INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Mary T., Inc. 401(k) Savings Plan
Coon Rapids, MN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mary T., Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan:

The following description of the Mary T., Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Mary T., Inc. and the affiliated entities under a controlled group (Employer). An employee is eligible to participate in the Plan after completing six months of service and attaining age 21. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). Enrollment occurs on the first day of the month coinciding with or next following the attainment of eligibility.

Contributions:

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer may, at its discretion, elect to make a discretionary matching or profit-sharing contribution to the Plan in an amount determined by the Employer annually. Participants must be employed on the last day of the Plan year and complete at least 501 hours of service during the Plan year in order to receive an allocation of the Employer discretionary profit-sharing contribution, unless termination is due to retirement, death, or total and permanent disability. Beginning May 2024, the employer matching contribution was 67% of deferrals up to a maximum of 3% of compensation deferred. Prior to May 2024, the employer matching contribution was 50% of the deferrals up to a maximum of 3% of compensation deferred. There were no discretionary profit-sharing contributions to the Plan for the years ended December 31, 2025 and 2024.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitation.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and the Employer's contributions, plus actual earnings thereon. Therefore, there are no forfeitures.

1. Description of Plan (continued):

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund (to) from the participant note. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a maximum period of 10 years. The notes are secured by the balance in the participant's account and bear interest at a rate that is determined by Prime plus 1%. Principal and interest is paid on a monthly or bi-weekly payments.

Benefit payments:

Upon termination of service, death, disability, or retirement, the participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum, installments, or partial withdrawals. If a participant terminates employment and the participant's account balance is not greater than $5,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan also allows for in-service withdrawals at age 59½, hardship withdrawals subject to Plan provisions.

2. Summary of significant accounting policies:

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing more information provided by the investment advisors, insurance company, trustee, and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions based on the terms of the Plan document.

Benefit payments:

Benefits are recorded when paid.

2. Summary of significant accounting policies (continued):

Contributions:

Contributions from Plan participants and employer are recorded in the year in which they are withheld from compensation.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Concentrations:

At December 31, 2025 and 2024, approximately 69% and 60% of the investments for both years were held in five and four investment funds, respectively.

Subsequent events:

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

On August 17, 2026, the Plan was amended for regulatory changes under the SECURE and SECURE 2.0 Acts. The new provisions increase the catch-up limit for participants ages 60-63, require catch-up contributions made after January 1, 2026 to be contributed as Roth, and identify long-term part-time employees to be ineligible for employer contributions. Additionally, the amendment allows for qualified birth or adoption distributions, domestic abuse withdrawals, qualified disaster distributions, and emergency expense withdrawals effective April 1, 2025.

3. Information certified by Fidelity Management Trust Company:

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to certain assets held as of December 31, 2025 and 2024, as well as, certain investment and interest income for the years ended December 31, 2025 and 2024, as shown below, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, a qualified institution.

	2025	2024
Investments, at fair value	**$ 12,658,447**	$ 11,118,967
Notes receivable from participants	**181,404**	161,220
	$ 12,839,851	$ 11,280,187

Fidelity Management Trust Company also certified to the completeness and accuracy of the $1,416,300 and $807,192 of net appreciation in fair value of investments, $481,890 and $441,898 of interest and dividends, and $14,001 and $13,147 of interest income on notes receivable from participants related to the aforementioned assets for the years ended December 31, 2025 and 2024, respectively.

4. Fair value measurements:

The Plan's investments are reported at fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Corporate stock: Valued at the closing price reported on the active market on which the individual corporate stock is traded.

Common collective trust - Measured at fair value using NAV per share as a practical expedient for the shares held by the Plan at year end. The NAV is determined in accordance with a valuation methodology adopted by the collective trust's trustee.

Additionally, investments measured at the NAV per share practical expedient are not categorized within the fair value hierarchy.

4. Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as measured on a recurring basis, as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments, measured at fair value:				
Money market funds	**$ 44,259**	**$ -**	**$ -**	**$ 44,259**
Mutual funds	**12,537,879**			**12,537,879**

Total investments, measured at fair value	**$ 12,603,070**	**$ -**	**$ -**	**12,603,070**
Investments measured at NAV, common collective trust				**55,377**
Total investments, at fair value				**$ 12,658,447**

	2024			
	Level 1	Level 2	Level 3	Total
Investments, measured at fair value:				
Money market funds	$ 93,117	$ -	$ -	$ 93,117
Mutual funds	10,898,334			10,898,334
Corporate stock	14,564			14,564
Total investments, measured at fair value	$ 11,006,015	$ -	$ -	11,006,015
Investments measured at NAV, common collective trust				112,952
Total investments, at fair value				$ 11,118,967

5. Common collective trust:

The Plan invests in the Reliance Trust New York Anchor Account Series I (the Fund) in the Reliance Trust New York Anchor Trust (the Trust), a common collective trust, which is a direct filing entity. The Trust does not have a finite life, unfunded commitments, or significant restrictions on redemptions. While there is no redemption notice period for the Fund, withdrawals from the Trust may only be made upon 24 months' advance written notice of intent to redeem.

6. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan termination:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax status:

Effective April 21, 2022, the Plan was restated for regulatory changes. The Plan is placing reliance on an opinion letter dated June 30, 2020, received from the IRS on the Non-Standardized Pre-Approved Profit Sharing Plan indicating that the pre-approved plan is qualified under section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan was amended on January 7, 2025 to allow qualified domestic relations order distributions and Roth in-plan conversions. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-interest transactions:

As of and for the years ended December 31, 2025 and 2024, certain investments were managed by Fidelity Management Trust Company, the Plan's trustee. Therefore, these transactions qualify as party-in-interest.

Plan Trustees
Mary T, Inc. 401(k) Savings Plan
Coon Rapids, MN

To Management and Plan Trustees of Mary T, Inc. 401(k) Savings Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Mary T, Inc. 401(k) Savings Plan (the Plan) as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible* - The chance of the future event or events occurring is more than remote but less than likely.
- *Probable* - The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Preparation of Financial Statements

Plan management has relied upon Schechter Dokken Kanter to assist in drafting the financial statements as a matter of efficiency. The financial statements are read and approved by Plan management. However, Plan management does not review and approve schedules documenting the calculation of amounts included in the notes to the financial statements; nor do they utilize authoritative guidance to ensure propriety and completeness of the footnotes. While this is not uncommon for a plan such as this, audit standards would deem this a deficiency in internal controls as management does not report financial data in accordance with applicable accounting principles in a timely manner without the assistance of the external accounting service providers.

Summary

This communication is intended solely for the information and use of management, Plan trustees, others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Schechter Dokken Kanter
