INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Bank7 Employees' 401(k) Plan
Oklahoma City, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bank7 Employees' 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025, and 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of Bank7 Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering the employees of Bank7 (the "Company") and employees of Haines Capital Group. Employees must complete 2 months of service prior to entering the Plan. Participation in employer profit sharing or employer matching occurs following completion of one year of service during which a participant works 1,000 hours. As an additional requirement for profit sharing eligibility, the participant must be 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is appointed as the plan administrator and is responsible for oversight of the Plan. BOK Financial, NA ("BOK" or "Trustee") is the trustee of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant contributions – Each year, participants may contribute up to 100% of their compensation, subject to certain limitations imposed by the Internal Revenue Service ("IRS"). Plan participants age 50 and older are eligible to make additional catch-up contributions. Participants may also rollover amounts distributed from other qualified plans. Long-term part-time employees who have worked at least 500 hours during the last 2 consecutive 12-month service periods and are 18 years of age are eligible to make employee deferral contributions.

Employer contributions **–** At its discretion, the Company may provide matching contributions on behalf of each participant at a rate determined by the Company's board of directors. In 2025, the Company made matching contributions equal to 100 percent of the employee's deferral, up to 5 percent of eligible employee compensation, as defined by the Plan. Also, at its discretion, the Company's board of directors may designate additional profit-sharing contributions for the benefit of eligible participants, which are allocated based on the participant's compensation, as defined in the plan agreement. No profit-sharing contributions were made for 2025. Company contributions are subject to Internal Revenue Code ("IRC") limitations. Participants direct the investment of all participant and employer contributions.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings or losses and charged with applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options **–** Upon enrollment in the Plan, a participant directs contributions among the investment options provided by the Plan. Participants may change their investment options anytime throughout the year via internet or direct phone access to the Plan's third-party administrator.

Notes receivable from participants **–** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account

balance. Loan terms may not exceed five years. Loans are secured by the balance in the participant's account and bear interest rate based on the National Prime rate plus 2%.

Principal and interest are paid ratably through payroll deductions and notes are due in various amounts through January 2030. Notes receivable from participants have been classified as an investment for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Vesting – Participants are immediately vested in their contributions as well as actual earnings or losses on those amounts. Vesting of all employer contributions is based on continuous years of service.

Years of service	Vested percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 years or more	100%

Any participant who attains normal retirement age, becomes disabled, or dies becomes fully vested regardless of length of service and will receive all benefit payments in accordance with distribution provisions of the Plan.

Forfeited accounts – Forfeited non-vested accounts are used to reduce future employer contributions or pay plan expenses under the terms of the Plan. During 2025, no forfeitures were used to pay plan expenses. Forfeitures of approximately $16,000 were used to reduce employer contributions. There were no forfeited non-vested amounts held in the Plan as of December 31, 2025, and 2024, respectively.

Payment of benefits – Upon death, permanent disability, retirement, or termination of service, participants whose total account balance does not exceed $7,000 will automatically receive a distribution of all vested amounts in their participant account. Participants whose total account balance exceeds $7,000 may receive all vested amounts upon request, processed as soon as administratively feasible. Beneficiaries of a deceased participant may elect to postpone payment to a later date within 5 years of the qualifying event. All non-vested amounts are forfeited.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts, and the Trustee shall be directed to distribute all assets in the Plan to participants in the same manner as if each participant had then retired.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors, the trustees and other third parties. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025, or 2024. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits are recorded when paid.

Administration – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to benefit payments and participants loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included as an offset to net appreciation in fair value of investments.

Subsequent events – The Plan Administrator has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED OR PREPARED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2025, and 2024, and investment activities for the year ended December 31, 2025, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by BOK Financial, N.A. (the "Trustee" to the Plan), and furnished to the Plan administrator. The plan administrator has obtained certifications from the Trustee that the information provided to the plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2025	2024
Investments, at fair value	$ 13,906,075	$ 11,030,345
Notes receivable from participants	177,464	171,804
Accrued dividends	2,508	20,978

The Trustee also certified the completeness and accuracy of $1,605,635 of net appreciation in fair value of investments, $302,429 of interest and dividend income on investments, and $16,888 of interest income on notes receivable from participants for the year ended December 31, 2025.

4. FAIR VALUE MEASUREMENTS

The Plan measures fair value in accordance with accounting standards that establishes a fair value hierarchy based on the observability of inputs used to measure fair value. These inputs are summarized in the three broad levels listed below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value of measurement.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The fair values of mutual fund investments and self-directed brokerage accounts, which primarily hold common stocks, are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investments measured at fair value on a recurring basis at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$13,684,515	$ -	$ -	$13,684,515
Self-directed brokerage account	221,560	-	-	221,560
Total investments at fair value	$13,906,075	$ -	$ -	$13,906,075

The following table presents the Plan's investments measured at fair value on a recurring basis at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$10,978,088	$ -	$ -	$10,978,088
Self-directed brokerage account	52,257	-	-	52,257
Total investments at fair value	$11,030,345	$ -	$ -	$11,030,345

5. RISKS AND UNCERTAINTIES

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investment funds and notes receivable from participants are managed by BOK Financial, N.A. and therefore qualify as party-in-interest transactions.

7. TAX STATUS

The Plan uses a prototype plan document which received a determination letter from the IRS, dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The prototype document and the Plan itself have since been amended, and no further determination letter from the IRS has been received. Plan management believes that these amendments have an insignificant impact to the IRS determination, and therefore, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes the Plan is no longer subject to income tax examinations prior to 2022.
