Research Products Corporation Incentive Savings Plan

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Research Products Corporation Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from  qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of Plan

The following description of Research Products Corporation Incentive Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

**General:** The Plan is a defined contribution plan covering all nonbargaining unit employees of Research Products Corporation (the Corporation or Plan Sponsor). There are no service requirements for employees to start deferral contributions or receive the matching contribution. A participant is eligible for the profit-sharing contribution upon working 1,000 hours within the plan year and is employed on the last day of the plan year. Additional eligibility requirements are waived under certain circumstances, as described in the Plan document. Employees are eligible the first of the month following employment. The Plan is administered by the Plan's 401(k) Committee, who has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports to the Corporation's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Participants in the Plan enter into a written agreement authorizing the Corporation to make wage deferral contributions based on an elected percentage of earnings or dollar amount per payroll period, up to the maximum amount allowed by the Internal Revenue Service (IRS). The Corporation will withhold 6% from the participant's compensation unless the participant elects a lesser (including 0%) or higher percentage under their salary reduction agreement. Those participants subject to automatic deferrals will have their deferral percentage escalated 1% per year, up to a maximum of 15%, unless the participant elects a contrary election. The first escalation went into effect January 1, 2023. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the Plan year may be eligible to make enhanced catch-up contributions as permitted under SECURE 2.0 and the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows for Roth elective deferrals to be made to the Plan. The Corporation, at its discretion, determines the matching contribution rate for the following year. The matching contribution rate for 2025 was 50% of the first 6% of salary deferred. The Corporation will not contribute matching contributions on catch-up contributions. A profit-sharing contribution, if any, is also determined by the Corporation at its discretion. For 2025, the Corporation made a profit-sharing contribution of approximately $3,093,000, and matching contributions of approximately $1,460,000.

**Participant accounts:** Each participant's account is credited with the participant's contribution and allocations of: (a) the Corporation's contributions and (b) Plan earnings and are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions and the Corporation's matching contributions, plus earnings/losses thereon. Vesting in the Corporation's profit-sharing contribution portion of their accounts, plus actual earnings/losses thereon, is based on years of credited service. Vesting in the Corporation's profit-sharing contribution portions of a participant's account occurs at the rate of 20% per year of credited service, and participants are 100% vested after five years. Participant will also be 100% vested in all accounts as a result of death or disability.

**Investment options:** Upon enrollment in the Plan, participants may direct the investment of their account balances into a variety of investment options, as more fully described in the Plan's literature. Participants may change their investment options daily. If no investment election is made by a participant, their contributions will be deposited into the T. Rowe Price Retirement Date Fund.

## Note 1. Description of Plan (Continued)

**Payment of benefits:** On termination of service due to death, disability, retirement or termination of service for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or in approximately equal cash installments payable at least annually.

**Forfeited accounts:** Forfeitures of participants' nonvested accounts are used to reduce the Corporation's matching and profit-sharing contributions or pay Plan expenses. At December 31, 2025 and 2024, forfeited nonvested accounts totaled approximately $180,600 and $79,900, respectively. In 2025, Corporation contributions were reduced by approximately $90,700 from forfeited nonvested accounts.

## Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Contributions:** Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Payment of benefits:** Benefits paid to participants are recorded when paid.

**Administrative expenses:** Administrative expenses of the Plan are paid by the Plan and expensed as incurred, unless otherwise paid by the Corporation at the Corporation's discretion. Expenses paid by the Corporation are excluded from the financial statements.

**Subsequent events:** The Plan's management has evaluated subsequent events through October 1, 2026, the date the financial statements were available to be issued.

### Note 3. Information Certified and Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (Empower), qualified institutions:

| | 2025 | 2024 |
|---|---|---|
| Investments, at fair value: | | |
| Shares of registered investment companies | $ 99,434,551 | $ 85,703,811 |
| Investments, at contract value: | | |
| Group annuity contract general account | 4,960,916 | 4,839,749 |

Empower also certified to the completeness and accuracy of $8,859,491 of net appreciation in fair value of investments and $4,703,111 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2025.

### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below.

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

### Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Shares of registered investment companies*:** Shares of registered investment companies are valued at the daily closing price, as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.

The tables below set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

| | 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Shares of registered investment companies | $ 99,434,551 | $ - | $ - | $ 99,434,551 |

| | 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Shares of registered investment companies | $ 85,703,811 | $ - | $ - | $ 85,703,811 |

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan's 401(k) Committee evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

### Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract issued by Empower Annuity Insurance Company of America. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contract held by the Plan at December 31, 2025 and 2024, was $4,960,916 and $4,839,749, respectively.

The Plan owns only the contracts themselves under a traditional investment contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

### Note 5. Fully Benefit-Responsive Investment Contract (Continued)

The traditional investment contract held by the Plan issued by Empower Annuity Insurance Company of America is a Fixed Account—Series Class VI Contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code

2. Premature termination of the contracts

3. Plan termination or merger

4. Changes to the Plan's prohibition on competing investment options

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines

2. A breach of material obligation under the contract

3. A material misrepresentation

4. A material amendment to the agreements without the consent of the issuer

### Note 6. Plan Termination

Although it has not expressed any intention to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### Note 7. Related-Party and Party-In-Interest Transactions

Empower Annuity Insurance Company of America, which is an affiliated company of Empower Trust Company, LLC, manages the investment contract held in the Plan. In addition, Empower Retirement Advisory Services, which is another affiliated company of Empower Trust Company, LLC, provides investment advisory services for the Plan. Empower Trust Company, LLC is a trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid to Empower Retirement Advisory Services amounted to approximately $86,100 for the year ended December 31, 2025.

Certain administrative functions are performed by officers or employees of the Corporation. No such officer or employee receives compensation from the Plan. Administrative expenses for the trustee's fees are paid directly by the Plan Sponsor.

### Note 8. Income Tax Status

The Plan has adopted a preapproved plan sponsored by Empower Retirement, LLC. The preapproved plan has received an opinion letter from the IRS as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the preapproved Plan received the opinion letter. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2025 and 2024, to Form 5500:

| | 2025 | 2024 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 107,847,571 | $ 93,261,008 |
| Participant contributions receivable | (256,571) | (197,580) |
| Corporation contributions receivable | (3,195,533) | (2,519,868) |
| Net assets available for benefits per the Form 5500 | $ 104,395,467 | $ 90,543,560 |

The following is a reconciliation of the statement of changes in net assets available for benefits for the year ended December 31, 2025, to Form 5500:

| | |
|---|---|
| Net increase in net assets available for benefits per the financial statements | $ 14,586,563 |
| Participant contributions | (58,991) |
| Corporation contributions | (675,665) |
| Transfer from other plan | (2,481,287) |
| Net increase in net assets available for benefits per the Form 5500 | $ 11,370,620 |

### Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balance and the amounts reported in the statements of net assets available for benefits.

### Note 11. Transfer to and From Other Plan

During the year ended December 31, 2025, participants transferred approximately $2,481,000 to this Plan from a related plan with the same Plan Sponsor.
