KIPP FOUNDATION 401(k) PLAN ADVISORY COMMITTEE
KIPP FOUNDATION 401(k) PLAN
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **KIPP FOUNDATION 401(k) PLAN** (**the Plan**), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIPP Foundation 401(k) Plan

Notes to the Financial Statements

Note 1 - Plan Description:

The following description of the KIPP Foundation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, effective as of January 1, 2001 and restated effective January 1, 2021, is a defined contribution plan that was established by KIPP Foundation (the Foundation) to provide benefits to eligible employees, as defined in the Plan document. The KIPP Foundation 401(k) Plan Advisory Committee is responsible for oversight of the Plan. The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On December 13, 2023, the Plan adopted an amendment to the 2021 Restatement which provides that temporary employees are no longer excluded from Plan participation and that all temporary employees are eligible employees, effective as of January 1, 2024. Refer to the Plan amendment for a full description of the provisions.

On March 1, 2024, the Plan adopted a corrective amendment effective January 1, 2023 to allow special 2023 Plan entry of temporary employees. Refer to the Plan amendment for a full description of the provisions.

The Plan also adopted an additional Roth catch-up requirement in accordance with SECURE 2.0. Effective January 1, 2026, participants with FICA wages exceeding $145,000 (as indexed for inflation) in the 2025 Plan year must make any catch-up contributions on a Roth basis.

Eligibility

Employees of the Foundation are eligible to participate in the Plan upon hire. The following classes are excluded: affiliated employees, common law employees and interns.

Employees are eligible to begin receiving matching contributions as soon as they are enrolled in the Plan and begin deferring contributions.

Employees who have reached 21 years of age, completed one year of service as defined in the Plan document, and remained under the Foundation's employment through the last day of that Plan year are eligible to receive employer nonelective profit sharing contributions.

Contributions

Effective January 1, 2017, eligible employees hired are automatically enrolled to have a salary deferral of 4% unless they affirmatively opt out or elect a different percentage. Participants hired before January 1, 2017 had elected upon enrollment salary deferral contributions of their eligible pre-tax compensation not to exceed the amount allowable under income tax regulations in effect at the time of election.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans.

The Foundation has adopted an ADP safe harbor contribution formula, matching 100% of participant deferral contributions up to 4% of eligible annual compensation.

The Foundation may also make discretionary nonelective contributions. No such contributions were made in 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the participant's qualified rollover contributions, the Foundation's safe harbor matching and nonelective profit sharing contributions, if any, and an allocation of Plan earnings or losses thereon. Participant accounts are charged with an allocation of Plan fees that are paid by the Plan. Allocations are based on participant account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their salary deferrals, rollovers of funds from other qualified retirement plans, safe harbor contributions and earnings thereon. The portion of the participants' accounts attributable to the Foundation's discretionary matching and nonelective contributions becomes 20% vested after one year of credited service and 100% vested after two years of credited service as defined in the Plan.

Participant Investment Options

Upon enrollment in the Plan, a participant must direct employee and employer contributions to any of the investments made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the third-party administrator's telephone system or Internet website.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the remaining balance in the participant's account. The Plan allows one loan per participant at any time. The term of the loan shall not exceed five years except in the case of a loan for the purpose of purchasing the principal residence of the participant, in which case the term for repayment may be over a period no longer than fifteen years. Repayment of loan principal and interest must be made either by check or through payroll deductions. The interest rate is set by the Plan Administrator at 1% over the prime rate and is fixed throughout the duration of the loan. Rates on loans outstanding at year end range from 4.25% to 9.50% per annum and maturity dates are through April 2039.

