Report of Independent Auditors

To the Participants and Trustees of
Roofers Local No. 96 Annuity Fund

Opinion

We have audited the financial statements of Roofers Local No. 96 Annuity Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Roofers Local No. 96 Annuity Fund as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

6800 France Avenue So. I Suite 550 I Edina, MN 55435 I 952.841.3950 I 952.841.3951 Fax I www.legacycpas.com

Responsibilities of Management for the Financial Statements (continued)
Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Roofers Local No. 96 Annuity Fund

Notes to Financial Statements

December 31, 2025 and 2024

Note 1. Description of the Plan

Roofers Local No. 96 Annuity Fund (the Plan) was established in 1982 as a result of a collective bargaining agreement between United Union of Roofers, Waterproofers, and Allied Workers Local Union No. 96 (the Local) and Twin City Roofing Contractors Association to provide termination or retirement benefits for eligible participants. The Plan is a multiemployer defined contribution retirement plan subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a joint board of trustees consisting of an equal number of union and employer representatives. Plan benefits are not insured by the Pension Benefit Guaranty Corporation.

An individual becomes eligible to participate in the Plan on the date one hour of work is completed for a contributing employer who has entered into a collective bargaining or other agreement with the Local, requiring contributions to the Plan on the participant's behalf, and those contributions have been received. Voluntary contributions from participants are not allowed under the Plan. Although participants are immediately vested in contributions plus actual earnings thereon, a participant, or the beneficiary of a deceased participant, may forfeit their account if there have been no contributions made on their behalf for a period of 60 months, the individual has had no contact with the Plan for a period of 60 months, and the Trustees, after exhausting reasonable search efforts, are unable to locate the participant or beneficiary. Forfeitures are available to reduce the expenses of the Plan. In the event the participant or beneficiary is later located, the value of the account as of the date of the forfeiture will be restored to the credit of the individual, and will be charged as an expense. There were no forfeitures for the years ended December 31, 2025 and 2024.

Participants direct the investment of contributions into various investment options offered by the Plan. In the absence of participant direction, contributions are invested in a qualified default investment alternative until changed by the participant. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investments selected by participants may cause their balances to be lower than the amounts contributed to the Plan on their behalf.

Participants' accounts are credited with employer contributions made on their behalf, as well as an allocation of Plan earnings or losses, based on participant earnings, account balances or specific participant transactions, as defined. An administrative fee is deducted from each participant's account. Fees charged per participant consist of the following: monthly plan administration fees of $2.60 and 1.09 basis points, quarterly recordkeeping fees of $18.75 and quarterly custodial fees, which are ratably allocated to all participants. Subsequent to year end, the Trustees approved an administrative fee holiday for calendar year 2026. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1. Description of the Plan (continued)

Distribution of a participant's account commences upon receiving written application for benefits and after any of the following events:

- A participant retires on or after age 62 or has begun receiving retirement benefits from the National Roofing Industry Pension Fund;
- A participant dies prior to becoming eligible for benefits;
- A participant becomes totally and permanently disabled; or
- A participant has not worked in covered employment for at least 12 consecutive months.

Net assets available for benefits include approximately $404,000 and $382,000 of an unallocated reserve at December 31, 2025 and 2024, respectively, which may be used to pay administrative costs incurred by the Plan.

Participants should refer to the summary plan description for more complete information.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Dividend income is recorded on the ex dividend date. Interest income is recorded on the accrual basis.

Employer Contributions Receivable - Employer contributions due and not paid at year end are recorded as contributions receivable. Employer contribution deficiencies established through payroll compliance audits are recognized upon settlement with the employer. An allowance for doubtful accounts is considered unnecessary and is not provided.

Employer Contribution Income - Employer contributions are recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 1 within a jurisdiction primarily located in Minnesota and select counties in Wisconsin.

Note 2. Summary of Significant Accounting Policies (continued)

Revenue Sharing - Revenue sharing income represents the portion of investment management fees that the investment manager has agreed to reimburse to help offset the cost of administrative services provided. Revenue sharing is allocated to those participants' accounts that generate the income.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no amounts allocated to participants who elected to withdraw from the Plan but were not paid at both December 31, 2025 and 2024.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through October 9, 2026, which is the date the financial statements were available to be issued.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries except that provision may be used for payment of necessary expenses resulting from termination of the Plan.

In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

Note 4. Tax Status

The Plan's latest determination letter is dated November 4, 2015, in which the Internal Revenue Service (IRS) stated that the Plan and related trust were designed in accordance with Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 4. Tax Status (continued)

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5. Fair Value Measurements (continued)

		Fair Value Measurements at 12/31/25 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 101,264,058	$ 101,264,058	$ -	$ -
Investments measured at net asset value:				
Stable value fund	1,364,538			
Total	$ 102,628,596			

		Fair Value Measurements at 12/31/24 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 88,606,774	$ 88,606,774	$ -	$ -
Investments measured at net asset value:				
Stable value fund	1,464,961			
Total	$ 90,071,735			

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Measurements Using Net Asset Value as a Practical Expedient

The stable value fund is valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Note 5. Fair Value Measurements (continued)

Measurements Using Net Asset Value as a Practical Expedient (continued)

The stable value fund is a direct filing entity (DFE) and files a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. Redemptions are available on a daily basis, but are limited to the contract value of the stable value fund and not the fair value.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, the Plan had a significant portion of its assets invested in three and two target-date mutual funds, respectively. These investments collectively represented approximately 77% and 58% of the Plan's net assets available for benefits at December 31, 2025 and 2024, respectively. It is reasonably possible that changes in the values of these investments could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the Plan's investments. Additionally, the investments within each participant-directed fund are future diversified into varied financial instruments.

Note 6. Funding Policy

Employer contributions to the Plan are made under various collective bargaining agreements. The hourly contribution rate for the majority of journeyworkers ranged from $3.99 to $4.69 during the years ended December 31, 2025 and 2024.

Note 7. Major Employers

Contributions from two employers accounted for approximately 32% and 28% of total contributions during the years ended December 31, 2025 and 2024, respectively. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting fixed administrative expenses until the appropriate adjustments were made.

Note 8. Related Organizations

The Plan has three related entities which include a labor union, a welfare plan and an apprentice and training fund, all of which are tax-exempt.

Contributions for the Plan and related organizations are received and deposited into the related welfare plan's operating account. Amounts owed are routinely transferred from the account to the respective organizations' cash accounts. Except for routine contributions in process, no amounts were due from the welfare plan for contributions received at either December 31, 2025 or 2024.

Note 9. Party-in-Interest Transactions

The Plan incurs expenses and receives reimbursements under several arrangements with service providers and receives contributions from employers under the terms of collective bargaining agreements. These transactions are considered exempt party-in-interest transactions under ERISA.

Report of Independent Auditors on Supplemental Schedules

To the Participants and Trustees of
Roofers Local No. 96 Annuity Fund

We have audited the financial statements of Roofers Local No. 96 Annuity Fund (the Plan) as of and for the years ended December 31, 2025 and 2024, and our report thereon dated October 9, 2026, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplemental Schedule 1 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
