INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Advanced Molecular Diagnostics 401(k) Plan
Montvale, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Advanced Molecular Diagnostics 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Molecular Diagnostics 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Molecular Diagnostics 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Molecular Diagnostics 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Molecular Diagnostics 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Molecular Diagnostics 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Advanced Molecular Diagnostics 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2023. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Advanced Molecular Diagnostics (“the Company”) who have completed three months of service, are over 18 years old, and are not union employees, nonresident aliens, leased employees, or residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan on the first payroll that is administratively feasible to implement deferrals after the eligibility requirements are met but no later than the later of two pay periods or two weeks after the requirements are met. Effective January 1, 2025, unless a participant makes an affirmative election, participants are automatically enrolled to contribute 3% of eligible compensation each pay period on a pre-tax basis. Prior to January 1, 2025, participants were automatically enrolled to contribute 1% of eligible compensation each pay period on a pre-tax basis. Effective January 1, 2025, automatically enrolled participants are subject to scheduled increases of 1% of eligible compensation on the first day of each Plan year until a maximum of 10% of compensation is met. Prior to January 1, 2025, there were no automatic escalation provisions. Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to the maximums allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are between the ages of 60 and 63 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary nonelective contributions to the Plan. For the year ended December 31, 2025, the Company did not make any discretionary nonelective contributions to the Plan. Participants direct the investment of the Company’s contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s discretionary nonelective contributions, if any, and an allocation of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting (continued)

Vesting in the Company's discretionary nonelective contribution portion of their account, if any, plus earnings thereon is based on years of service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant dies or becomes disabled prior to attaining normal retirement age, the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions. Participants who terminate employment with a vested balance of less than $7,000 may receive an automatic direct rollover of their account balance into an individual retirement account (IRA).

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated participants or adjustments, if any. Forfeitures are used to pay administrative expenses or to reduce Company (employer) contributions. There was a forfeiture balance of $550 and $338 as of December 31, 2025 and 2024, respectively. Forfeitures of $700 were used to fund qualified nonelective contributions during the year ended December 31, 2025 to correct a prior year operational failure.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

The Plan considers cash to be highly liquid non-interest-bearing funds held in the Plan with an original maturity date of three months or less.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions, if any, are recorded in the year in which the participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for recordkeeping, investment advisory and third-party administration are included in administrative expenses and allocated to participant accounts based on a pro rata formula. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE C – CERTIFIED INFORMATION

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Benefit Trust Company.

	December 31, 2025	December 31, 2024
Cash	$ 1,984	$ 653
Investments, at fair value	$ 545,618	$ 308,638
Notes receivable from participants	$ 5,096	$ 2,561
For the year ended December 31, 2025		
Interest and dividend income	$ 12,182	
Net appreciation in fair value of investments	$ 58,145	
Interest on notes receivable from participants	$ 158	

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds (and money market fund): Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Total
Mutual funds (and money market fund)	$ 545,618	$ 545,618
Investments, at fair value	$ 545,618	$ 545,618

December 31, 2024	Level 1	Total
Mutual funds (and money market fund)	$ 308,638	$ 308,638
Investments, at fair value	$ 308,638	$ 308,638

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE F - TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which obtained its latest opinion letter on September 26, 2024, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Guideline Inc. ("Guideline") is the third-party administrator, recordkeeper, and investment advisor for the Plan. On November 3, 2025, Guideline Inc. was acquired, and the Plan's account was transferred to Accrue 401k, Inc. The acquisition did not result in a movement of assets or a change in the team overseeing the recordkeeping and administration for the Plan. These fees paid to Guideline qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid to Guideline have been included in administrative expenses.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Notes receivable from participants and related interest income also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2024, the Company inadvertently failed to remit participant contributions within the time period required by Department of Labor (DOL) regulations. The late remittance of participant contributions is considered a prohibited transaction. The Company funded $832 of lost earnings during the year ended December 31, 2025 to correct the delinquent participant contributions from the year ended December 31, 2024. The lost earnings are recorded as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE J – PLAN CORRECTIONS DUE TO OPERATIONAL FAILURES

Operational failures were identified during the years ended December 31, 2025 and 2024 for missed deferrals and a definition of compensation error. The Company calculated the qualified nonelective contributions (QNECs) owed to participants to correct the failures in accordance with regulations. The QNECs owed as of December 31, 2025 and 2024 totaled $7,591 and $1,375, respectively, and are presented as other employer contributions receivable on the statements of net assets available for benefits. The QNECs related to the plan year ended December 31, 2024 were funded and credited to participants in 2025. The Company is working with its service provider to fund the QNECs owed related to the plan year ended December 31, 2025 and to quantify the earnings. The earnings will be recorded when they are funded for financial statement purposes.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025.

Net assets available for benefits per the financial statements	$	560,289
Less: Other employer contributions receivable as of December 31, 2025		(7,591)
Net assets per Form 5500 Schedule H	$	552,698

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024.

Net assets available for benefits per the financial statements	$	320,036
Less: Participant contributions receivable as of December 31, 2024		(6,809)
Less: Other employer contributions receivable as of December 31, 2024		(1,375)
Net assets per Form 5500 Schedule H	$	311,852

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025.

Net increase in net assets per the financial statements	$	240,253
Less: Other employer contributions receivable as of December 31, 2025		(7,591)
Add: Participant contributions receivable as of December 31, 2024		6,809
Add: Other employer contributions receivable as of December 31, 2024		1,375
Net income per Form 5500 Schedule H	$	240,846

NOTE L – SUBSEQUENT EVENTS

On January 30, 2026, Accrue 401k, Inc. was acquired by Vestwell Holdings, Inc. The acquisition resulted in a change in trustees from Benefit Trust Company to Matrix Trust Company. The Plan had a blackout period from April 22, 2026 through May 6, 2026. The Plan's assets totaling $643,330 were transferred from Benefit Trust Company to Matrix Trust Company on April 30, 2026.

The Plan has evaluated subsequent events for recognition and disclosure through October 7, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Advanced Molecular Diagnostics 401(k) Plan
Montvale, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Advanced Molecular Diagnostics 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Molecular Diagnostics 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Molecular Diagnostics 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Molecular Diagnostics 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Molecular Diagnostics 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Molecular Diagnostics 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Advanced Molecular Diagnostics 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2023. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Advanced Molecular Diagnostics (“the Company”) who have completed three months of service, are over 18 years old, and are not union employees, nonresident aliens, leased employees, or residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan on the first payroll that is administratively feasible to implement deferrals after the eligibility requirements are met but no later than the later of two pay periods or two weeks after the requirements are met. Effective January 1, 2025, unless a participant makes an affirmative election, participants are automatically enrolled to contribute 3% of eligible compensation each pay period on a pre-tax basis. Prior to January 1, 2025, participants were automatically enrolled to contribute 1% of eligible compensation each pay period on a pre-tax basis. Effective January 1, 2025, automatically enrolled participants are subject to scheduled increases of 1% of eligible compensation on the first day of each Plan year until a maximum of 10% of compensation is met. Prior to January 1, 2025, there were no automatic escalation provisions. Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to the maximums allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are between the ages of 60 and 63 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary nonelective contributions to the Plan. For the year ended December 31, 2025, the Company did not make any discretionary nonelective contributions to the Plan. Participants direct the investment of the Company’s contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s discretionary nonelective contributions, if any, and an allocation of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting (continued)

Vesting in the Company's discretionary nonelective contribution portion of their account, if any, plus earnings thereon is based on years of service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If a participant dies or becomes disabled prior to attaining normal retirement age, the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions. Participants who terminate employment with a vested balance of less than $7,000 may receive an automatic direct rollover of their account balance into an individual retirement account (IRA).

