RSM US LLP

Plan Trustees
Pacific Cataract and Laser Institute, Inc. PC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Pacific Cataract and Laser Institute, Inc. PC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, the schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Pacific Cataract and Laser Institute, Inc. PC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering substantially all nonunion, non-leased employees of Pacific Cataract and Laser Institute, Inc. (PC), PCLI Transportation, Inc., PCLI Alaska, Inc., and Pacific Eyecare Network, Inc. until its dissolution on September 15, 2025 (collectively, the Company), who are at least 18 years of age and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and participant investment options: Each year, participants may contribute up to 66% of their eligible compensation, on a pretax or post-tax basis, and any employer-paid cash bonuses, or the maximum amount allowed by law, whichever is less. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Upon enrollment in the Plan, a participant may direct the investment of their contributions into various investment options offered by the Plan. Currently, participants may direct the investment of their contributions into various registered investment company funds or a common collective trust fund. Participants may change their investment options daily. The Company provides a limited matching contribution of 50% of elective deferrals, including contributions from bonuses, which a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors; no additional amounts were contributed for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Code (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in all employee and employer contributions made to their participant accounts plus actual earnings.

Notes receivable from participants: A participant may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or a longer period for the purchase of a primary residence, and are due at various dates through April 2040. Loans are secured by the balance in a participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates range from 4.25% to 9.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account on a distribution date of the Plan year following separation from service. Participants with an accrued benefit of $5,000 or less will receive a lump sum equal to the value of his or her vested account on a distribution date following separation from service. The distribution date will be the earliest administratively feasible date determined by the Plan Administrator.

Note 1. Plan Description (Continued)

Revenue sharing account: Fees received from the Plan investments in the form of 12b-1 fees, sub-transfer agency fees and administrative servicing fees, are paid into an In Plan ERISA account within the Plan. Contractual fees for recordkeeping services and for other allowable plan administrative expenses are paid from this account or may be allocated to the participants at the discretion of the employer. For the year ended December 31, 2025, revenue sharing income received totaled $57,066 and expenses paid totaled $50,474. The balance of revenue sharing funds at December 31, 2025 and 2024, was $23,082 and $16,490, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. No allowances for credit losses have been recorded as of December 31, 2025 or 2024. Delinquent loans are treated as distributions, based on the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant directed.

Payment of benefits: Benefit payments to participants are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 25, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the SECURE 2.0 provision for Roth catch up contributions became effective. The Plan is taking a deemed approach meaning that participants will not need to make a new election. Participants' pre-tax election will automatically become a Roth contribution to catch-up for those over the $150,000 limit.

Note 3. Information Certified by Empower Trust Company, LLC, the Custodian

The following is a summary of the plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution:

	2025	2024
Registered investment companies	$ 92,870,959	$ 83,694,897
Common collective trust fund	9,919,061	8,570,178
Notes receivable from participants	628,936	578,332

The Plan custodian also certified to the completeness and accuracy of $7,565,323 of net appreciation in fair value of investments, $5,391,032 of dividends and interest, $57,066 of revenue sharing income, and $44,995 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common collective trust fund: The stable value collective trust fund is composed primarily of a fixed-income portfolio and fully benefit-responsive investment contracts that are valued at the NAV and units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value and would not be used if it became probable that the fund would sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following presents the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 92,870,959	$ -	$ -	$ 92,870,959
Investments measured at NAV (a)				9,919,061
Total investments at fair value				$ 102,790,020

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 83,694,897	$ -	$ -	$ 83,694,897
Investments measured at NAV (a)				8,570,178
Total investments at fair value				$ 92,265,075

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share:

	Fair Value Estimated Using NAV Per Share				
	Fair Value at December 31		Unfunded	Redemption	Redemption
	2025	2024	Commitment	Frequency	Notice Period
Common collective trust fund:					
Putnam Stable Value Fund	$ 9,919,061	$ 8,570,178	None	Daily	None

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Administration of Plan Assets

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company has retained the services of a third-party administrator to perform other administrative functions and also a consulting company to provide investment advisory services. Administrative expenses paid to the third-party administrator and investment fees are paid by the Plan, as allowed under the Plan documents. These parties are defined as parties in interest under ERISA.

Note 8. Related-Party Transactions and Party-in-Interest Transactions

Plan investments include registered investment companies and a common collective trust fund that are managed by Empower Trust Company, LLC, Plan custodian. These transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$103,418,956	$ 92,843,407
Deemed distributed loans	(84,046)	(45,541)

The following is a reconciliation of changes in net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31:

	2025
Changes in net assets available for benefits:	
Net increase in net assets available for benefits per the financial statements	$ 10,575,549
Deemed distributed loans during the year	(36,561)
Interest income on deemed distributed loans	(1,944)
Total net income per Form 5500	$ 10,537,044
