INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Dataminr, Inc. 401 (k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dataminr, Inc. 401 (k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dataminr, Inc. 401 (k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dataminr, Inc. 401 (k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dataminr, Inc. 401 (k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dataminr, Inc. 401 (k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dataminr, Inc. 401 (k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Dataminr, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing plan established on January 1, 2014. The Plan has been amended and restated from time to time and was most recently amended and restated on October 1, 2025. See Note 9 for subsequent amendments to the Plan. Significant plan provisions, including eligibility, contributions, vesting, forfeitures, participant loans, and distributions, are described below.

The Plan provides retirement benefits for employees of Dataminr, Inc. (the "Company") who have attained age of 21 and completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

The Plan provides for an eligible automatic contribution arrangement, under which the Company automatically withholds 6% of participants' eligible compensation from participants' pay each payroll period and contributes those amounts to the Plan as pre-tax 401 (k) deferrals.

Contributions

Participants may contribute between 1% and 90% of eligible earnings, as defined in the Plan. Roth elective deferrals are permitted under the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

For 2025, the IRC elective deferral limit was $23,500. Participants who attained age 50 before the end of the year were eligible to make catch-up contributions of up to $7,500. Beginning in 2025, SECURE 2.0 Act provides an enhanced catch-up contribution limit of $11,250 for eligible participants who attained ages 60, 61, 62, or 63 during the year. Beginning in 2026, certain high-wage participants will be required to make catch-up contributions on a Roth basis.

The Plan provides for employer matching contributions equal to 40% of the first 6% of eligible compensation of deferring participants and a one (1) year service requirement to be 100% vested in the employer matching contributions. The Company may also make nonelective contributions to the Plan, although the Company is not required to do so. During 2025, the Company did not make nonelective contributions to the Plan**.** All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the "Code").

Contributions from a qualified retirement plan established by a new participant's previous employer may be "rolled over" into the Plan. At December 31, 2025, rollover contributions amounted to $2,498,208.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company's contributions and allocations of the Plan's earnings and charged with an allocation of administrative expenses. Allocations of administrative expenses are based on the participant's compensation or account balance, as defined in the

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Plan document. The benefit to which a participant is entitled is equal to the participant's vested account balance.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan which were held at ADP Retirement Trust Services from January 1, 2025 to December 31, 2025. These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their elective deferral and rollover contributions, including the earnings on these amounts. Vesting in the Company's contributions portion of their accounts is based on years of continuous service. Effective January 1, 2019, participants are fully vested in matching contributions upon the completion of one (1) year of service. Participants are fully vested in nonelective Company's contributions upon the completion of six (6) or more years of service based upon a graded vesting schedule. Participants are also fully vested upon reaching their normal retirement date, death, or total disability.

Forfeited Accounts

If participants terminated their employment before they became fully vested in Plan benefits, they would have been entitled to receive a distribution of their vested benefits. The non-vested benefits would be forfeited. The forfeited amounts are used to defray reasonable administrative expenses or to offset employer contributions under the Plan for the Plan Year in which the forfeiture occurs. As of December 31, 2025 and 2024, forfeited non-vested accounts amounted to $64,228 and $36,229, respectively, including stale checks of $64,218 and $36,216, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of $500 up to 50% of their vested account balance up to a maximum of $50,000 from their accounts. The participants may only have one (1) loan outstanding at any given time. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to thirty years. The participant's notes receivable are secured by the balance in the participant's account and bear interest in effect in the month the loan is effective. The interest rate is the Prime Rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participant notes receivables are measured at the unpaid principal plus accrued interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document and applicable law. No allowance for credit losses was recorded at December 31, 2025 or 2024.

Notes Receivable from Participants amounted to $287,209 and $308,807, as of December 31, 2025 and 2024, respectively, and bore an interest at rates ranging from 5.25% to 10.50%.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or partial withdrawals of at least $500. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for in-service distributions by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral as well as any vested matching contributions or nonelective contributions.

SECURE 2.0 Act increased the required minimum distribution age to 73 for certain participants beginning in 2023 and to 75 for certain participants beginning in 2033.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time, subject to ERISA and the Plan document. Upon termination of the Plan, all amounts credited to participant accounts would remain fully vested, and distributions would be made in accordance with the Plan document and applicable law.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management of the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received in exchange for the sale of an asset or to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Participant contributions are recorded in the period in which amounts are withheld from participant compensation. Employer contributions are recorded in the period in which the related participant compensation is earned, or the contribution is otherwise due under the terms of the Plan. Rollover contributions are recorded when received.

Other Income

Other income of $91,675 for the year ended December 31, 2025, is presented in the statement of changes in net assets available for benefits as a component of additions to net assets attributed to and primarily, consists of stale dated checks not cashed by participants and forfeitures of participants' non-vested portions of participants' account balances remaining in the Plan since participants were terminated at a point in time.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are therefore, excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Administrative expenses paid by the Plan were $58,219 for the year ended December 31, 2025.

NOTE 3 – CERTIFICATION BY THE INVESTMENT TRUSTEE

Management elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C). Under ERISA Section 103(a)(3)(C), the audit need not extend to information prepared and certified by a qualified institution, provided the institution certifies that the information is complete and accurate.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Plan Trust Services, LLC.

NOTE 4 – FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value and requires disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1	Quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
Level 3	Unobservable inputs for the asset.

The availability of observable inputs can vary among investment types and is affected by several factors, including the type of investment, whether the investment is new to the market, whether the investment is actively traded, and other characteristics specific to the transaction. To the extent valuation is based on models or inputs that are less observable or unobservable, the determination of fair value requires more judgment. The degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Mutual funds are valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds are classified within Level 1 of the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,203,491	$ -	$ -	$ 76,203,491
Total investments at fair value	$ 76,203,491	$ -	$ -	$ 76,203,491

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 60,852,752	$ -	$ -	$ 60,852,752
Total investments at fair value	$ 60,852,752	$ -	$ -	$ 60,852,752

The Plan held no Level 2 and 3 investments at December 31, 2025 and 2024.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The above information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared by and certified to as complete and accurate by ADP Retirement Trust Services, LLC. See also Note 3, for further information.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are also considered party-in-interest transactions. Participant loans are administered in accordance with the Plan document and applicable law.

ADP, Inc. serves as recordkeeper for the Plan. Investment and administrative expenses paid by the Plan to ADP, Inc. were $10,327 for the year ended December 31, 2025 and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Certain Company's employees provide administrative services to the Plan at no cost to the Plan. The Company may also pay certain Plan administrative expenses directly. Such amounts are excluded from the accompanying financial statements.

NOTE 6 –INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 8, 2014 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions requiring recognition or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing authorities; however, there are no tax audits in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – RISKS AND UNCERTAINTIES (CONTINUED)

The following investments represented 10% or more of the Plan's total net assets available for benefits as of December 31, 2025 or 2024:
