Independent Auditor's Report

To the Participants and Beneficiaries
Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Stryker Electrical Contracting, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all eligible employees of Stryker Electrical Contracting, Inc. and its affiliates (the "Sponsor" or the "Company") who are age 21 and have completed six (6) consecutive months of continuous (minimum 12 hours) of service, and are not members of the following classes of employees: (a) leased employees; (b) those subject to a collective bargaining agreement; and/or (c) non-resident aliens. Affiliates include Diversified Electrical Systems, Inc., and Stryker Electric and Air, Inc. Effective January 1, 2024, the Plan provides conditions or limitations on immediate participation to employees of Watt Texas, LLC dba Edge Electric hired on or before October 1, 2023. Eligible employees may enter the Plan on the earliest of the monthly enrollment dates following satisfactorily meeting eligibility criteria. Effective October 24, 2025, Watt Texas, LLC, dba Edge Electric was removed as a Participating Employer in the Plan and related assets were transferred out of the Plan.

The Plan Administrator is responsible for oversight of the Plan. The 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Sponsor's management. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Eligible participants may elect to make contributions to the Plan by means of a salary deferral agreement of up to 100% of their annual compensation, up to the maximum allowable amount under the Internal Revenue Code (the "IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows participants to designate certain salary deferral contributions as Roth elective contributions. Designated Roth contributions will be currently included in the gross taxable income of the participant, but distributions of designated Roth contributions and earnings thereon will be excludable from gross taxable income for that participant.

The Company may make matching contributions, at its discretion. The Company's matching contribution is a discretionary amount, to be allocated as a uniform percentage of matched employee contribution. Effective for the period from January 1, 2024 to December 31, 2025, the Company's Safe Harbor matching contribution percentage was 100% of the first 3% of each eligible participant's compensation, plus 50% of the amount of the participant's matched employee contribution that exceeded 3% of the participant's compensation but that did not exceed 5% of the participant's compensation. Further, the Company pays locally prevailing wages determined by the Department of Labor to applicable employees under the Davis-Bacon Act, which allows the contribution of the wage fringe benefit component to be an employer non-elective contribution. The respective employees are immediately 100% vested in these contributions, which must be made at the end of the Plan year.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments, as made available and determined by the plan administrator, in 1% increments. Participants may change their investment options daily. The Plan currently offers various investment options, including mutual funds, an insurance company investment contract, and a self-directed brokerage option.

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Each participant's account is reduced by any withdrawals or distributions and charged with an allocation of investment losses, if any, and may be charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. The portion of participants' accounts attributable to the Company's discretionary matching contributions become 100% vested after six years of credited service (at the rate of 20% per year starting with two years of vesting service), as defined in the Plan document. The Company's Davis-Bacon contributions are 100% vested immediately. Eligible participants are 100% vested upon death or becoming disabled. Upon termination of employment, the non-vested portion of a participant's account is forfeited.

Notes Receivable from Participants: Participants may borrow from their account balances with interest charged at a rate fixed by the Plan, which remains in effect for the duration of the loan. The maximum loan term is five years except for loans used for a primary residence, which may be as long as 15 years. The loans are secured by 50% of the vested portion of the participant's account. The maximum loan is $50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's vested account balance less any current outstanding loan balance. Principal and interest are repaid through payroll deductions. As of December 31, 2025 and 2024, the Plan had notes receivable from participants with principal balances totaling $127,609 and $71,218, respectively.

Payment of benefits: Upon retirement, death, total and permanent disability or other termination of service, a participant may elect to receive a lump-sum distribution equal to the participant's vested interest in his or her account. If a terminated participant's vested interest is less than $5,000, the plan administrator may distribute the vested interest as a lump-sum cash payment without the election of the participant. Upon the death of a participant, the vested balance of the participant's account is distributed to the participant's beneficiary.

The Plan also allows for in-service distributions of participant deferrals, prior to attaining age 59½, in the event of financial hardship. In-service distributions may be withdrawn on the Company's matching contributions after the participant attains age 59½.

