To the Administrative Committee of
Residential Fire Protection 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements
We have performed audits of the accompanying financial statements of Residential Fire Protection 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Residential Fire Protection 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Residential Fire Protection 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Residential Fire Protection 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Residential Fire Protection 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental *Schedule of Assets (Held at End of Year)* is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted

auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of Residential Fire Protection 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 8, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Residential Fire Protection 401(k) Plan (the "Plan") provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The sponsor of the Plan is Residential Fire Protection (the "Company"). The Plan was established January 1, 2014 and is a defined contribution plan covering substantially all full-time employees of the Company and its affiliates. Employees covered by any collective bargaining agreement are not eligible to participate in the Plan. The Plan agreement was written to comply with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the provisions of the Tax Reform Act of 1986 and may, from time to time, be amended and restated to comply with various changes in legislation and regulation. The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees are eligible to become participants in the Plan the first of the month following one year of service consisting of at least 1,000 hours. The Plan has a minimum age requirement of 21 years.

Contributions

Each year, participants may contribute up to 87% of their annual compensation, as defined in the Plan, up to the maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions to be determined by the Company. For the year ended December 31, 2025, the discretionary match was 100% of the first 3% of compensation that a participant contributes to the Plan and then 50% up to 5% of compensation. The discretionary match is invested in the same manner as the participant's elective contributions. For the year ending December 31, 2025, the Company elected to make matching contributions of $215,579.

Participant Accounts

Each participant's account is credited with the participant's payroll contributions, the participant's rollover contributions, the Company's matching contributions, an allocation of investment earnings or loss, the interest paid on a participant loan, and any fees paid by the participant for specified transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance less any loans outstanding.

Vesting

The participant's salary deferral, rollover, and earnings are 100% vested. In the case of death, permanent disability or attainment of age 65 (the Plan's normal retirement age) while still employed with the Company, all funds in the participant's accounts become 100% vested.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting - Continued

If a participant terminates prior to being 100% vested, the balance of their account that is non-vested is forfeited after a distribution, deemed distribution, or has a forfeiture break in service. Company matching contributions allocated to participant accounts become fully vested after three years of credited service with the Company.

Notes Receivable from Participants

Participants may borrow from their vested funds an amount equal to the lesser of 50% of their vested account balance or $50,000, as per IRS regulation. The minimum loan amount is $500. Notes receivable from participants are funded from the borrower's vested account balance, and bear interest at the prime rate plus 2% at the time of issuance. In 2025, the interest rates on each of these loans were between 6.75% and 10.50%. Principal and interest are generally collected through payroll deductions. The terms of the notes receivable from participants shall not exceed five years unless the purpose is for the purchase of the participant's primary residence. Loans obtained for the purchase of the participant's primary residence have a maturity of thirty years. Principal and interest are paid through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. In the event of participant default through nonpayment or other means, foreclosure on the promissory note and attachment of security may not occur until an event occurs that would allow or require a distribution of a participant's vested account balance.

Forfeited Amounts

The balance of forfeited non-vested Company matching contributions as of December 31, 2025 and 2024 was $25 and $2,802, respectively. Forfeited amounts can be used in place of Company matching contributions or to pay Plan expenses. For the year ended December 31, 2025, the Plan recognized $2,817 in forfeited amounts, with $5,683 being used toward such matching contributions.

Distribution of Benefits

Participants or their beneficiaries may begin receiving benefits upon termination of the participant's employment for any reason, including death or disability. Distributions may be made as either a single lump sum or a direct rollover to a qualifying institution. If neither of those options are elected by the participant or their beneficiary, and the vested account balance is less than $1,000, the Company may, at its discretion, distribute the account directly to the participant in the form of a lump sum payment. If the vested account balance is between $1,000 and $5,000, the account will be rolled over to an individual retirement account. If the vested account balance is greater than $5,000, the participant may remain in the Plan. Under certain circumstances permitted by the Plan, prior to termination, employees may receive hardship or in-service distributions for part or all of their vested account balance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America "(U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the valuation policies utilizing information provided by the investment advisors and the custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to distributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses paid by the Plan for administrative costs are recorded on the statement of changes in net assets available for benefits. The administrative costs consist of expenses such as fees paid for distributions from the Plan for loans or termination distributions. This does not include account administrative fees or audit fees which are paid by the Company. Indirect investment related expenses are netted against earnings on those investments.

NOTE 3 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4 – TAX STATUS

The IRS has determined and informed the Company by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – PRIORITIES UPON TERMINATION

Although the Company has not expressed any intent to do so, it may in its sole discretion discontinue or terminate the Plan in whole or in part in accordance with its provisions, and the provisions of ERISA, at any time without any liability for such discontinuance or termination. In the event the Plan terminates, no further contributions will be made to the Plan and participants would become 100% vested in their employer contributions.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements,* establishes the framework for measuring fair value within a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation method include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are managed by investment companies registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides information by level on the fair value of the Plan's investments:

Assets at Fair Value as of December 31, 2025

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 3,150,964	$ 3,150,964	$ -	$ -
Common collective trust [(a)]	-	-	-	-
	$ 3,150,964	$ 3,150,964	$ -	$ -

Assets at Fair Value as of December 31, 2024

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 2,111,634	$ 2,111,634	$ -	$ -
Common collective trust [(a)]	310,520	-	-	-
	$ 2,422,154	$ 2,111,634	$ -	$ -

(a) Common collective trust fund investments are measured at fair value using the NAV (or its equivalent) and should not be categorized in the fair value hierarchy.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

ADP serves as broker-dealer for the Plan and receives indirect compensation through third party investment companies. These transactions qualify as part as party-in-interest transactions. ADP also provides recordkeeping services to the Plan and received fees, which are paid through revenue generated by Plan investments, for those services. The aforementioned transactions are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan to ADP amounted to $24,840 for the year ended December 31, 2025.

NOTE 8 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC (the trustee of the Plan).
