Report of Independent Auditor

To the Plan Administrator
CAPREIT Welfare Benefit Plan
North Bethesda, Maryland

Opinion

We have audited the accompanying financial statements of CAPREIT Welfare Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of benefit obligations as of January 31, 2026 and 2025, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended January 31, 2026, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and of benefit obligations of the Plan as of January 31, 2026 and 2025, and the changes in its net assets available for benefits and of changes in benefit obligations for the year ended January 31, 2026, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of January 31, 2026, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of Plan

The following description of the CAPREIT Welfare Benefit Plan (the "Plan") provides only general information about the Plan's provisions. Participants should refer to the Plan Agreement for a more detailed description of the Plan's provisions.

General – The Plan is an employee welfare plan that provides group health and death benefits for participating employers, their participating employees, and their participating eligible dependents (collectively, the "Participants") of CAPREIT Construction, LLC; CAPREIT Residential Management, LLC; and CAPREIT Operating Limited Partnership (collectively, the "Employers"). Certain Plan assets are held in a voluntary employees' beneficiary association ("VEBA") trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Sponsor and Plan Administrator – CAPREIT Operating Limited Partnership serves as the Plan sponsor and administrator. The Plan sponsor has entered into an agreement with Cigna and the Loomis Company Administrators, health care management companies, to assist the Participants in determining whether proposed services are eligible for reimbursement under the Plan and to serve as the Plan's contract claims administrator. The Plan sponsor has also entered into an agreement with a third party consultant to assist the Participants with questions pertaining to the Plan, eligibility, limitations, and usual and customary charges. The Plan sponsor intends to fund the shortfall, if any, in net assets available for benefits needed to pay the Plan's total benefits obligation as of January 31, 2026 and 2025, and for the year ended January 31, 2026.

Contributions – Benefits under the Plan are funded by the Employers and Participants based on rates determined annually by the Plan's sponsor. The portion of the benefits to be funded by the Participants is based upon contribution rates determined periodically by the Employers.

Plan Benefits – The Plan provides benefits consisting of: (i) a partially self-funded health program providing medical, dental, and prescription benefits; (ii) a premium conversion program designed to enable Participants to pay their portion of the cost of coverage on a pre-tax basis under the Employers' self-insured health program; (iii) a life and accidental death and dismemberment ("AD&D") program; (iv) a long-term disability program; and (v) an organ or tissue transplant program. Current health claims of Participants are provided under a group stop-loss insurance arrangement, after certain individual and family limits of $150,000 and aggregate claim limits which are based on an agreed-upon formula with the insurer are met. Death, AD&D, long-term disability, and transplant benefits are covered by group-term policies. Employees are eligible to participate in the Plan if they are regularly scheduled to work a minimum of 30 hours per week in a nonseasonal or contemporary capacity for at least 60 consecutive days.

Participating employees who have terminated employment can elect continued coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Generally, a participating employee's dependents are eligible to be covered under the Plan for medical and dental benefits on the date the employee becomes a participant, except to the extent otherwise provided by the Plan.

The Plan utilizes a pharmacy benefit manager ("PBM") which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Funding Policy – The Employers have voluntarily agreed to make contributions to the Plan which will be sufficient to provide assets to pay benefits to Plan Participants. In addition to Employer contributions, management has formulated a co-pay rate which employees contribute to the Plan via a payroll deduction.

Note 1—Description of Plan (continued)

Plan Termination – Although the Employers have not expressed intent to terminate the Plan, they may do so at any time. In the event of Plan termination subject to the provisions of ERISA, the Employers shall be liable for, and have agreed to, provide funds to the extent not provided by the Plan for all Plan benefits, including those that become due prior to termination of the agreement but are not yet paid at the Plan's termination. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the Participants. No assets of the Plan may be reverted to the Employers or be used for purposes other than for the exclusive benefit of the Plan's Participants.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Interest-Bearing Cash – Interest-bearing cash consists of demand deposits held at Truist Bank. Cash balances may exceed the Federal Deposit Insurance Corporation (FDIC) insured limit of $250,000 per depositor per institution. As of January 31, 2026 and 2025, respectively, the excess uninsured balance of the Plan was $1,524,461 and $1,204,345. The Plan monitors the creditworthiness of these institutions and has not experienced any credit losses on its bank accounts.

Payment of Benefits – Premiums paid by either the Employers or the Plan trust are recorded as premium payments in the accompanying statement of changes in net assets available for benefits.

Claim payments are recorded when the third party claims processor submits claims for reimbursement. Amounts for claims that have yet to be reimbursed by the Plan are recorded as amounts currently payable in the accompanying statements of benefit obligations.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Stop-Loss – Premiums for stop-loss insurance are included in premiums paid in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $726,016 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Rebates – Rebates due from the Plan's PBM are recorded when received. For the year ended January 31, 2026, pharmacy rebates totaling $208,915 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date. The Plan administrator determines the Plan's valuation policies and procedures. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan invests in an interest-bearing cash account. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

The amount of benefit obligations related to claims incurred but not reported and future health claims payable are reported based on certain assumptions, including claims history and trends in healthcare costs, which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would-be material to the financial statements.

Benefit Obligations – The Plan's liability for the estimated health claims incurred but not reported and claims reported but not yet paid at January 31, 2026 and 2025, were determined by the Plan sponsor based on claims data provided by the Plan's third party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Administrative Expenses – Expenses incurred in the administration of the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements.

Subsequent Events – Subsequent events were evaluated through October 6, 2026, the date the financial statements were available to be issued.

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this standard are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3—Fair value measurements (continued)

There have been no changes in the methodology used to value the investments at January 31, 2026 or 2025. Following is a description of the valuation methodology used for assets measured at fair value:

Interest-bearing Cash – Cash held in interest-bearing demand deposit accounts are valued at cost, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 1,783,990	$ -	$ -	$ 1,783,990
Total investments	$ 1,783,990	$ -	$ -	$ 1,783,990

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 1,612,675	$ -	$ -	$ 1,612,675
Total investments	$ 1,612,675	$ -	$ -	$ 1,612,675

Note 4—Tax status of the Plan

The VEBA trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service ("IRS") dated January 22, 1996, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code ("IRC"). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. Investment income that exceeds the "set aside" amount is specifically taxable as unrelated business income. Accordingly, unrelated business income taxes have been recorded in the accompanying financial statements, as applicable.

In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 31, 2026 and 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5—Parties-in-interest transactions

The Employers sponsor the Plan and substantially all employees of the Employers participate in the Plan. A committee of certain employees and members of the Employers serve in an advisory capacity to the Plan. Employers also serve as the trustee of the Plan.

Note 6—Reconciliation between financial statements and Schedule H, Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at January 31 to Form 5500

	2026	2025
Net assets available for benefits per the financial statements	$ 1,868,444	$ 1,578,967
