest of between 1.00% and 3.00% per annum (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. Additional amounts of interest are not guaranteed. TIAA Stable Value fund is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity-wash" provisions). In addition, transfers into the TIAA Stable Value fund may not be made for 30 days following a transfer out. Safe Horizon has the right to discontinue the contract by submitting a discontinuance notice to TIAA, at which point a discontinuance date will be established. The amount of discontinuance payment will be the contract accumulation as of the end of the day preceding the discontinuance payment date, adjusted for any remaining amortization amounts. As of December 31, 2025, Safe Horizon does not plan to discontinue the contract.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "Code") or the failure of the trust to be tax exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options

Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

NOTE 9 – TAX STATUS

The Plan has adopted the TIAA Volume Submitter 403(b) plan, which has been determined by the Internal Revenue Service ("IRS") to be in accordance with the applicable sections of the Code, in a letter dated August 7, 2017. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the Code, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9 – TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management and the Plan administrator have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 10 – RECONCILIATION OF NET ASSETS AVAILABLE FOR BENEFITS

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 at December 31:

		2025
Net assets available for benefits per financial statements	$	36,904,243
Less: Participant Loan Fund (Deemed distributed)		(108,353)
Net assets available for benefits per Form 5500	$	36,795,890

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31:

		2025
Net increase in net assets available for benefits per financial statements	$	5,609,786
Less: Deemed distributions		(108,353)
Net change to assets available for benefits per Form 5500	$	5,501,433

NOTE 12 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.
