INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the CSRG Corporate Plan

Opinion

We have audited the accompanying statements of the CSRG Corporate Plan, which comprises the statements of net assets available for benefits as of December 31, 2025 (entire year) and September 24, 2024 (short year) and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the short year January 1, 2024 through September 24, 2024 and the related notes to the financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in this report except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2025 and the short year ended September 24, 2024 that the information provided to the Plan Administrator by the trustee is complete and accurate.

In our opinion, based on our audit and the procedures performed as described above:

- The financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and the short year January 1, 2024 through September 24, 2024 and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America; and
- The amounts and disclosures regarding investments certified by the trustee are in conformity with the certification received from the trustee, insofar as the amounts and disclosures relate to the information certified.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Report on Financial Statements Prepared Under an ERISA {103(a)(3)(C) Audit

The financial statements are prepared and presented in accordance with the financial reporting requirements of ERISA. The scope of our testing on the investment information certified by Transamerica Financial Life Insurance Company as complete and accurate was limited as described above.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for determining that the ERISA { 103 (a)(3)(C) audit is permissible, that the investment information is prepared and certified by a qualified institution per DOL regulations, and for maintaining internal control relevant to the preparation of the financial statements.

Auditor's Responsibilities

Our responsibility is to plan and perform the audit to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Because of the certification described above, our procedures with respect to the certified investment information were limited to comparing that information with the amounts and disclosures presented in the financial statements.

CRSG CORPORATE PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025
AND JANUARY 1, 2024 THRU SEPTEMBER 24, 2024 (SHORT YEAR)

1. DESCRIPTION OF PLAN

The following description of CRSG CORPORATE PLAN provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

ELIGIBILITY

The Plan is a defined contribution plan covering employees who have one year of service (1,000 hours) and are age twenty-one or older. Entry dates are semi-annual: January 1 and July 1. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 100 percent of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may elect to contribute an employer profit sharing contribution at its discretion.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's deferred compensation, as defined, and the allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. As a participant-directed plan, each participant's investments determine his or her share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN (continued)

VESTING

Participants are immediately vested in all accounts.

PAYMENT OF BENEFITS

On termination of service, as defined, a participant receives a lump-sum amount equal to the vested value of his or her account.

INVESTMENT OPTIONS

All participants may direct contributions in investment options with Transamerica Financial Life Insurance Company:

Advisor-A variable return group annuity contract which consists of numerous investment options with a range of investment objectives. These pooled separate accounts invest in a variety of underlying funds.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2025
AND JANUARY 1, 2024 THRU SEPTEMBER 24, 2024 (SHORT YEAR)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DATE OF MANAGEMENT'S REVIEW

All events were evaluated through December 31, 2025.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully-benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the fixed investment contract because this Investment contract is not fully benefit-responsive.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies. See Note 2 for discussion of fair value investments.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

PLAN ADMINISTRATIVE EXPENSES

Certain administrative functions are performed by employees of the Employer. No such employee receives compensation from the Plan. The employer has absorbed all Plan administrative expenses that are not related to investments.

2. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs are quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date and have the highest priority.

Level 2 inputs - are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs are those that reflect the assumptions market participants would use in pricing the asset developed on market date, obtained from sources independent of the Plan.

Level 3 inputs are unobservable inputs for the asset. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions the market participants would use in pricing the asset, developed based on the best information available in the circumstances. Level 3 has the lowest priority.

FAIR VALUE MEASUREMENTS (continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its Investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used.

Level 2 Fair Value Measurements

The fair value of the variable return annuity contract for which a quoted market price is not available is valued at the net asset value (NAV) of shares of the underlying mutual funds held by the annuity.

Level 3 Stable Value Option

A fixed return product with interest rate guarantees. Deposits are guaranteed in both principal and interest by Transamerica Financial Life Insurance Company. Amounts are held in Transamerica Financial Life Insurance Company's general account and are credited on a net daily basis at annual effective rates. This contract is fully benefit responsive and is reported at contract value. The fair market value is equal to the contract value less any Contingent Deferred Sales Charge (CDSC), if applicable, and Market Value Adjustment . Due to the valuation process used, this contract is within Level 3 of the Fair Value Hierarchy under FASB Statement No. 157.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into an investment contract with Transamerica Financial Life Insurance Company. There are two underlying contracts: a Variable Return Annuity Contract and a Guaranteed Return Contract.

The Variable Return Annuity Contract is fully benefit responsive and is reported at fair market value, which equals contract value. Funds are maintained in pooled separate accounts. The accounts are credited with earnings on the underlying investments and reduced for Plan withdrawals and administrative expenses charged by Transamerica.

The Stable Value Option is fully benefit-responsive, and therefore is reported at fair value with no adjustment to contract value. The crediting interest rate is variable for the year ended December 31, 2025.

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN{UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the Custodian in accordance with 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by an affiliate of the Custodian. Administrative expenses are paid to the Custodian and its affiliate who acts as the record-keeper of the Plan. These transactions with the Custodian and its affiliates qualify as party-in-interest transactions. The above transactions are not, however, considered prohibited transactions under CFR 408(b) of the ERISA regulations.

6. TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2025, there were no uncertain positions taken that had an effect on the Plan's financial statements or that required disclosure.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
