INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Numed, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Numed, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Numed, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Numed, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Numed, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Numed, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Numed, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at December 31, 2025 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
(Modified Cash Basis)

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Numed, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document and the Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan was adopted July 1, 1991 and is a defined contribution retirement savings plan intended to provide retirement benefits to eligible employees of Numed, Inc. (Company). There is no minimum age for Plan eligibility and employees are eligible to participate after completing three months of service with the Company. Once eligible, participants may begin contributing to the Plan on the first day of the Plan year quarter following. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The directed trustee of the Plan is Voya Institutional Trust Company and the discretionary trustee is Darla Scott, Vice President – Tax and Audit.

Participant Contributions

Participants may contribute a percentage of their pre-tax compensation to the Plan through payroll deductions subject to certain limitations, as defined by the Internal Revenue Code (IRC). Participants may make after-tax Roth contributions as well. Participants may change their payroll deferral election at any time, to be effective with the next payroll period. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Employer Contributions

The Company is required to make a qualified matching contribution to the Plan. The safe harbor matching contribution will be 100% (dollar-for-dollar) matching contribution on salary deferrals up to 3% of compensation plus a 50% matching contribution on salary deferrals between 3% and 5% of compensation. The Company made safe harbor contributions of $344,559 and $395,605 in 2025 and 2024, respectively.

The Company may contribute a discretionary matching contribution as described in the Plan documents. During 2025 and 2024, the Company made no discretionary matching contributions.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Investment Options

The Plan is participant-directed and, as such, participants are able to direct all contributions into various investment options offered by the Plan. Investment options of the Plan, which are determined by the plan trustee, the Company's board of directors and an oversite committee of Numed, Inc. employees, currently consist of pooled separate accounts and the Voya Fixed Account. Participants may change their investment option election daily.

Participant Accounts

Each participant's account is credited with their contributions, any Company contributions and an allocation of the Plan's investment earnings (including realized and unrealized gains on investments). Each participant's account is reduced for distributions and an allocation of the Plan's investment losses. The Plan's investment earnings and losses in each investment option are allocated daily and in proportion to the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus investment earnings and losses thereon. Vesting in the Company's discretionary contributions portion of their accounts plus investment earnings and losses thereon is based on years of continuous service. Vesting begins after one year of credited service and 100% vesting occurs after five years of credited service. Notwithstanding the preceding description of vesting, the participant or their designated beneficiary is 100% vested in the participant's entire account balance upon retirement at normal retirement age, disability as defined by the Plan or death of the participant.

Forfeited Accounts

All employer contributions credited to a Participant's account, but not vested, are forfeited by the Participant upon his/her termination from the Plan. Per the Plan document forfeitures may be used to first reduce the Company's contributions and then to offset future employer contributions. During the years ended December 31, 2025 and 2024, there were no forfeitures.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Participant Loans

Plan participants may obtain loans from the Plan under certain limitations and restrictions. Loans must exceed $1,000 and be the lesser of 50% of the vested account balance or $50,000. All loans to participants bear interest at a fixed rate of 2% above the prime rate as published in the Wall Street Journal Money Rate Sections on the loan origination date. At December 31, 2025, the interest rates on outstanding loans ranged from 5.25% to 10.50%. Loan repayment terms cannot exceed five years, except when the loan is for the purchase of a primary residence, the repayment terms cannot exceed ten years or such longer period that is commensurate with the repayment period permitted by commercial lenders for similar loans. Loans are secured by the participant's account. In the event of default, amounts are withheld from any future distribution in the form of deemed distributions. As a result, management does not believe an allowance for credit losses is necessary.