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated participants or adjustments, if any. Forfeitures are used to pay administrative expenses or to reduce Company (employer) contributions. There was a forfeiture balance of $550 and $338 as of December 31, 2025 and 2024, respectively. Forfeitures of $700 were used to fund qualified nonelective contributions during the year ended December 31, 2025 to correct a prior year operational failure.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

The Plan considers cash to be highly liquid non-interest-bearing funds held in the Plan with an original maturity date of three months or less.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Discretionary nonelective contributions, if any, are recorded in the year in which the participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for recordkeeping, investment advisory and third-party administration are included in administrative expenses and allocated to participant accounts based on a pro rata formula. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE C – CERTIFIED INFORMATION

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Benefit Trust Company.

	December 31, 2025	December 31, 2024
Cash	$ 1,984	$ 653
Investments, at fair value	$ 545,618	$ 308,638
Notes receivable from participants	$ 5,096	$ 2,561

Interest and dividend income	$ 12,182	
Net appreciation in fair value of investments	$ 58,145	
Interest on notes receivable from participants	$ 158	

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds (and money market fund): Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market fund and mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Total
Mutual funds (and money market fund)	$ 545,618	$ 545,618
Investments, at fair value	$ 545,618	$ 545,618

December 31, 2024	Level 1	Total
Mutual funds (and money market fund)	$ 308,638	$ 308,638
Investments, at fair value	$ 308,638	$ 308,638

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE F - TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which obtained its latest opinion letter on September 26, 2024, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Guideline Inc. ("Guideline") is the third-party administrator, recordkeeper, and investment advisor for the Plan. On November 3, 2025, Guideline Inc. was acquired, and the Plan's account was transferred to Accrue 401k, Inc. The acquisition did not result in a movement of assets or a change in the team overseeing the recordkeeping and administration for the Plan. These fees paid to Guideline qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees paid to Guideline have been included in administrative expenses.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Notes receivable from participants and related interest income also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2024, the Company inadvertently failed to remit participant contributions within the time period required by Department of Labor (DOL) regulations. The late remittance of participant contributions is considered a prohibited transaction. The Company funded $832 of lost earnings during the year ended December 31, 2025 to correct the delinquent participant contributions from the year ended December 31, 2024. The lost earnings are recorded as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE J – PLAN CORRECTIONS DUE TO OPERATIONAL FAILURES

Operational failures were identified during the years ended December 31, 2025 and 2024 for missed deferrals and a definition of compensation error. The Company calculated the qualified nonelective contributions (QNECs) owed to participants to correct the failures in accordance with regulations. The QNECs owed as of December 31, 2025 and 2024 totaled $7,591 and $1,375, respectively, and are presented as other employer contributions receivable on the statements of net assets available for benefits. The QNECs related to the plan year ended December 31, 2024 were funded and credited to participants in 2025. The Company is working with its service provider to fund the QNECs owed related to the plan year ended December 31, 2025 and to quantify the earnings. The earnings will be recorded when they are funded for financial statement purposes.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025.

Net assets available for benefits per the financial statements	$	560,289
Less: Other employer contributions receivable as of December 31, 2025		(7,591)
Net assets per Form 5500 Schedule H	$	552,698

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

Net assets per Form 5500 Schedule H	$	311,852

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025.

Net increase in net assets per the financial statements	$	240,253
Less: Other employer contributions receivable as of December 31, 2025		(7,591)
Add: Participant contributions receivable as of December 31, 2024		6,809
Add: Other employer contributions receivable as of December 31, 2024		1,375
Net income per Form 5500 Schedule H	$	240,846

NOTE L – SUBSEQUENT EVENTS

On January 30, 2026, Accrue 401k, Inc. was acquired by Vestwell Holdings, Inc. The acquisition resulted in a change in trustees from Benefit Trust Company to Matrix Trust Company. The Plan had a blackout period from April 22, 2026 through May 6, 2026. The Plan's assets totaling $643,330 were transferred from Benefit Trust Company to Matrix Trust Company on April 30, 2026.

The Plan has evaluated subsequent events for recognition and disclosure through October 7, 2026, the date the financial statements were available to be issued.
