The Participants and Plan Administrator
NetApp, Inc. Short Term Disability Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NetApp, Inc. Short Term Disability Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of NetApp, Inc. Short Term Disability Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of NetApp, Inc. Short Term Disability Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about NetApp, Inc. Short Term Disability Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NetApp, Inc. Short Term Disability Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NetApp, Inc. Short Term Disability Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the Schedule H, Line 4(j) – Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – The Plan and Its Significant Accounting Policies

General – The following description of NetApp, Inc. Short Term Disability Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a self-insured health and welfare plan adopted by NetApp, Inc. (the Company) and the Plan Administrator, effective January 1, 2012. Participation in the Plan is available to all U.S. employees of the Company residing outside of California who work a minimum of 24 regularly scheduled hours per week. The Plan provides salary replacement payments to participants in the event of short-term disability, subject to the provisions of the Internal Revenue Code (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company has appointed the Short-Term Disability Plan Committee to manage the operation and administration of the Plan. The Company contracted with Principal Financial Group (Principal), to be the trustee and custodian of the Plan and with Continental American Insurance Company, an affiliate of American Family Life Assurance Company of New York (AFLAC) to act as the third-party administrator for processing disability claims under the Plan. Substantially all expenses incurred for administering the Plan are paid by the Company except for trustee fees which are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, contributions are recorded as earned and claims payable and claims incurred but not reported are included in the statements of benefit obligations and net assets available for benefits.

Investment valuation and income recognition – The Plan's investment is stated at fair value. The Plan's trustee, Principal, certifies the fair market value of the investment.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Interest income is recorded on the accrual basis.

Income taxes – The trust funding the Plan has not received an exemption letter from the Internal Revenue Service stating that the trust is tax exempt under Section 501(a) of the Code; therefore, the trust is a taxable trust. As an employee welfare benefit plan, the Plan and trust are required to operate in conformity with the Code and ERISA. The Plan Administrator believes the Plan and the trust are currently designed and operated in compliance with the applicable requirement of the Code and ERISA. Income tax obligations, if any, are paid by the Company.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Financial instruments – The carrying amounts reflected in the statements of benefit obligations and net assets available for benefits, for interest-bearing cash and claims incurred but not reported at year end, approximate the respective fair values due to the short maturities of these instruments.

Subsequent events – The Plan has evaluated subsequent events through October 9, 2026, which is the date the financial statements were available to be issued.

Note 2 – Fair Value Measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation technique used needs to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the valuation methodology used at December 31, 2025 and 2024.

Interest-bearing cash: Deposits in an interest-bearing cash account at a single bank are valued at cost plus earned interest. At times, deposits may be in excess of the federally insured limits.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31,2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,607,441	$ -	$ -	$ 1,607,441
Investment at fair value	$ 1,607,441	$ -	$ -	$ 1,607,441

	2024			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,504,535	$ -	$ -	$ 1,504,535
Investment at fair value	$ 1,504,535	$ -	$ -	$ 1,504,535

Note 3 – Contributions and Benefit Payments

The Plan is funded entirely by the Company. During 2025, the Company made contributions to the Plan in the amount of $1,800,000.

The Plan provides income protection during short-term disabilities up to a duration of 180 days. Claimants are eligible to receive 66.67% of their weekly earnings in 2025.

Benefit claims are paid by the Company and reimbursed by the trust at the end of each fiscal quarter. At December 31, 2025 and 2024, there was approximately $342,000 and $302,000, respectively, of benefits paid by the Company that were not reimbursed by the trust. Such amounts are included in liabilities at December 31, 2025 and 2024.

Note 4 – Benefit Obligations

Plan obligations at December 31, 2025 and 2024, for disability claims incurred by active participants but not reported at that date and for future disability payments to participants considered disabled at December 31, 2025 and 2024, are determined by AFLAC based on actual payments made after year end. Claims incurred but not reported were approximately $122,000 and $236,000 at December 31, 2025 and 2024, respectively.

Note 5 – Related-Party Transactions

Plan investments were managed by Principal, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 6 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, the trustee, a qualified institution:

- Investment reflected on the accompanying statements of benefit obligations and net assets available for benefits as of December 31, 2025 and 2024.
- Interest income reflected on the accompanying statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2025.
- Investment reflected on the schedule of assets (held at end of year) as of December 31, 2025.
- Schedule of reportable transactions for the year ended December 31, 2025.

Note 7 – Plan Termination or Modification

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. Upon termination of the Plan, participants whose disability commenced prior to termination are entitled to their full benefits under the terms of the Plan. Any remaining undistributed funds are to be disposed of to, or for the benefit of, covered individuals. In the event that benefits due and payable exceed available funds, the Company will contribute to the Plan such amounts as may be necessary to ensure continuance of such benefit payment.
