INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Abbott - Action, Inc. 401(K) Profit Sharing Plan
Attleboro, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Abbott-Action, Inc. 401(K) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA section 103(a)(3)(C) [ERISA section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements. Management, having determined it is permissible in the circumstances, has elected to have the audit of Abbott- Action, Inc. 401(K) Profit Sharing Plan's financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Empower Trust Company, LLC, as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are

presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Abbott - Action, Inc. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Abbott - Action, Inc. 401(K) Profit Sharing Plan ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered

material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Abbott - Action, Inc. 401(K) Profit Sharing Plan internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Abbott - Action, Inc. 401(K) Profit Sharing Plan ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Delinquent Participant Contributions and Assets Held at the End of the Year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under

ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule matters that we identified during the audit that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Abbott-Action, Inc. 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established effective April 1, 1987. The Plan covers all employees of Abbott-Action, Inc. (the Company) who have completed 6 months and are age 21 or older. Full-time employees of the Company who have completed 1,000 hours during the Plan year and are age 21 or older are eligible to receive employer contributions, as defined. The Plan requires a participant to be employed as of year-end to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan's investment advisor determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Plan Administrator.

Contributions - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100 percent of the first $2,000 of base compensation that a participant contributes to the Plan. For the year ended December 31, 2025, there were no profit-sharing contributions to the Plan. Additional discretionary amounts may be contributed by the Company at the option of the Plan Administrator. For the year ended December 31, 2025, the Company approved a $175,049 discretionary contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at five percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

A participant is 0 percent vested after 1 year of credited service and continues to vest in increments of 20 percent until 100 percent vested after 6 years of credited service.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either lump sum amounts equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeiture Accounts - On December 31, 2025, and 2024, Plan forfeited nonvested accounts totaled $18,578 and $16,390, respectively, remaining in forfeited non-vested balance. During 2025 and 2024, employer match contributions were reduced by $23,092 and $33,324, respectively from forfeited non-vested accounts, in accordance with plan provisions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan’s investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to value investments are as follows:

• Mutual Funds – Valued at the daily closing price as reported by the fund. These prices represent the net asset value (NAV) of shares held by the Plan at year-end. Mutual funds are classified as Level 1 in the fair value hierarchy.

• Collective Investment Trusts (CITs) – Valued at the NAV per unit as determined by the trustee of the trust. NAV is based on the fair value of the underlying assets of the trust, less its liabilities, divided by the outstanding units at year-end. NAV is used as a practical expedient to estimate fair value, and accordingly, these investments are not classified within the fair value hierarchy.

• Guaranteed Investment Contracts (GICs) / Stable Value Fund – The Plan invests in the Key Guaranteed Portfolio Fund (KGPF), a fully benefit-responsive general account investment contract. The KGPF is reported at contract value, which represents contributions plus credited earnings, less participant withdrawals and administrative expenses. The fair value of the

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

contract is determined by using discounted cash flow models with observable market inputs (such as yield curves and credit spreads) and is disclosed in the notes as a Level 2 investment. Contract value is the relevant measurement attribute for the Statement of Net Assets Available for Benefits, as it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Realized gains and losses on security transactions are recorded as the difference between the proceeds received and the cost of the investments, using the specific identification method.

Excess Contributions Payable - Amounts payable to participants for contributions more than amounts allowed by the IRS are recorded as a liability with a corresponding increase to benefit payments. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

Revenue Recognition - On January 1, 2021, the Plan adopted the accounting guidance under Accounting Standards Codification Topic 606 (ASC 606), *Revenue from Contracts with Customers.* ASC 606 outlines a single comprehensive model for entities to utilize for revenues. The guidance is based on the principle that an entity should recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration to which the entity expects to be entitled in exchange for such goods or services. The Plan elected to adopt this guidance using the modified retrospective transition method. No adjustments to net assets were required as of January 1, 2019, as there was no impact to previously reported revenue or expenses associated with adopting ASC 606.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through October 1, 2026, which is the date the financial statements were available to be issued.

Reclassifications - Certain amounts have been reclassified in the 2024 financial statements to conform to the 2025 presentation, with no impact to net assets available for benefits.

NOTE C – FAIR VALUE MEASUREMENT

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodians as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule. Investments held and certified by the custodian in the accompanying statements of net assets available for benefits totaling $15,750,195 and $13,445,527 as of December 31, 2025, and 2024, respectively.

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in the active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair values measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used on December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the SEC. These funds are

NOTE C – FAIR VALUE MEASUREMENT (CONTINUED)

required to publish their daily net asset value and are required to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by the Company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note D). Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contracts terms (for example, minimum crediting rate, duration or payout date) while others are substantiated utilizing available market data (for example, discount rate).

