Report of Independent Auditors

The Plan Administrator of the
Graymont (PA) Union 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Graymont (PA) Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Graymont (PA) Union 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Graymont (PA) Union 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Graymont (PA) Union 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Graymont (PA) Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Graymont (PA) Union 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Graymont (PA) Union 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, as amended from time to time, for a more complete description of the Plan's provisions.

General – The Plan was established August 1, 2006, as restated January 26, 2021, as a trusteed, salary deferral defined contribution employee retirement plan. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan covers union employees of Graymont (PA) Inc. (the Company). The Company is the Plan's sponsor and serves as plan administrator.

Effective March 1, 2020, the Plan was amended to include employees that participate in the Teamsters Local Union No. 117 Affiliated with the International Brotherhood of Teamsters to be eligible to participate in the Plan. The employees are subject to the same eligibility rules as the other participants covered by the Plan.

Recent regulatory updates – The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Eligibility – The Plan covers all eligible union employees of the Company, except those who are determined to be a "leased employee," or are non–resident aliens. Eligible employees may participate in the Plan at any time following their date of hire. The Plan contains an automatic enrollment policy which starts participant's contributions at 6% of eligible employee compensation, increasing 1% annually up to 10% of eligible compensation, unless the employee declines in writing. Participant contributions under the automatic enrollment feature are invested in a qualified default investment alternative until the participant designates their own investment allocation.

Contributions – Participants can contribute up to the lesser of 75% of eligible wages or limits established by the Internal Revenue Service (IRS). The Company will match 25% of each participant's contribution up to 6% of the participant's compensation for employees hired prior to November 1, 2014, and 50% of each participant's contribution up to 6% of the participant's compensation for employees hired after October 31, 2014. Effective January 1, 2025 the Company will match 25% of each participant's contribution up to 7% of the participant's compensation for employees hired prior to November 1, 2014, and 50% of each participant's contribution up to 7% of the participant's compensation for employees hired after October 31, 2014. Participants may also transfer in amounts representing distributions from other qualified defined benefit or defined contribution plans.

Non-elective employer contributions – For each contribution period, the Company contributes 3% of each eligible participant's compensation for employees hired after October 31, 2014.

Participant accounts – Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and earnings thereon. Earnings and losses on assets held by the Plan are allocated to each participant in the same proportion the participant's account balance bears to the total of all account balances. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the balance in the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and any earnings thereon. The vesting schedule for the Company contributions is as follows: Year 1 – 0%, Year 2 – 40%, Year 3 – 60%, Year 4 – 80%, Year 5 – 100%. Participants in the Plan from the Teamsters Local Union No. 117 Affiliated with the International Brotherhood of Teamsters follow a two year vesting schedule for Company contributions with 0% vested until reaching two years of service at which time participants are 100% vested.

Payment of benefits – On termination of service or retirement, a participant whose account balance is less than $1,000 will be required to take a lump sum distribution. Balances between $1,000 and $5,000 will receive a rollover to an Individual Retirement Account unless directed otherwise. For balances over $5,000, the participants may elect to leave their funds in the Plan until reaching the age of 73. A participant who becomes disabled while employed by the Companies or a related employer will become 100% vested in their account. Participants who reach normal retirement age as defined by the Plan become 100% vested in their benefits. Benefits are paid in a single lump sum payment.

Participant loans – Participant loans are not allowed under the Plan.

Forfeited accounts – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future employer contributions.

Forfeitures of $42,465 and $42,777 were used to reduce the Company's contributions during the Plan years ended December 31, 2025 and 2024, respectively. There were $2 and $20,841 forfeitures remaining to reduce future employer contributions as of December 31, 2025 and 2024, respectively.

Transfers of assets – As a result of changes in participant's union status, assets may be transferred to or from the Plan. Transfers of assets to the Plan occur when a new participant transfers assets from another plan. Transfers of assets from the Plan occur when the assets of a former member of the Plan are transferred to another plan.

Note 2 – Summary of Accounting Policies

Accounting basis – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect amounts reported in the financial statements. Actual amounts could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Fidelity Management Trust Company (Fidelity), certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date.

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open–end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust – Units held in the collective trust (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The CT has a daily redemption frequency with no restrictions or notice period for redeeming on the measurement date.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis and the resulting income or loss is included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation is calculated as the change in fair value between the beginning and the end of the year for assets held throughout the year and is recorded as net appreciation in fair value of investments. For those assets purchased during the year, unrealized appreciation or depreciation is calculated as the change in fair value between the purchase date and the end of the year.

Risks and uncertainties – Investment securities are exposed to various risks, including interest rate, market, and credit risk. It is reasonably possible, given the level of risk associated with the investment securities, that changes in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The following tables disclose by level, the fair value hierarchy discussed in Note 2:

	Investment Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$11,705,705	$ -	$ -	$11,705,705
Investment measured at NAV practical expedient				49,620
Investments at fair value				$11,755,325

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$10,281,366	$ -	$ -	$10,281,366
Investment measured at NAV practical expedient				69,140
Investments at fair value				$10,350,506

Note 4 – Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Fidelity. Therefore, these transactions qualify as exempt party-in-interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 6 – Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the IRS on June 30, 2020, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the date of this letter; however, the plan administrator believes the Plan is currently designed and operating in accordance with applicable sections of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

The Plan is subject to routine examinations by the IRS. There are currently no examinations in process.

Note 7 – Certified Investment Information

The following information related to investments was obtained by the Plan administrator and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and dividends and interest reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.
- Investments reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2025.

Note 8 – Reconciliation of Financial Statements to Form 5500

The table below reconciles the net assets per the financial statements to the Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per financial statements	$ 11,755,325	$ 10,374,822
Difference between fair value and contract value of collective trust	(1,518)	(4,159)
Net assets available for benefits per Form 5500	$ 11,753,807	$ 10,370,663

	2025	2024
Change in net assets per the financial statements	$ 1,537,119	$ 1,226,076
Participant contributions receivable	24,316	-
Net change in fair value of collective trust	2,641	(2,013)
Change in net assets per Form 5500	$ 1,564,076	$ 1,224,063

The Form 5500 has certain items that differ from amounts shown on the accompanying financials statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
