Independent Auditor's Report

Trustees, Plan Administrator, and Management
Franklin Foods, Inc. 401(k) Profit Sharing Plan
Boca Raton, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Franklin Foods, Inc. 401(k) Profit Sharing Plan (Plan) , an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Franklin Foods, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Franklin Foods, Inc. 401(k) Profit Sharing Plan (Plan) provides general information only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan was established on October 1, 2003 and amended and restated effective July 31, 2022. The Plan is a defined contribution plan covering substantially all employees of Franklin Foods, Inc., and Franklin Foods Holdings, Inc. (collectively the Company) who have completed at least six months of service, as defined, and have attained 18 years of age, except employees covered by a collective bargaining agreement, interns, temporary employees, part-time employees, and leased employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan was amended effective January 1, 2023.

The Company is currently in the process of winding down its operations and anticipates completing the process by December 31, 2026. The Company expects to terminate the Plan prior to that date.

Eligibility

Eligible employees, which excludes union employees, leased employees, part time employees, temporary employees and seasonal employees, become eligible to participate in the Plan after attainment of 18 years of age. An eligible employee who has satisfied the eligibility requirements can become a participant on the date the requirements are met.

Contributions

Participants may elect to contribute pre-tax and/or Roth deferral contributions, up to the maximum amount permitted by the Internal Revenue Code. Participants may also make rollover contributions from other qualified plans. Participants' salary deferral contributions are not to exceed 100% of eligible compensation, as defined, subjected to the limitations of the Internal Revenue Code.

Effective January 1, 2023, the Company is required to make a safe harbor matching contribution on a plan year basis equal to 100% of a participant's salary deferral contributions up to 6% of their eligible compensation. The Company may also make a discretionary employer match to participants in accordance with provisions contained in the plan document. Participants must be employed on the last working day of a Plan year and work at least 1,000 hours to be eligible for an allocation of the Company's other contributions. The Company did not make a discretionary employer match for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions and the earnings thereon and is charged with an allocation of administrative expenses. Allocations of the Company's other discretionary contributions are based on a participant's eligible compensation relative to the total eligible compensation, as defined in the Plan document. Allocations of Plan earnings and administrative expenses are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provision of the Plan.

Vesting

Participants are immediately vested in participant's deferral contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings is based on years of service as follows:

Years of Service	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become automatically fully vested upon disability, death, or normal retirement age while under the employment of the Company.

Forfeitures

Under the Plan, forfeitures of participants' nonvested accounts are used to reduce future employer contributions and Plan expenses, as defined. No forfeitures occurred or were used for the year ended December 31, 2025. As of both December 31, 2025 and 2024, the balance in the forfeiture account was $5.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The maximum term of a loan is five years, unless the loan qualifies as a home loan used to acquire a participant's principal residence, in which case the maximum term is 10 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate determined by the plan administrator based on prevailing interest rates at the time of the loan. Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. At December 31, 2025, the interest rates on the outstanding loans range from 4.25% to 9.50%.

Benefits

A participant's vested interest in the Plan's assets is distributable upon termination, disability, retirement, or death. A participant may elect to receive a lump-sum distribution to the value of his or her vested account, installments for a specified term or transfer into another qualified plan. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which participant compensation is earned.

Administrative Expenses

All transaction fees for loans and distribution requests and recordkeeping fees are paid from participants' accounts. Substantially all other expenses are paid by the Plan or through an ERISA expense account (see Note 5), if available, otherwise they are paid by the Company.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank (trustee), a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments and non-interest bearing cash as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Common collective trust funds: The fair value of the common collective trust funds is determined by the trustee of the common collective trust funds based on the underlying assets, which represent the net asset value of the units held by the Plan. Participant-directed redemptions can be made on any business day and do not have a redemption notice period. There are no unfunded commitments.

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2025 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,945,051	$ -	$ -	$ 9,945,051
Common collective trust funds (A)	-	-	-	260,236
Total investments at fair value	$ 9,945,051	$ -	$ -	$ 10,205,287

Investments at fair value as of December 31, 2024 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,341,793	$ -	$ -	$ 8,341,793
Common collective trust funds (A)	-	-	-	5,260
Total investments at fair value	$ 8,341,793	$ -	$ -	$ 8,347,053

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Sentinel Benefits Group (Sentinel) is the third-party administrator of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Sentinel for administrative services amounted to $8,494 for the year ended December 31, 2025. The Plan uses an ERISA recapture account to pay certain administrative expenses of the Plan. For the year ended December 31, 2025, the Plan received $12, which was used to reduce administrative expenses of the Plan.

Note 6. Plan Termination

The Company is currently in the process of winding down its operations and expects to terminate the Plan prior to December 31, 2026. Subject to the provisions of ERISA and the Plan document, upon termination of the Plan, participants would become 100% vested in their employer contribution accounts.

Note 7. Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Sentinel Benefits Group Inc. On November 30, 2020, the IRS stated the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not obtained or requested a determination letter specific to the plan itself. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and common collective trusts. Such securities are subject to various risks, such as interest, credit, and market risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the statements of net assets available for benefits.

Note 9. Corrective Contributions

During the year ended December 31, 2025, there were late employee contributions and loan repayments of $14,455, which were remitted to the Plan in 2025. The related corrective earnings were calculated and remitted to the Plan during 2026. In addition, during the year ended December 31, 2024, late employee contributions and loan repayments totaling $51,505 were identified that were fully corrected during 2025, including the related corrective earnings. The Company believes the Plan continues to be qualified and tax exempt.

Note 10. Subsequent Events

Subsequent events have been evaluated through October 6, 2026, which is the date the financial statements were available to be issued.
