INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Avanti Destinations 401(k) Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Avanti Destinations 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of Avanti Destinations 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established by Avanti Destinations, LLC (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws. The Company is a member of a controlled group including Avanti Destinations, LLC, Moonstone Properties, LLC, and Willamette International Travel.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements: Employees generally become eligible to participate upon attaining age 21 and completing six consecutive months of employment. An eligible employee enters the Plan on the first day of the Plan Year quarter coinciding with or next following satisfaction of those requirements. If an employee does not complete six consecutive months of employment beginning on the employee's employment commencement date, the service requirement may alternatively be satisfied by completing a Year of Service, as defined by the Plan.

Contributions
The Plan is funded through participant elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "roll over" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan allows for participant Roth deferrals, participant elective deferrals, participant rollover contributions, employer matching contributions, and employer profit-sharing contributions. The Plan includes a traditional automatic contribution arrangement. The automatic contribution provisions generally apply to employees who become participants on or after the effective date of the arrangement and do not apply to participants who were participating immediately before that date. Unless an affected participant makes an affirmative election, the Company withholds 4% of the participant's compensation from each payroll period as a pre-tax elective deferral. A participant may elect a different deferral percentage, including zero. The Plan does not provide for automatic escalation.

The Company may make discretionary profit-sharing contributions. To share in a profit-sharing contribution for a Plan Year, a participant generally must be employed on the last day of the Plan Year and complete a Year of Service, generally 1,000 hours of service. These allocation conditions are waived in the year of the participant's death or termination of employment on or after Normal Retirement Age, as provided by the Plan.

The Company elected to make a rigid discretionary matching contribution in 2025. In determining the matching contribution, only elective deferrals that do not exceed 4% of a participant's compensation are taken into account. The matching contribution allocated to a participant may not exceed $5,000 for a Plan Year. The matching contribution is determined on a Plan Year basis and is not conditioned on employment on the last day of the Plan Year or completion of a specified amount of service during the Plan Year.

Participant Accounts
Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan, continued

Vesting
Participants are fully vested in their elective deferrals, rollover contributions, and related earnings. Employer matching and profit-sharing contributions, together with related earnings, vest according to the following schedule: 25% after one year of service, 50% after two years of service, 75% after three years of service, and 100% after four years of service. For vesting purposes, a year of service generally requires at least 1,000 hours of service during a Plan Year. Participants become fully vested in these Employer contribution accounts upon death, upon attainment of Normal Retirement Age while employed, or upon termination of the Plan.

Forfeited Accounts
Forfeitures represent the unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used to reduce Company contributions, pay administrative expenses, or be reallocated as Company contributions.

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $4,460 and $5,841, respectively. During the year ended December 31, 2025, forfeited non-vested amounts of $25,501 were used to reduce employer contributions and $115 was used to pay Plan expenses.

Investment Options
Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. Participants have the opportunity to change their investment combinations on a daily basis.

Notes Receivable from Participants
Participants who are active employees may request loans in accordance with the Plan's written loan program. Loans have a minimum principal amount of $1,000 and may not exceed the lesser of 50% of the participant's vested account balance or $50,000, subject to applicable statutory reductions. Loans are secured by the participant's account balance, generally repaid through payroll deductions over a period not exceeding five years, and bear a fixed interest rate equal to 2% above the prime rate at origination. Interest rates on loans outstanding at December 31, 2025 and 2024 ranged from 5.25% to 10.50%, and 5.25% to 10.50%, respectively.

Benefits Paid to Participants
Upon termination of employment, disability, retirement, or death, a participant or beneficiary is entitled to the participant's vested account balance, subject to the terms of the Plan. A participant may elect to receive a distribution following termination of employment as soon as administratively feasible.

If the participant's vested account balance does not exceed $7,000, the balance is subject to mandatory distribution without participant consent. If a mandatory distribution exceeds $75 but does not exceed $7,000 and the participant makes no affirmative election, the amount is automatically rolled over to an Individual Retirement Account. Vested account balances exceeding $7,000 generally require participant consent and may be paid in a lump sum, installments, or partial withdrawals; eligible distributions may also be rolled over to another qualified retirement plan or Individual Retirement Account.

Plan Expenses
The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2 - Summary of Significant Accounting Policies

Termination of the Plan
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to the participant's account will become 100% vested. The Company will direct the distribution of the participant's account in a manner permitted by the Plan as soon as practicable.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Contributions
Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Subsequent events were evaluated through September 9, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Investments

The Plan's investments are held by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Noninterest-bearing cash
- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds, and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSAs can be redeemed on a daily basis, and each PSA has its own investment strategy. Participants should refer to each PSA's prospectus for a description of the PSA and its investment strategy.

Note 4 - Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV				6,516,999
Total investments at fair value				$ 6,516,999

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV				5,635,262
Total investments at fair value				$ 5,635,262

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

The investment strategies for these funds are as follows:

Income

These funds seek to maximize current income and provide inflation protection that earns current income consistent with inflation protected securities. Managers of the PIMCO Income Fund seeks to achieve its investment objectives by investing under normal circumstances at least 65% of its total assets in a multi-sector portfolio of Fixed Income Instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts or swap agreements. Fixed Income Instruments include bonds, debt securities, and other similar instruments issued by various U.S. and non-U.S. public- or private-sector entities. Managers of the DFA Inflation-Protected Securities Fund invests primarily in a universe of inflation protected securities that are structured to provide returns that at least keep up with the rate of inflation over the long term.

This fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The manager of this fund invests primarily in benefit responsive contracts issued by state regulated insurance companies and banks, including but not limited to John Hancock Life & Health Insurance Company.

Fund Names:	2025	2024
John Hancock Stable Value	$ 339,560	$ 170,133

Note 4 - Fair Value Measurements, continued

Growth

The majority of these funds seek to achieve the approximate aggregate total return of a broad U.S. domestic equity market index or to provide a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of equity securities of large domestic value companies based on a market index. The manager of the 500 Index Fund tries to match the performance of the S&P 500 Index by holding all, or a representative sample of, the securities that comprise the Index. Although slight differences may exist in the short term, the 500 Index portfolio and the S&P 500 Index are expected to perform similarly over the long run. The manager of the Nuveen Large-Cap Value Idx invests at least 80% of its assets in securities of the Russell 1000 Value Index. For purposes of the 80% investment policy, large-cap securities are securities of issuers with a capitalization equal to or greater than the top 80% of issuers by capitalization within the Russell 1000 Index at the time of purchase.

Note 5 - Stable Value Fund

The John Hancock Stable Value Fund has stabilizing contracts from multiple insurance companies to maintain the book value of the fund. Fully benefit-responsive contracts provide for a stated return on principal invested over a specified period and permit withdrawals at contract value for benefit payments or transfers. The contract has no stated maturity date.

There are no reserves against contract value for credit risk of the contract issuer. Crediting interest rates are generally reset monthly with the reset based on formulas which may use market value, book value, duration, and yield. The contract allows the Trust the right to delay certain plan or participant distributions up to 12 months. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Note 6 - Related-Party Transactions and Transactions with Parties-in-Interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $25,578 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan directly pays Pension Plan Specialists, PC for their services as the Plan's third-party administrator and John Hancock Life Insurance Company (U.S.A.) for recordkeeper services.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Tax Status

The Plan sponsor adopted a Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA sponsored by Pension Plan Specialists PC which received a favorable opinion letter dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not, based on the technical merits, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.