Common Collective Trust (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchase and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2025, and 2024, respectively.

NOTE C – FAIR VALUE MEASUREMENT (CONTINUED)

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAVPE per share as of December 31, 2025, respectively.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
CCT	$1,190,727	n/a	Daily	Daily

NOTE D – GROUP ANNUITY CONTRACT WITH EMPOWER ANNUITY INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company (Empower) totaling $465,058 for 2025 and $529,115 for 2024. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The traditional investment contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The credit rate is based on a formula established by the contract issuer. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The guaranteed investment contract cannot be terminated prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE D – GROUP ANNUITY CONTRACT WITH EMPOWER ANNUITY INSURANCE COMPANY (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation; or,
4. A material amendment to the agreement without the consent of the issuer.

NOTE E – EXCESS CONTRIBUTIONS

Excess participant contributions totaling $6,247 were returned to certain active participants prior to March 15, 2026, for the 2025 plan year. Accordingly, benefit payments increased by $6,247. In addition, the Statement of Net Assets Available for Benefits as of December 31, 2025, includes an accrued liability of $6,247.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G – TAX STATUS

The Plan adopted a pre-approved plan offered by Abbott-Action, Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine tax audits by jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to informational return examinations for years prior to 2022.

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan utilizes a third-party custodian and record keeper, Empower Trust Company, LLC and Empower Annuity Insurance Company. Certain plan investments are shares of mutual funds and a guaranteed investment contract (GIC) managed by Empower; therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also provides administrative services to the Plan at no cost while also paying certain Plan expenses in the amount of $22,728 and $16,440 during the 2025 and 2024 plan year, respectively. All these party-in-interest transactions are exempt from the prohibited transaction rules.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Concentration of Credit Risk

The Plan's investments are exposed to various risks, including interest rate, market, and credit risk. Investment securities, in general, are exposed to credit risk due to possible default of the issuer. Securities of a single issuer that represents 10 percent or more of the Plan's net assets available for benefits are required to be disclosed.

NOTE I – RISKS AND UNCERTAINTIES

At December 31, 2025, the Plan held the following investments that individually represented 10 percent or more of the Plan's net assets available for benefits:

Investment	Fair Value	% of Net Assets
BlackRock Lifepath Index Retirement K	$1,834,300	11.65%
BlackRock Lifepath Index 2035 Fund	$3,155,772	20.00%
BlackRock Lifepath Index 2040 Fund	$2,126,143	13.,50%

NOTE J – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian of the Plan.

	2025	2024
Investments at fair value		
Mutual Funds	$ 14,094,410	$ 11,914,196
Common Collective Trust	1,190,727	1,002,216.00
Guaranteed Investment Contract	465,058	529,115
Investment Income	503,188	372,470
Net app/ (dep) in fair value of investments	1,659,806	1,020,021

NOTE K – INVESTMENT EXPENSES

The Plan's investment expenses are calculated for each fund based on the Asset Management Charge (AMC). The charges to each fund are not shown separately in the financial statements but rather are netted against the net appreciation of each individual fund and are disclosed to the participants on their individual statements.

NOTE L – REVENUE SHARING

Certain funds within the investment line-up, whose expense fee ratios provide for revenue sharing arrangements. Revenue-sharing credits received by the Plan are available to pay eligible Plan expenses or to be allocated to participant accounts in accordance with the Plan's terms and administrative procedures. For 2025 and 2024, the revenue sharing balances were $46,970 and $35,707, respectively.

NOTE M – COVID RESPONSE

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the United States of America. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. The COVID-19 outbreak in the United States of America has caused significant business disruption through mandated and voluntary closings of businesses and organizations across the country for non-essential services. While the disruption is expected to be temporary, there is considerable uncertainty about the duration of the disruption and business closings at the time of publication of these financial statements.

On May 11, 2023, the United Nations World Health Organization declared an end to COVID-19 as a public health emergency, stressing that it does not mean that the disease is no longer a global threat.

Any future financial impact on the Plan cannot be reasonably estimated at this time.

NOTE N – SUBSEQUENT EVENTS

Delinquent Participant Contributions

Subsequent to the Plan year ending December 31, 2025, the Plan Sponsor remitted certain participant contributions withheld from employee payrolls in August 2026, later than the time frame required by Department of Labor (DOL) regulations. The Plan Sponsor corrected the late remittance, including the calculation and deposit of lost earnings, if any, in accordance with the DOL's Voluntary Fiduciary Correction Program.

Management has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued and determined that no other events or transactions occurred that would require adjustment to or disclosure in the financial statements.