Payment of Benefits

A participant with a vested account of more than $7,000 may, upon termination of employment, retirement, total disability, death, reaching age 59 ½ or hardship, elect to receive an amount equal to his or her vested account interest in a lump sum distribution, equal to the value of the participant's vested interest in his or her account. A participant with a balance of $7,000 or less may, upon termination, have the vested amount paid out in a lump sum distribution. Eligible distributions between $1,000 and $7,000 are rolled over into a traditional individual retirement account (IRA) unless otherwise elected by the participant. The Plan allows for hardship withdrawals by participants. There were no participant requests to withdraw from the Plan as of December 31, 2025 or 2024 that had not been paid as of those dates.

Forfeitures

Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, invested in the Key Guaranteed Portfolio Fund, and may be used to pay plan administrative expenses, if directed by the Plan. To the extent that forfeitures are not used to pay administrative expenses, any remaining amounts may be applied to reduce future Company discretionary contributions. During the year ended December 31, 2025, deposits to forfeitures amounted to $8,138. As of December 31, 2025 and 2024, the remaining balance of forfeited accounts totaled $16,349 and $23,157, respectively, which is expected to be used to pay future Plan administrative expenses.

Custodian and Trustee

Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the Custodian and Trustee) are the Custodian and Trustee of the Plan. All of the Plan assets are held by the Custodian and Trustee.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions

Contributions from Plan participants, safe harbor matching and discretionary nonelective contributions from the employer are recorded in the year in which the contributions are earned.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodian and Trustee and invested based solely upon instructions received from participants.

The Plan's investments are reported at fair value as of the last day of the Plan year, except for fixed annuity contracts (Note 5), which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The KIPP Foundation 401(k) Plan Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2025.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as an adjustment to net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Benefits to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses that are paid by the Foundation are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2025 through October 8, 2026, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the Custodian and Trustee of the Plan).

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2025 and 2024.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 37,571,473	$ -	$ -	$ 37,571,473
Investments, at fair value	$ 37,571,473	$ -	$ -	$ 37,571,473

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 35,560,887	$ -	$ -	$ 35,560,887
Investments, at fair value	$ 35,560,887	$ -	$ -	$ 35,560,887

Note 5 - Fixed Annuity Contract:

The Plan has a traditional fixed annuity contract with Empower Annuity Insurance Company of America (Empower) totaling $1,172,983 and $1,128,488 as of December 31, 2025 and 2024, respectively. The Key Guaranteed Portfolio Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This investment contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value, which is the relevant measure because contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet their financial obligations. The issuer's ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Related-Party Transactions and Party-in-Interest Transactions:

Certain plan investments are managed by an affiliate of Empower Trust Company, LLC. Empower Trust Company, LLC is the Trustee and recordkeeper for the Plan, therefore, these transactions qualify as party-in-interest transactions.

Plan investments are managed by either an affiliate of Empower Trust Company, LLC or an investment company registered under the Investment Company Act of 1940, contracted with Empower Trust Company, LLC. Any purchases and sales of these funds are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the party-in-interest prohibition.

Certain administrative functions are performed by officers or employees of the Foundation. No such officer or employee receives compensation from the Plan.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participants immediately become 100% vested in their entire account.

Note 8 - Tax Status:

The Plan has adopted a non-standardized pre-approved plan from FIS Business Systems LLC. The FIS plan has received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service as to the form of the plan being acceptable under Section 401 of the Internal Revenue Code. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the plan qualified under Code section 401(a). The Plan has been amended since the FIS plan received the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of mutual funds or a fixed annuity contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Fidelity 500 Index represented 14% and 12% of net assets available for benefits as of December 31, 2025 and 2024, respectively. Fidelity US Bond Index represented 17% and 18% of net assets available for benefits as of December 31, 2025 and 2024, respectively.

Note 10 - Nonexempt Transactions:

During 2025 and 2024, the Plan sponsor failed to remit certain employee deferrals totaling $24,778 and $8,349, respectively within the required timeframe as stated by the United States Department of Labor regulations. The delinquent contributions have been corrected outside the Voluntary Fiduciary Correction Program during 2025.

Note 11 - Reconciliation to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to the Form 5500:

	2025	2024