Forfeitures: Forfeitures may be used to restore participant forfeitures, reduce future employer contributions or pay Plan expenses. During 2025 and 2024, $17,148 and $1,552, respectively, of forfeitures were used to reduce employer matching contributions and no forfeitures were used to pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments in mutual funds and self-directed brokerage accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fixed Select Insurance Contract is reported at contract value. Contract value represents contributions made under a contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions: Contributions from participants and the Company’s matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed annually under the IRC are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments to participants are recorded when paid.

Participant Withdrawal from the Plan: There were no participants who left the Plan at December 31, 2025 that had requested a distribution of their account balance.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3. Information Certified and Provided by Trustee

The following is a summary of the Plan's asset information for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Nationwide Life Insurance Company (Nationwide), the trustee of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2025	2024
Investments at fair value:		
Shares of registered investment companies	$ 4,419,621	$ 4,232,830
Government money market	3,608	13,986
Self-directed brokerage accounts	7,606	8,528
	$ 4,430,835	$ 4,255,344

Nationwide has certified to the completeness and accuracy of $665,781 and $488,556 of net appreciation in fair value of investments for the years ended December 31, 2025 and 2024, respectively.

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under that framework are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consists of common stocks that are valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,419,621	$ -	$ -	$ 4,419,621
Government money market	3,608	-	-	3,608
Self-directed brokerage accounts	7,606	-	-	7,606
	$ 4,430,835	$ -	$ -	$ 4,430,835

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,232,830	$ -	$ -	$ 4,232,830
Government money market	13,986	-	-	13,986
Self-directed brokerage accounts	8,528	-	-	8,528
	$ 4,255,344	$ -	$ -	$ 4,255,344

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Investment Contract with Insurance Company

The Plan holds a group fixed annuity contract, which is a fully-benefit responsive contract with Nationwide. The contract is a traditional investment contract that offers participants a conservative option and provides a competitive interest rate. Both principal and interest payments, minus applicable fees and expenses, are guaranteed by Nationwide. Because the annuity contract meets fully benefit-responsive investment contract criteria, it is reported at contract value in the accompanying Statements of Net Assets Available for Benefits.

The crediting rates for the years ended December 31, 2025 and 2024 ranged from 1.22% to 1.34% and from 1.34% to 1.70%, respectively. The contract does not have a maturity date and continues in force until all assets have been distributed and no further payments are due. Certain events would limit the Plan's ability to transact at contract value. However, the Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value are probable of occurring. The contract value was $510,802 and $555,743 as of December 31, 2025 and 2024, respectively.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and the funds of the Plan will be distributed based on individual participant balances.

Note 7. Related Party and Parties-in-Interest Transactions

Nationwide is the current trustee of the Plan; therefore, transactions with the current trustee qualify as party-in-interest transactions. The notes receivable from participants are also considered to be party-interest transactions. Fees paid to the current trustee by the Plan totaled $1,314 and $22,383 for the years ended December 31, 2025 and 2024, respectively. These transactions, while considered party-in-interest transactions under ERISA regulations, are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

Note 8. Tax Status

Effective January 1, 2022, the Plan adopted a prototype non-standardized profit-sharing plan sponsored by The Retirement Advantage, Inc., the Plan's third-party administrator. The prototype non-standardized profit-sharing plan has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, that the prototype non-standardized profit-sharing plan is acceptable with the applicable section of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable provisions of the IRC and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires the Plan's management to evaluate tax positions taken by the Plan, and recognize a tax liability if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2024 and 2025 financial statements related to SECURE Act 2.0.

Note 9. Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Note 10. Subsequent Events

Plan Merger

Subsequent to December 31, 2025, the Plan entered into an agreement to merge into the Stryker Electrical Contracting–RetireAssist PEP, a pooled employer plan. During 2026, the Plan's assets and related participant benefit obligations, including outstanding participant loans, were transferred to the pooled employer plan. Following the transfer, the Plan's trust account was closed. The merger occurred subsequent to December 31, 2025 and, accordingly, no adjustments have been made to the accompanying financial statements as of December 31, 2025.

Management has evaluated subsequent events through October 7, 2026, the date on which the financial statements were available to be issued. Other than as described above, there were no material subsequent events that required recognition or additional disclosure in these financial statements.
