INDEPENDENT AUDITORS' REPORT

To the Investment Committee of
Jay Industrial Repair, Inc. Employee Savings Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Jay Industrial Repair, Inc. Employee Savings Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Jay Industrial Repair, Inc. Employee Savings Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Jay Industrial Repair, Inc. (the Company and Plan Sponsor) who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee (the Committee) is responsible for the oversight of the Plan. The Plan's investment advisors advise the Committee on investment options, monitor investment performance, and report to key members of Plan management.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Subject to statutory limitations, the Company may make discretionary matching contributions on a pro rata basis to all participants based on their annual contributions. For 2025, the Company matched 50% of the first 4% of base compensation, as defined, that each participant contributed to the Plan. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Plan provides for automatic enrollment of participants at a deferral rate set at 4% of eligible compensation with an annual escalation of 1% per year to a maximum of 15% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, and Plan earnings. Participant accounts are charged with an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. These contributions vest at a rate of 20% per year, beginning the second year of service. A participant is 100% vested after six years of credited service as specified in the Plan agreement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 and not more than 50% of their vested account balance or $50,000. Participants are limited to two outstanding notes receivable at any given time. The notes receivable from participants are secured by the balance in the participant's account and bear interest at 4.25% to 9.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a distribution-in-kind. For termination of service for other reasons, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Financial hardship distributions are available for amounts attributable to salary deferrals and rollovers from other plans.

Forfeited Accounts
At December 31, 2025 and 2024, forfeited accounts totaled $17,752 and $13,639, respectively. These accounts may be used to reduce Company contributions and to pay Plan expenses. In 2025, the Company contributions were reduced by $14,563, and administrative fees of $227 were paid from forfeited nonvested accounts.

Expenses
Certain expenses of maintaining the Plan, including legal and accounting fees, are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, benefit payment fees, and investment related expenses, including trustee fees, have been paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees as incurred. If a participant ceases to make loan repayments, and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Subsequent Events
Management has evaluated subsequent events through October 8, 2026, the date the report was available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held and notes receivable from participants as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, the trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and common collective trust funds: Valued at NAV as determined by the issuer based on the fair market value of the underlying investments. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. There were no Level 2 or 3 investments.

Fair Value Measurements as of December 31, 2025

	Level 1	Total
Investments, at fair value:		
Mutual funds	$ 603,227	$ 603,227
Total investments within hierarchy	$ 603,227	603,227
Investments valued at NAV[(a)(b)]		
Pooled separate accounts		3,176,036
Common collective trust funds		11,328,673
Investments at fair value		$ 15,107,936

Fair Value Measurements as of December 31, 2024

	Level 1	Total
Investments, at fair value:		
Mutual funds	$ 573,987	$ 573,987
Total investments within hierarchy	$ 573,987	573,987
Investments valued at NAV[(a)(b)]		
Pooled separate accounts		3,013,385
Common collective trust funds		9,352,110
Investments at fair value		$ 12,939,482

[(a)] In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

[(b)] Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

The following tables summarize investments in the pooled separate accounts and common collective trust funds measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,176,036	$ -	Daily	1 day
Common collective trust funds	11,328,673	-	Daily	1 day

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,013,385	$ -	Daily	1 day
Common collective trust funds	9,352,110	-	Daily	1 day

5. TAX STATUS

The Company adopted a non standardized pre-approved profit-sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the IRS on June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype document has not received a determination letter specific to the Plan itself. Although the prototype document has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of common collective trust funds and pooled separate accounts managed by affiliates of Principal Trust Company, the trustee of the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. The Plan paid the Plan's third-party administrator $88,237 in administrative fees. These transactions are exempt party-in-interest transactions under ERISA.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 15,790,089	$ 13,540,290
Employer contributions receivable	(287,515)	(250,516)
Net assets available for benefits per the Form 5500	$ 15,502,574	$ 13,289,774

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2025, to net income per the Form 5500:

Net increase per the financial statements	$ 2,249,799
Change in employer contributions receivable	(36,999)
Net income per the Form 5500	$ 2,212,800

10. SUBSEQUENT EVENTS

In May 2026, Jay Industrial Repair, Inc., the Plan Sponsor, was acquired by Carousel Capital. The acquisition did not result in a change to the Plan's name and did not affect the Plan's ability to continue as a going concern.

Subsequent to year-end, the Plan was amended to increase the automatic enrollment deferral rate from 4% to 5% of eligible compensation, effective January 1, 2026.
