The Plan Administrative Committee of
Sierra Pacific Industries Employees' Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sierra Pacific Industries Employees' Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sierra Pacific Industries Employees' Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sierra Pacific Industries Employees' Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Pacific Industries Employees' Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sierra Pacific Industries Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sierra Pacific Industries Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sierra Pacific Industries Employees' Retirement Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of the Sierra Pacific Industries Employees' Retirement Plan (the Plan) provides general information about the Plan's provisions. Sierra Pacific Industries, Inc. (the Company or Employer) is the Plan sponsor. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sierra Pacific Industries, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan Administrative Committee (Plan administrator), appointed by the Company's Board of Directors, administers the Plan. Vanguard Fiduciary Trust Company is the trustee (the Trustee) and The Vanguard Group, Inc., is the recordkeeper for the Plan.

An employee can make 401(k) contributions to the Plan after 60 calendar days of active employment as a regular, part-time, or temporary employee, uninterrupted by any periods of unemployment. The Company automatically enrolls all new employees who are eligible employees in a "regular" classification on or after January 1, 2006. The default deferral amount is 4%, and this percentage will increase by 1% (up to a maximum deferral amount of 50%) each July 1, unless a participant makes a different election. Participants who joined the Company prior to January 1, 2006, may enroll in the automatic increase program as they choose.

Contributions

Each year, participants may contribute up to 50% of their eligible compensation, as defined in the plan document, through payroll deductions. Annual participant contribution amounts are limited to $23,500 for the year ended December 31, 2025 (and an additional $7,500 for participants age 50 years or older) as prescribed under the Internal Revenue Code (the IRC). The Company may match 100% of the first $3,000 of eligible employee deferral contributions, up to a maximum match of $3,000 per year per participant. As a result, $13,664,337 was contributed to the Plan in 2026 for the 2025 plan year. The Company may make a profit-sharing contribution to the Plan in such amounts as determined by the Board of Directors. Effective January 1, 2024, the plan was amended to change the definition of the profit-sharing calculation to be 2% of each eligible participant's eligible compensation. The Board of Directors approved the profit-sharing

contribution for 2025. As a result, $8,741,744 was contributed to the Plan in 2026 for the 2025 plan year. Forfeitures of approximately $754,000 were used to offset 2025 employer contributions, in 2026. The Plan also accepts Roth 401(k) salary deferrals made by participants. Participants' Roth 401(k) salary deferrals are allocated to a separate account maintained for such deferrals.

The maximum annual addition to a participant's account in the 2025 plan year is the lesser of 100% of the employee's compensation or $70,000, as established by IRC Section 415(c).

Participants direct the investment of their contributions and the Company's matching and profit-sharing contributions into various mutual fund and collective trust options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers from other plans, investment earnings and losses, and the Company's matching and profit-sharing contributions. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeitures

As defined in the plan document, forfeitures attributable to matching contributions during the plan year that are not used to restore participant's accounts as of the last day of such plan year may reduce the Company's matching contribution for such year and be allocated as of the last day of the plan year to the eligible participant accounts. If not so allocated, these forfeitures may be allocated along with forfeitures attributable to company profit-sharing contributions. Forfeitures attributable to profit-sharing during a plan year that are not used to restore participant's accounts as of the last day of such plan year or used to pay plan expenses may be added to the profit-sharing contribution for such year and allocated as of the last day of the plan year to the eligible participant accounts.

During 2025, forfeited balances relating to profit-sharing and matching contributions of terminated participants' non-vested accounts that were not used to restore the accounts of terminated participants who subsequently resumed employment with the Company were used to offset employer contributions and pay plan expenses. At December 31, 2025 and 2024, the amount of unallocated forfeitures was approximately $225,000. During the year ended December 31, 2025,

1. Description of Plan (continued)

approximately $137,000 was used to pay administrative expenses. In 2026, approximately $754,000 was used to offset 2025 employer contributions.

Vesting

Participants are immediately vested in their employee contribution accounts. The Plan provides that participants vest in their employer account balance (including both matching and profit-sharing contributions) at the rate of 20% after the second year and 20% in each subsequent year, based upon completion of 1,000 hours of service during the year, until they are fully vested after the completion of six years of service.

Payment of Benefits

On termination of service, retirement, disability, or death, a participant may receive a lump-sum amount or installment payments equal to the vested value of his or her account. The Plan also provides that a participant, or participant's beneficiary, will become fully vested in the participant's account upon reaching age 59½ while employed, permanent disability, or death. If the participant's account is less than $1,000, the account is distributed in a lump sum.

Hardship withdrawals from employee contribution accounts are permitted if certain criteria are met. Other in-service withdrawals are allowed as defined in the Plan.

Administrative Expenses

Substantially all administrative expenses are paid from the Plan's unallocated forfeitures account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset values (NAV) of such shares held by the Plan at year-end. Collective trusts are valued using NAV as a practical expedient. NAV as a practical expedient is based on the fair value of the underlying assets owned by the collective trusts, less any liabilities, divided by the number of units outstanding.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company, a qualified institution:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2025.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following.

- Quoted prices for similar assets and liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in markets that are not active.
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals).

4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

There were no transfers between Levels 1, 2 or 3 during the 2025 and 2024 Plan years.

The Plan invests in collective trusts as a cost-saving option for participants. The collective trusts include target retirement funds designed to provide capital appreciation and current income consistent with its current asset allocation. Participant units in the fund are valued at the NAV as the practical expedient to estimate fair value as determined by the issuer of the funds. Participant transactions (purchases and sales) for the target retirement funds may occur daily. Certain funds have a frequent trading policy that restricts reinvestment in the same fund for 30 days after a transfer out. The collective trusts had no unfunded commitments at December 31, 2025.

4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 182,326,855	$ -	$ -	$ 182,326,855
Total assets in the fair value hierarchy	$ 182,326,855	$ -	$ -	182,326,855
Investments measured at NAV practical expedient: Collective Trusts				567,333,406
Investments at fair value				$ 749,660,261

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV practical expedient: Collective Trusts				484,256,285
Investments at fair value				$ 654,821,387

5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 25, 2014, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Party-in-Interest Transactions

The Plan holds mutual funds and collective trusts issued by an affiliate of, or directly issued and managed by, the Trustee for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Plan management has evaluated subsequent events for the Plan through October 8, 2026, the date the financial statements were available to be issued.
