INDEPENDENT AUDITOR'S REPORT

To the Trustees and Administrators of the Dynamo Technologies LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of the Dynamo Technologies LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Dynamo Technologies LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dynamo Technologies LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Dynamo Technologies LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dynamo Technologies LLC 401(k) Profit Sharing Plan's internal controls. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Dynamo Technologies LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Trailbreaker Accounting PLLC

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Dynamo Technologies LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Dynamo Technologies LLC (the Employer, Plan Sponsor or Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration – The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the Custodian, Trustee or Principal), is responsible for the custody and management of the Plan's assets. Principal maintains participant accounts and transactions related to participant-initiated activity.

Eligibility – Except for excluded employees, all employees are eligible to participate in the Plan upon reaching age 21. Employees who are covered by a collective bargaining agreement, nonresident aliens, or leased employee are not eligible to participate. Participants may enter the Plan on the first day of the month following the date eligibility requirements have been met.

Contributions – The Plan documents allow that each year, participants may contribute up to 100% of their eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. These contributions are subject to annual contribution limitations as determined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions to the Plan. For the plan year ended December 31, 2025 and 2024, the Company's safe harbor match represented 100% of eligible participants' elective deferrals up to 3%, plus 50% of elective deferrals exceeding 3% but not exceeding 5% of compensation. The Company may also make non-elective contributions to the Plan on behalf of its employees. No non-elective contributions were made during the year ended December 31, 2025 or 2024. All contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts – Each participant's account is increased/decreased by the participant's contributions, the Company's contributions and Plan earnings or losses. Participant accounts are also charged with an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures – Participants are vested immediately in their contributions and safe harbor match, plus actual earnings thereon. Vesting in the Company's non-elective contributions is based on years of vesting service. A participant vests 20% after completion of two years of service and an additional 20% vests annually until fully vested after six years. In the event of death or disability, a participant becomes 100% vested, and the balance will be paid to the participant or beneficiary. Participants also become fully vested upon reaching normal retirement age, which is defined by the Plan as age sixty-five.

If a participant terminates employment and is less than 100% vested in their Employer non-elective contributions, the participant will forfeit the non-vested portion of their account. These forfeited amounts may be used to reduce future Employer contributions or pay Plan administrative expenses. During 2025 and 2024, $0 was forfeited by participants. The forfeiture account balance as of December 31, 2025 and 2024 was $0.

Investment Options – Participants may direct their account balance into investment options offered under the Plan. Investment options are mutual funds and a guaranteed investment contract held and managed by Principal. Participants may change their investment elections and make transfers between investment options daily. Contributions may be temporarily held as cash balances prior to the execution of the investment according to the participant’s direction.

Payment of Benefits – Benefits are payable to participants or designated beneficiaries upon retirement, death, disability, or termination of employment in a lump-sum amount equal to the value of the participant’s vested interest in their account. Benefits may also be distributed in the event of a participant’s immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Notes Receivable from Participants – The Plan allows loans to participants from their fund accounts for a minimum of $1,000, up to a maximum equal to the lesser of 50% of a participant’s vested account balance or $50,000, subject to the approval of a loan application. Loans are secured by the participant’s Plan benefit and a promissory note. Participants may not have more than one loan outstanding at any time. The interest rate is based on rates available for similar loans from commercial lending institutions as determined by the Plan Sponsor. Loans are repaid through payroll deductions within a five-year period, unless the loan is made to acquire a primary residence, in which case the loan can be repaid in an extended period consistent with commercial loan practices.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value except for its investment in the Principal Guaranteed Option, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Contract value represents contributions made under contract, plus interest, less withdrawals and administrative expenses. The Plan designates contract value as the only required measure for fully benefit-responsive investment contracts and eliminates fair value measurement and certain disclosures.

Net appreciation (depreciation) in fair value of investments represents net realized gains and losses and the change in unrealized appreciation (depreciation) from one period to the next. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

Contributions and Contributions Receivable - Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Company contributions, if any, are recorded in the year earned to coincide with the year in which the Company records the contributions in its general ledger. The Plan records receivables for contributions based upon contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Plan Administration Expenses – Administrative expenses of maintaining the Plan may be paid by the Company or the Plan, as provided by the Plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net increase (decrease) of fair value of investments.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 9, 2026, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEEE

The Plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian, determined to be a qualified institution by the Plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025; and
- Investments and notes receivable from participants reflected on the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – TAX STATUS

The Plan has adopted the non-standardized pre-approved profit-sharing plan with CODA sponsored by Principal (the pre-approved plan). The IRS informed Principal by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

There are three levels of inputs that may be used to measure fair value:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or valuations based on models where the significant inputs are observable or can be corroborated by observable market data.

Level 3 Valuations based on models where significant inputs are not observable. Unobservable inputs are used when little or no market data is available and reflect the Plan's own expectations about the assumptions market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Below is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Company Funds - Registered investment company funds are valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded and are included in the fair value hierarchy table as Level 1 investments.

Pooled Separate Accounts – Pooled separate accounts assign units of participation to the investor and through those units of participation, investors share in the gains and losses of all investments in the pooled account. Principal Life uses a unit value system whereby investors buy units of the account rather than shares directly. The unit value fluctuates daily based on the market performance of the underlying assets, minus management fees. Pooled separate accounts are included in the fair value hierarchy table as Level 2 investments.

Common and Collective Trusts (CCTs) – Investments in CCTs are valued at the Net asset Value (NAV) units of a bank collective trust. NAV represents the per-unit value of the fund and is calculated by taking the fair value of the underlying investments held by the fund, subtracting any fees and expenses, and dividing by the number of outstanding units. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not

used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation is carried out in an orderly business manner. The collective investment funds have no unfunded commitments and can be redeemed daily. CCT's are included in the fair value hierarchy table as Level 2 investments.

There have been no changes in the valuation methodologies used at December 31, 2025 and 2024. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

The fair value measurements for the Plan's investments at December 31, 2025 and 2024 were:

		Fair Value Measurement		
December 31, 2025	**Fair Value**	**Level 1**	**Level 2**	**Level 3**

NOTE 6 – CONTRACTS WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal (the issuer). Principal maintains Plan contributions in its general account. The account is credited with contributions and interest and charged with participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Principal but may not be greater than 3% or less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date. The contract value of the guaranteed investment contract was $226,039 and $166,213 as of December 31, 2025 and 2024, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan's trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer. As of December 31, 2025, no events were probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer or that would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation, arrangements, expense allowances or similar items.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Company pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan has included in its investment fund options certain funds managed by the Custodian or one of the Custodian's affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

NOTE 8 – NON-EXEMPT TRANSACTION

In 2025 and 2024, the Company failed to timely remit certain employee 401(k) deferral contributions to the appropriate participant accounts. This is deemed a prohibited transaction in accordance with ERISA and the Internal Revenue Code. The Plan Sponsor has remediated the 2024 amounts and is in process of remediating the 2025 amounts.
