INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
US Retail Flowers, Inc. 401(k) Profit Sharing Plan
Allentown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of US Retail Flowers, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of US Retail Flowers, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of US Retail Flowers, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about US Retail Flowers, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of US Retail Flowers, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about US Retail Flowers, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H line 4i - schedule of assets held for investment purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of US Retail Flowers, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of US Retail Flowers, Inc. who have attained the age of twenty-one and one year (1,000 hours) of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, up to the maximum amount permitted by the Internal Revenue Service. The Plan also allows for Roth deferrals of after tax compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company contributes a matching contribution equal to 50% of the first 4% of the participant’s elective deferral contributions. Additional profit sharing amounts may be contributed at the option of the Company. This contribution is allocated among active participants based on the Plan’s provisions. The amount allocated to each participant is equal to a uniform percentage of their individual compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, referred to as direct rollover contributions by the participant. The participant directs all contributions made to the Plan on their behalf. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service at a rate of 20% per year beginning after two years of service. A participant is 100% vested after six years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Participants may only have one outstanding loan at a time. The loans are secured by 50% of the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined at the date of the loan by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The loan terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Upon termination of service for any reason, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account paid in a single sum. In addition, the Plan allows for in-service distributions for participants that have attained the age of 59-1/2.

Forfeited Accounts

As of December 31, 2025 and 2024, the forfeited nonvested account balance was $0 and $0, respectively. Amounts forfeited from participant accounts for the years ending December 31, 2025 and 2024 totaled $4,556 and $3,212, respectively. The Plan allows forfeitures to be used to reduce future employer contributions and/or pay administrative expenses of which $4,568 was used for the year ended December 31, 2025.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management’s Review

Subsequent events were evaluated through October 7, 2026, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent loans are treated as distributions based upon the terms of the plan documents.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

As of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,745,960	$ -	$ -	$ 9,745,960

As of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,150,895	$ -	$ -	$ 8,150,895

NOTE 4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in the EI Fixed Account, a fully benefit-responsive investment contract issued by Great-West Life and Annuity Insurance Company, now known as Empower Annuity Insurance Company of America ("Empower"). Under the terms of the contract, participant withdrawals and transfers are made at contract value, which represents principal plus accrued interest. The contract guarantees participant principal and interest through the issuer's general account assets and provides for a credited interest rate that may not be less than zero percent.

The EI Fixed Account is included in the financial statements at contract value, as this amount is the most meaningful measure for participant transactions. Contract value is the amount participants would receive if they initiated permitted withdrawals under the terms of the Plan. The contract is considered fully benefit-responsive because all participant-initiated transactions are executed at contract value, subject to the contract's terms and conditions. The contract does not have a maturity date.

The credited interest rate is based on a formula established by Empower but may not be less than zero percent. Each quarter, an interest rate is established for new deposits received during that quarter, and that rate is guaranteed for the remainder of the current calendar year. A renewal interest rate is established for each subsequent calendar year and is guaranteed for one calendar year. The contract value was $167,428 and $185,365 as of December 31, 2025 and 2024, respectively. The Plan's ability to receive amounts due under the contract is dependent on Empower's ability to meet its financial obligations. There were no events during the years ended December 31, 2025 and 2024 that limited the Plan's ability to transact at contract value.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator who has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and certified as complete and accurate by Empower Annuity Insurance Company of America, owner of the Trust Company, and Empower Trust Company, the trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental Schedule of Assets Held for Investment Purposes (held as of December 31, 2025).

NOTE 6. RELATED PARTY TRANSACTIONS

The Plan's investments include proprietary funds managed by Empower Annuity Insurance Company. Empower Annuity Insurance Company is the recordkeeper, as defined by the Plan, and provides recordkeeping services to the Plan and, therefore, qualifies as a party-in-interest. Fees charged by Empower Annuity Insurance Company and paid by the Plan were $17,019 for the year ended December 31, 2025.

In addition, the following amounts were paid to parties-in-interest as of December 31, 2025:

Wilmington Trust, N.A. (investment advisor)	$ 21,641
Empower Advisory Group, LLC (investment managment)	$ 773

Additionally, the Plan issues loans to participants, which are secured by the participant's account balance.

As described in Note 2, certain administrative expenses are paid by the Company on behalf of the Plan.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

NOTE 8. BENEFIT CLAIMS

There are no benefit claims that have been processed and approved for payment prior to December 31, but not yet paid as of December 31, 2025 and 2024.

NOTE 9. TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated November 14, 2022 stating that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examinations by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
