INDEPENDENT AUDITOR'S REPORT

To the plan administrator and participants of
Monster Energy Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Monster Energy Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the related Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to benefits provided under the plan and certified to by a qualified institution or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, and Schedule H, line 4a—Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to benefits provided under the plan and certified to by a qualified institution or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of Monster Energy Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, originally effective January 1, 1997, and restated January 1, 2022, is a defined contribution plan covering all employees of Monster Beverage Corporation, America Fruits and Flavors LLC, and Monster Brewing LLC (collectively, the Company) who have completed 30 days of employment, excluding certain classes of employees as set forth in the plan document. Part-time and temporary employees are eligible upon completion of 1,000 hours in one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may contribute up to 100 percent of annual compensation in pre-tax or Roth deferrals, as defined in the plan document and allowed by law. Participants may also roll over amounts representing distributions from other qualified plans. The Plan permits catch-up contributions for participants who have attained age 50 by the end of the plan year. The Plan provides for automatic election of deferrals at a rate of 4 percent of compensation for all new participants. Participants may affirmatively elect a different contribution percentage or elect not to defer into the Plan. Unless affirmatively elected otherwise, the deferral elections of automatically enrolled participants will be increased by 1 percent, not to exceed 8 percent of compensation. Company contributions are discretionary. During 2025, Company contributions allocated to participants' accounts totaled $11,231,720, of which $10,746,514 was contributed by the Company and $485,206 was allocated from forfeitures.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants who were terminated before January 1, 2016, are vested as follows:

Credited Service	Percent Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Participants who terminated on or after January 1, 2016, are vested as follows:

Credit Service	Percent Vested
1 year	0%
2 years	50%
3 years	75%
4 years or more	100%

e. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump-sum distribution and partial payments. In-service withdrawal options are available to participants under certain circumstances.

f. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance. Loan terms range up to five years but may be extended if the proceeds are to be used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 3.25 to 8.50 percent. Principal and interest are paid ratably through payroll deductions.

g. Forfeited Accounts and Unallocated Funds

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $92,042 and $44,333, respectively. These accounts will be used to pay plan expenses and reduce future company contributions. In addition, excess revenue-sharing amounts from the Plan's investment options have been deposited into unallocated excess revenue-sharing accounts. At December 31, 2025 and 2024, unallocated revenue-sharing accounts totaled $156,007 and $183,212, respectively. These accounts may be used to pay expenses. During 2025, $160,450 in plan expenses were paid from unallocated excess revenue-sharing accounts.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Except as noted below, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are generally recorded on a trade-date basis. As permitted by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962-325, *Plan Accounting—Defined Contribution Plans: Investments—Other*, settlement-date basis may be used when (a) the settlement date is after the financial statement date, (b) the fair value of the securities purchased or sold did not change significantly from the trade date to the financial statement date, and (c) the purchases or sales do not significantly affect the composition of the plan's net assets available for benefits.

The Plan's interest-bearing cash holdings consist of current deposit accounts with no specified maturity dates. These accounts are carried at the bank's stated balance plus or minus certain adjustments prescribed under the accounting standards. As a practical expedient, insignificant amounts of interest income on cash deposit accounts are recorded when received.

c. Investment Valuation and Income Recognition (Continued)

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. These are referred to as participant loans in the Form 5500 and related supplemental schedules. Delinquent loans are treated as distributions based upon the terms of the plan document.

f. Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Plan expenses include fees for certain participant-initiated transactions that are charged directly to the account of the participant who incurred them. Investment-related expenses are included in net realized and unrealized appreciation in fair value of investments.

g. Subsequent Events

The Plan has evaluated the subsequent events through September 30, 2026, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

4. Fair Value Measurement

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurement (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no change in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trusts: Carried at fair value using NAV as a practical expedient. Valued at the NAV of units held by the Plan at year-end as posted by the fund, which is considered by plan management to be the best approximation of fair value. There are no notable restrictions on the redemption of investments held in the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurement (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 308,646,213	$ -	$ -	$ 308,646,213
Total assets in the fair value hierarchy	$ 308,646,213	$ -	$ -	308,646,213
Investments measured at NAV as a practical expedient (1)				13,103,239
Total investments, at fair value				$ 321,749,452

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 243,609,770	$ -	$ -	$ 243,609,770
Total assets in the fair value hierarchy	$ 243,609,770	$ -	$ -	243,609,770
Investments measured at NAV as a practical expedient (1)				11,176,436
Total investments, at fair value				$ 254,786,206

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

5. Tax Exempt Status

The Company has adopted a pre-approved plan document that received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, and the plan administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code (IRC). The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan and related trust are designed in accordance with applicable sections of the IRC and, accordingly, are exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Investment Information

Management has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the Trustee, has certified that the following investment information is complete and accurate:

- Fair value of investments, the carrying amount of interest-bearing cash, and the carrying amount of notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Investment income and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2025.
- Investment information as reflected in Note 4 to these financial statements.
- Investment information reflected in the Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025.

As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to the certified investment information.

7. Party-in-Interest Transactions

The following table presents exempt transactions with parties-in-interest, as defined by ERISA.

Party-in-interest	Relationship	ERISA Sec. 408(a) exemption
State Street Bank and Trust Company	Trustee	Deposits, investment transactions, distributions in accordance with plan provisions, reasonable compensation for necessary services
Transamerica Retirement Solutions LLC	Recordkeeper	Reasonable compensation for necessary services
Plan Sponsor employees and their beneficiaries	Plan participants and beneficiaries	Loans in accordance with plan provisions

In addition, the Plan may compensate other providers, such as investment advisors and other third-party administrators, for such qualified services as fiduciary advice and support, plan design, compliance support, and investment selection.

8. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

9. Non-Exempt Transactions

Certain participant contributions were not remitted within the maximum period of time permitted by the Department of Labor's Rules and Regulations and, therefore, constitute the lending of monies from the Plan to the Company. These non-exempt transactions are detailed in the attached supplemental schedule, Schedule H, line 4a—Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2025.

During 2025, the plan sponsor corrected certain non-exempt transactions by allocating lost earnings to affected participants.