Distributions

On retirement, disability or other termination of employment, participants may receive the vested value of their account as soon as administratively feasible. Vested benefits are payable to participants in a lump sum. For vested account balances of $5,000 or less at termination, distributions are made to participants as soon as administratively feasible regardless of consent being given. The Plan also allows participants to make in-service withdrawals after reaching age 59½ or under hardship circumstances and distributions of employer matching and discretionary contributions after reaching age 55.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants are 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Under the modified cash basis of accounting, revenues are recognized when collected rather than when earned, and expenses are recognized when paid rather than incurred. This approach is modified to record investments at their fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the Voya Fixed Account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment transactions are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Pooled separate accounts are valued at estimated fair value as provided by Voya Retirement Insurance and Annuity Company (VRIAC). These investments are in funds that file a Form 5500 as a direct filing entity.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to the Voya fixed account because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the plan.

Forfeited Accounts

All employer contributions credited to a Participant's account, but not vested, are forfeited by the Participant upon his/her termination from the Plan. Per the Plan document forfeitures may be used to first reduce the Company's contributions and then to offset future employer contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Statement of Net Assets Available for Benefits (modified cash basis) as of December 31, 2025, the investment activities included in the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the years ended December 31, 2025 and 2024 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee, Voya Retirement Insurance and Annuity Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan administrator requested that no auditing procedures be performed on certified investment information and related activity, investment transactions and investment income. The trustee, as specified above, has certified that the investment assets, investment transactions, and investment income in the accompanying financial statements, notes to financial statements and supplemental schedule is complete and accurate as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

NOTE D – PARTY-IN INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in pooled separate accounts and the fixed account managed by the Plan's trustee. The Company provides certain administrative services at no cost to the Plan.

The Plan incurred audit fees in the amounts of $15,750 and $15,000 during the years ending December 31, 2025 and 2024 respectively. The audit fees were paid by Numed, Inc.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE F – TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications.

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently operating, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan administrators believe the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE G – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for identical or similar assets or liabilities in active or inactive markets, observable inputs other than quoted prices or inputs derived from or corroborated by observable market data by correlation or other means and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide a more reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available. There were no plan assets requiring the use of Level 3 inputs for the periods presented.

NOTE G – FAIR VALUE MEASUREMENTS - continued

	Fair Value As of December 31, 2025	*Fair Value Measurements Using:*		
		(Level 1)	*(Level 2)*	*(Level 3)*
Pooled Separate Accounts	$ 17,208,544	$ ---	$ 17,208,544	$ ---

Voya Fixed Account measured at net asset value (NAV)	183,187			
Total investments at fair value	$ 16,265,746			

Gains and losses included in changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024 are reported in the net appreciation (depreciation) in fair value of investments. Dividends and interest are reinvested in the Plan.

The Plan's policy is to recognize transfers between levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfers. For the year ended December 31, 2025, there were no significant transfers between levels 1 and 2 and no transfers into or out of level 3.

NOTE G – FAIR VALUE MEASUREMENTS – continued

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts:
Pooled Separate Accounts are valued at estimated fair value as provided by Voya Retirement Insurance and Annuity Company (VRIAC). There are no unfunded commitments as of December 31, 2025.

Voya Fixed Account:
The fixed account is measured at net asset value (NAV) as the practical expedient to estimate fair value. NAV as provided by the fund's management is based on the fair value of the underlying investments held by the fund less its liabilities.

The primary objective of the Voya Fixed Account is stability of principal and guarantees minimum rates of interest and may credit interest that exceeds the guaranteed minimum rates.

Participants may make daily fund transactions at NAV. The fixed account requires participants to invest withdrawals from the fund in a "non-competing fund", as defined, for at least 90 days before transferring to a "competing" fund option, as defined. If the Plan initiates a full redemption of the collective trust fund, a 12- month notification of intent to withdraw its assets is required. There is no redemption notification period for participants. There are no unfunded commitments as of December 31, 2025 for the fixed account.

NOTE H – DATE TO WHICH SUBSEQUENT EVENTS EVALUATED

The date to which events occurring after December 31, 2025 have been evaluated for possible adjustment to the financial statements or disclosure is October 5, 2026, which is the date on which the financial statements were available to be issued.
